Experience as Nurse Causes Mrs. Fleming to Endorse Tanlac

Practical Nurse for 16 Years Tells of Recovery Thanks to Tanlac—Recommends It to Patients.

"I would never have believed any medicine on earth could help me like Tanlac did," is the precise statement of Mrs. Cella Fleming, 1915 Addison St., Berkeley, Calif., a practical nurse of sixteen years' experience. "In 1904 a serious operation weakened my system so I never saw a real well day until I took Tanlac three years ago. I never seemed to be hungry, my stomach was so disordered, I could scarcely retain a thing I ate,

and I lost weight till I was almost a shadow. I was very anemic, and shattered nerves and sleepless nights contributed even more to my already miserable state.

"Tanlac built up my appetite and digestion wonderfully, and every single ailment went away. Then, with returning strength came a 32-pound increase in weight, and from that day three years ago my health has been splendid. I recommend Tanlac to many of my patients, for it is indeed a remarkable medicine."

Tanlac is for sale by all good druggists. Over 40 million bottles sold. Accept no substitutes.

SELF-RISING Flour makes friends wherever it is used. Its economy, its healthfulness, its dependability, its delightful tastiness, its perfect leavening qualities—all these have won millions to it.

"I have used self-rising flour for many years. Biscuits and breads are lovely, and I get fine results with it for cakes," writes a Tennessee housewife. "I've never experienced an absolute failure when using self-rising flour," comments another. "I am thoroughly convinced that self-rising flour is a boon to the average housekeeper," says a lady from Mississippi. "I'd rather use it for cakes than any other flour," comes an endorsement from Alabama.
