Judging from a report of the County Home of the State, representative Transylvania County Home is one of the best in the State and far better than the majority. Some of them having none at all. The County Home is a good farm with fifty-five acres of bottom land and several in shaded building sites and pasture. The house is a good building made of concrete blocks with twelve or fourteen rooms, plastered and nicely finished inside, for a public building. There is also a neat cottage for the Superintendent, an extra two-room cottage, barn, etc. Last year the farm produced corn enough to feed the team kept on the place, three milk cows, to fatten pork, bacon, and laid to do the whole year, and they sold 400 bushels. They also made 849 bushels of sweet potatoes, 75 bushels of Irish potatoes, 88 gallons of molasses and 50 gallons of corn. They have plenty of chickens and sweet potatoes yet. The County Commissioners are to be commended for the splendid water system installed the past year. They have modern water conveniences in the home and also in the Superintendent's home. The Brevard Betterment with the cooperation of the Commissioners and the Baptist Ladies Aid have furnished the living room in the home very comfortably. Fourteen was the greatest number of inmates there during the past year. There are nine there now. They can have medical attention any

time it is needed from the County. The Laymen's Club sends representatives to hold religious services with them quite often. They are always remembered at Thanksgiving and Christmas by some of the women organizations in town. Mr. Whitmire, the Superintendent, is a good farmer and is very kind to and considerate of the needs of the poor and unfortunate ones under his care. Mathathian Club.
