When you come into this bank, whether you are a depositor or a depositor-to-be, we want you to know that you are on friendly ground.

If you are not acquainted with the service rendered by this bank, come in and let's get acquainted. By knowing each other, we learn the things both are trying to accomplish and can work together for our best mutual interests. Your business is not only important to you, but it is important to us. We are engaged exclusively in the banking business, and are anxious to help you in every way possible to make your business a success. We are always glad to see you, and whenever you think we can be of assistance to you, come in! You will never find us too busy to take an active interest in anything that concerns your welfare.

Prosperity for the individual comes only through wise thinking, careful spending, hard work, right habits, methodical saving and safe investing. Think that over carefully and see if we are not right. Along with this, our bank stands ready to help you and all our facilities are at your command.

It is not all from selfish motives that this bank is prompted to advise you to save, it, of course, helps to build up a strong bank, but your savings also helps you. A community of frugal, saving people, who have more

in the bank, is always a prosperous community. You profit by keeping an account at our bank.

We are encouraging the young people to save by asking them to think and write on the subject of thrift, because we know that when they think on these things they will become more thrifty and their lives will mean more to the community and themselves by having made an effort along these lines.

See that your boy or girl enter the contest and write a story on thrift. Pisgah Bank is offering prizes totaling \$60.00 for the best stories on thrift.
