

Save the surface and you save all - *Renu-Lac*

Pee Gee RE-NU-LAC

Helps Keep the Home Beautiful

A GLANCE of the eye and the vigilant housewife notes the toll time is taking from the floors and furniture—even the bric-a-brac looks tarnished.

Does it bother her? Not a bit. With a brush and a can of Pee Gee Re-Nu-Lac it is simple indeed to restore a table or other furniture, bric-a-brac and whatnot to their original luster. It is no "temporary expedient"—it is a durable, water-proof, beautiful transformation.

It stains the surface and varnishes at the same time. Comes in twenty different colors including white, gold and silver. Let us demonstrate for you what it will do.

Cows Tuberculin Tested

Medical authorities insist that 25 per cent of tuberculosis in children is caused by drinking tubercular infected milk.

We protect our customers from this danger by having our herd tested yearly. We have just had our herd retested by a state veterinarian who gives every animal in our herd a clean bill of health. We appreciate the support our customers have given us in the past and will continue to give good services in the future.
