**THE SHARPLES SEPARATOR COMPANY**  
West Chester, Pa.

Following are some of the opinions expressed by various professors and teachers in noted agricultural schools regarding the SHARPLES Allsteel Cream Separator that we are lending to farmers on Free Trial.

At Kansas University—"Well, I like that; it is so easy to turn and clean," and Prof. "that is the biggest little separator I ever saw."

At Nebraska University—"That is some separator; I can recommend that to any one," while the Prof. said, "It was the greatest separator they had ever seen."

At Missouri University—"That separator will crown the separator business in Missouri when people learn how easy it turns and what it does."

At Ohio University—"If we had not run it ourselves and tested it they would not believe it; sure have a wonderful machine."

At Ames—"You have made a big improvement in separators and are using the right methods, and want one as soon as possible."

Again at Illinois, Wisconsin, Purdue and other State Universities the Professors and authorities call the Allsteel Separator Wonderful.

## Delicious, Flaky PIE CRUSTS

BAKE your favorite pie from a crust made of self-rising flour. The wholesome, flaky texture will reveal to you a new delight in pie making. Many excellent cooks find self-rising flour without equal for all kinds of delicious pastries.

Mrs. G., who has been a self-rising flour enthusiast for 21 years writes: "I like self-rising flour for pie crust because it makes a crust so light that anyone loves it. . . . I also make a great many tarts. Self-rising flour is especially fine for short-cakes. I make them of every kind of fruit, both fresh and canned, as well as with creamed chicken, fish or oysters."

Self-rising flour comes with just the right amount of pure phosphate baking powder already mixed in to give perfect baking results. Nowhere can you buy a more healthful food—nowhere can you obtain more value for your money than in good self-rising flour.

FOLLOW THESE FIVE RULES For Making Perfect Biscuits with Self-Rising Flour. (1) See that your oven is hot! (2) Always use sweet milk or cold water; (3) Never add baking powder, soda or salt; (4) Use good shortening—lard, vegetable fat or butter; (5) Make soft dough—bake quickly.
