WESTERN PIONEER TELLS INTERESTING EXPERIENCE

Frank Rikert, Who Left Illinois for California in Covered Wagon in 1864, Wouldn't Take \$100 for Bottle of Tanlac.

Frank Rikert, well-known resident of North Sacramento, Cal., who came to the state from Illinois in a covered wagon in 1864, along with other hardy pioneers, recently exhibited a bottle of Tanlac, which he had just purchased, to a friend at his home and remarked: "If I thought this was the last bottle of Tanlac I would ever be able to buy, I wouldn't take one hundred dollars for it," thus proving the high valuation

he places on the famous treatment. "I believe Tanlac really saved my life when I took it after the flu about a year ago," continued Mr. Rikert, "for the attack left me 20 pounds off in weight, and unable to turn over in my bed without assistance. I tell you, I thought my time had surely come." "But, thanks to my wife's insistence, I kept on taking Tanlac till I was able to do all my work again, had back all my lost weight, and I've been feeling years younger ever since. I'm always telling my friends about Tanlac, and can't say too much for it." Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.
