No. 26

ANOTHER PRIMARY

Raleigh, N. C., June 16th, 1924--The first chapter in primary contests for state nominations on the democratic ticket is completed; the second is in the making and this will be written on Saturday, July, 5th.

A. W. McLean of Robeson, is nominated for Governor by approximately 70,000 majority, over Josiah W. Bailey, of Wake.

J. Elmer Long, of Durham leading R. R. Reynolds for Lieutenant Governor by around 12,000 votes, becomes the nominee in the first primary by virtue of an agreement between himself and "Our Bob" that the high man should have the plum. Mr. Bowie did not subscribe to the agreement, however he came out third in the race and does not now figure in the calculation.

Baxter Durham wins for State Auditor, defeating J. P. Cook, of Concord, by 29,426 majority, according to latest unofficial returns from 1400 precincts.

Judge Pell defeated O. L. Carpenter for Corporation Commissioner with a majority of 42,252 to his credit.

Stacey Wade, against whom Frank Flowers, of Charlotte, entered for Insurance Commissioner at the eleventh hour, comes out 95,000 ahead of the game.

Durham, Pell and Wade had only one opponent each and, of course the contest in each case was settled in the first round. In no contest with more than two contenders did a candidate receive a majority.

For Commissioner of Labor and Printing, Shipman, running with three others, leads his nearest opponent, Grist, by 9,800 according to returns from 1,372 precincts, with Peterson and Nash running third and fourth, respectively.

Grist, second in the race for Commissioner of Labor and Printing, announces he will demand a second primary hoping from the votes cast for Peterson and Nash to overcome the Shipman lead in the primary of June 7th.

With two opponents against him W. A. Graham, Commissioner of Agriculture, leads Fred P. Latham, his nearest opponent, on returns from 1,482 precincts, by 16,987. Latham will also, enter the second primary.

Returns from 1,403 precincts give D. G. Brummitt, of Granville, for Attorney General a lead of 6,433. This calls for another scrap, although Charles Ross, second highest in the race, says he will not take the responsibility of calling another run-off contest. If a second primary is called he will "go in" since no additional expense to the State would be incurred.

It is estimated that the expenses of another primary will run around \$50,000 and the tax payers are not likely to relish the idea very much, especially for a few minor state offices. The second highest men have the right to another turn at the bat and are taking advantage of the privilege, regardless of "likes and dislikes."

The State Board of Elections is expected to make official announcement of the result of each contest early this week. The canvassing board has been in session several days and its work is now practically completed. Returns from the counties have come in slowly to the State Board of Elections. The newspapers have failed utterly to do more than approximate the relative standing of candidates except those running for leading places on the ticket Governor and Lieutenant Governor and those having only one opponent.

AWARDS FOR TRASH PILES

The awards for the largest trash piles on the recent Betterment Clean up Day were as follows:

Main Street, Thomas Hampton; Caldwell Street, Lance and Rickman children; Whitmire Street, Edna Allen; Cotton Mill Section, Mrs. Jones; Colored Town, Jones Mills.

IMPROVEMENT ON MAIN STREET

Mr. and Mrs. Harry Patton are remodeling an old building on their Main street lot and will make of it an attractive summer home.

They will rent their residence, thereby making room for another family to spend the summer in Brevard.

FOR SALE: Gaited Saddle Horse, sound. Apply Chestnut Hill Farm, Ste. Brevard, N. C.

CHAMBER OF COMMERCE

The new sign is in position, and shows up well. No danger of any difficulty in locating the Chamber of Commerce now.

Speaking of signs, how about the committee for naming all unnamed streets and alleys, getting ready for the job of marking the corners of all streets and alleys with appropriate street signs. That committee's report should be in, and acted on at once.

The new booklets are on hand. Many have already been distributed and more at the office. They will illustrate "The Land of Waterfalls" and are a credit to the booklet committee.

A number of visitors have arrived by auto from Florida and reports good roads, and traveling easy and enjoyable.

We are still working for the early establishment of one or more fish hatcheries in the Pisgah National Forest. Of course the Government's plans include fish hatcheries in the National Forests. But the work now is to get those plans hurried up enough to have the hatcheries in operation at an early date. Since the partial destruction of the hatcheries that formerly furnished young trout for this section, the supply has been inadequate, both for the National Forest and for the rest of the county.

The supply of available summer cottages is being rapidly filled. Brevard visitors can easily use more than the present supply. The various property owners are losing a good bet by not building more summer cottages.

Brevard has a lot of visitors on the streets. The hot weather has just been with us for a few days, indications are that the whole section will be crowded in a very few days.

The golf subject is up once more. Some talk of a course being established by outside parties.

Koad maps are much in demand. A fresh supply from Raleigh.

The directors of the various camp schools are all on the job, getting ready for opening. Looks like a heavy season for camp schools. The more, the merrier. Also, there is already talk of a couple of additional camp schools for next season.

Our register, during the past few days, shows visitors from the Carolinas, Florida, Georgia, Louisiana, Alabama, as well as from a number of more distant states.

A glance at the cars parked on Main Street one day this week showed license numbers from N. C., S. C. Fla., Ga., Ala., La., Tenn., Va., Mich., Penn., N. Y., Md., and Ohio. A fairly diverse registration to appear in less than three blocks.

Many are taking the trip to Pisgah, and report good roads, and the scenic effects marvelous. Few seem to remember that the route over Pisgah to Asheville is hardly so far as the regular route usually taken.

As the hotels and boarding houses fill up, it becomes more and more important to keep the secretary informed as to the available space. For a visitor to come in and call on one house after another, only to find that the place is crowded, advertises the fact that the town is full of visitors, but does not add to the comfort of the visitor. Those taking boarders can help themselves and us by keeping the secretary posted as to how much space they still have available.

If you wish information, phone 121. If you have any information, phone 121.

Secretary.

BOY SCOUTS ENJOYING VACATION

The Scouts are enjoying their annual outing. They went in their own truck to Myrtle Beach, S. C.

We understand they have had some thrilling adventures. Next week we hope to have a full account of the trip.

READABLE ARTICLES

Sometimes we are criticized for delaying the publishing of an article.

There are many reasons for this delay; Lack of space, no signature and sometimes merely a camouflaged advertisement; but last but not the least by any means, articles that are nearly impossible to even be read by the writer themselves.

FOR SALE--7 Well bred thrifty Pigs, ten weeks old at six dollars each. F. D. Hunter, 1 t c

MR. AND MRS. E. H. NORWOOD CELEBRATE THEIR SILVER WEDDING ANNIVERSARY

The handsome Norwood home on Probarte Avenue was never lovelier than on Sunday and Monday evening when the silver wedding anniversary of the Norwoods was celebrated.

The ivy covered brick walls, the Hedges, shrubs and blossoming roses were a fitting introduction to the scene within.

The spacious rooms were beautifully decorated with white roses and mountain laurel.

On Sunday, June 15, which was the real anniversary, Mr. and Mrs. Norwood entertained with an elegant dining a few intimate friends. Those present were: Rev. C. D. Chapman, Rev. J. C. Seagle, Mr. and Mrs. David G. Ward, Mr. and Mrs. J. S. Silverstein, Mrs. Pereira of Oakland California, Mrs. Baker of Augusta Ga., Miss Rosa Wiggs, of Raleigh, Harold Norwood of Greensboro.

On Monday evening from seven o'clock to twelve the bride and groom of twenty-five years ago received their many friends.

Mrs. Norwood wore a beautiful gown of silver gray net and cluny lace. Draped as a scarf she wore the exquisite lace which was the wedding veil of her great, great grand mother and had been handed on to the brides of each, succeeding generation.

The invited guests were the members of the various organizations of which Mrs. Norwood is president. The Betterment Association, Mathatsonian Club, Wesley, Bible class, The Missionary Society of the Methodist church, the neighbors, and a few intimate friends. The out of town guests were the son of the house, Harold Norwood of Greensboro, Miss Rosa Wiggs of Raleigh, Mrs. Pereira of Oakland, California Mrs. Baker of Augusta Ga., and Mrs. John Glenn of Hendersonville.

The members of the Mathatsonian Club formed the reception committee. The favors of silvered ivy leaves were pinned on by Mrs. Ralph R. Fisher, the youngest bride of the club.

Mrs. Hugh E. Walker sang with fine feeling a number of love songs.

A large number of handsome presents attested the popularity of this couple who occupy so large a place in the community. Mr. Norwood is a prominent architect who has planned many of the best modern buildings of the town.

Mrs. Norwood is a woman of rare talent and great executive ability.

Mrs. Norwood is descended from an old family of Scotland. Mr. Norwood is from England. They came to this country, met in St. Petersburg, and were married in Lake Pasadena, Fla., twenty-five years ago.

CLEAN UP DAY EVERY DAY

Once more the Betterment has endeavored to clean up the town.

While this association is glad to help in this good work, it should not be necessary. The town should be kept clean, especially in the summer. There are too many babies in Brevard to allow filth to accumulate and flies to breed.

Burn everything which can be burned. All refuse must be dumped somewhere, until we can afford to have an incinerator. It isn't as harmful when out in the open, far from human habitation, but it is still dangerous.

The town authorities are willing to do their part. Phone the Mayor or the street superintendent on Wednesday and Saturday and a truck will call for trash and haul it away at no expense to you. This is not a new service and is not for summer alone. If your neighbor doesn't know of this service tell her. Let's all clean up and KEEP CLEAN.

We have an excellent health ordinance. It can and will be enforced if you do your duty.

CARD OF THANKS

The soliciting committee for the rummage sale wishes to thank Mr. T. W. Whitmire, for the loan of his building; Mr. O. L. Erwin for drayage, and all of those who so generously contributed. The sale was a success, the Betterment realizing between eighty five and ninety dollars which will be used toward school and school ground improvements. Mrs. Ralph Fisher, Mrs. Mack Allison, Mrs. Harry Patton, Mrs. Rachel Wilson, Mrs. C. B. Deaver.

BLANTYRE BREEZES

Mr Oat Morgan motored to Brevard Saturday evening.

Miss Reba Alexander is visiting her sister Mrs Will Norman of this place.

Mr. Clarence Brown of Boylston visited his uncle Mr. C. S. Sims Sunday.

The farmers of Blantyre are very busy working their crops.

Mr. John Moody of this place who has been working on Mills River for Carr Lumber Co., got his foot badly injured recently.

Little Miss Mary Ellen Reed is visiting her grandfather Mr. E. M. Reed of East Flat Rock, N. C.

Mr. Malvin Morgan visited his father Mr. Oat Morgan near Blantyre Sunday.

Mrs. S. A. Sims of this place who has been ill for some time is now improving.

There were a large number from this place attended the singing at Turkey Creek Sunday afternoon.

Miss Fannie Reed of East Flat Rock, N. C. visited her brother Mr. John Reed and family.

"Pansy."

THE DETOUR--ROAD MEN PLEASE PAY ATTENTION

The people are now required to detour from Brevard to Selica, by way of the Island Ford Road. This detour should be kept in good condition, the people are entitled to a good road and will require a good road, our own people and the many strangers in the country.

The man whose business it is to keep this road in repair is expected to do his duty. The road should be inspected by him several times each week. He should not wait to hear the complaints of the public.

The most of this road is now rough enough to suit an Indian.

For wet weather a little bridge should be placed over stream, opposite the Joe Duckworth place.

At the foot of the hill opposite the Symington place, going to Selica Bridge, the ruts and mud are too bad for an ox wagon, they are even too bad for a Ford.

The down grade from Selica school house to the railroad bridge should have sand, this spot cannot be traveled in wet weather without chains.

The mud and bog holes, ruts around upper side of the Hunter place are a disgrace to any system of road work.

Will our County Commissioners please see that this road is kept in a proper condition, so that it will bear the heavy travel this season.

C. W. Hunt.

PROTECT THE EMBANKMENTS OF OUR HIGHWAYS

Yes, save the highways--where ever there is a fill or embankment--plant swamp willows and honey suckles to prevent washes and caving in of the banks, this will save many hundreds, yes, many thousand dollars.

Why neglect the embankments and leave them to the destructive influences of the storms?

When a washout occurs--teams, men and material at a great expense are required to repair the bank.

Why not aid nature to protect these banks and thereby save a lot of time, work and money? This is not visionary, it is quite practical--ask any of the road builders if above statement is not correct.

Which one of our County officials will take up this matter?

I would like to hear from our County Commissioners through this paper--giving their views of the matter.

C. W. H.

RUM RUNNERS CAUGHT

Eck Sims and Revenue agent Swann captured a Ford car with two gallons of liquor and three men near Rosman Sunday night.

NEWS PAPERS

Mr. Good Citizen do you take your home paper? If it suits you take it, if it does not suit you take it and aid in making it what you think it should be. Take your home paper and help thereby to build up your town and county. If you take a paper from a near by town or city, select one that aids in helping to build up your town and county, one that gives a fair deal to your home town and county.

The Brevard News will be \$2.00 per year beginning July 1st., 1924.

DRYSDALE -- LYNCH

The following notice which appeared in the Florida Times Union will be of interest to many Brevard friends of Miss Drysdale who has spent much time here with her aunt, Mrs. Alfred E. Hampton:

"A quiet but beautiful event of early yesterday afternoon, and one in which much cordial interest centers, was the marriage of Miss Winifred Lanier Drysdale, daughter of Mrs. Richard D. Drysdale, to Mr. Walter Christopher Lynch, which took place at 12:30 o'clock in St. John's Episcopal church.

Relatives and a number of admiring friends of the popular young couple witnessed the nuptial ceremony, which was performed by Rev. D. Van Winter Shields, rector of St. John's.

The church decorations were characterized by their simplicity, palms, ferns and other plants being tastefully combined with lillies and other summer flowers, a green and white color motif being carried out.

The bride was unattended, and was given in marriage by her brother, Mr. Richard D. Drysdale. She was charming in a modish gown of log-cabin brown silk crepe with stripes of butterfly velvet in the same shade. The waist was fashioned with vest effect in accordin plaited and getorgette crepe, with collar and cuffs of plaitings edged in a shade of brown harmonizing with the gown. Her hat, a close fitting model, was of sand crepe de chine, embroidered and braided in sand and brown, and her slippers and other accessories were in sand.

She carried a prayer book from which were showered lillies of the valley. Following the ceremony an informal wedding buffet breakfast was served at the home of the bride. A variety of summer flowers were used in decorating, and following the breakfast Mr. and Mrs. Lynch sailed on the Clyde liner Lenape for New York city, planning to spend their honeymoon in the East. On their return they will be at home to their friends at 35 west Church street.

The bride is a charming Jacksonville girl, and both she and her husband are members of well known Jacksonville families. Mr. Lynch, who is assistant editor of the Sports Department of the Florida Times Union, is a son of Mrs. O. P. Havens. Both young people have a host of friends who will learn with interest of their marriage, and will wish them every happiness in their married life.

Improvements at Presbyter-ian Church

The Presbyterian church is now one of the most attractive Auditoriums in Brevard. The old church has been moved back and joined to the Hut with the side to the street.

One enters a roomy vestibule at the south east corner of the church. Just beyond the vestibule is a stair way leading up to places for three Sunday School classes.

Down stairs at this end are places for three other classes.

The auditorium will be divided by rolling curtains.

The Hut, with its kitchenette fitted with all conveniences, and the large screened porch commanding a magnificent view, will still be used for the social activities of the church.

The air of spaciousness as one enters the door and the artistic arrangement of choir loft and pulpit at one end and the balconies at the other end is most agreeable.

Mr. Hay is a very popular pastor and has done much for the young men of the community.

The Presbyterian choir numbers several of our finest musicians.

Its several attraction will make this church very popular with our summer visitors.

The Brevard News will be \$2.00 per year beginning July 1st., 1924.

LITTLE RIVER NEWS

Mrs. Bertha Wooten of Greenville, S. C., is visiting Mr. and Mrs. H. C. Baynard.

Miss Mary Kilpatrick has returned home from Hickory N. C.

Miss Nellie Nicholson and Mrs. Grace Picklesimer have returned to Greenville, S. C., after a visit with Mr. and Mrs. H. P. Nicholson.

Miss Elsie Ray has returned to Hendersonville where she will attend summer school.

Many friends will be sorry to hear of the accident of Charlie McGravy getting his leg broke by a wheel turning over with him.

The Brevard News will be \$2.00 per year beginning July 1st., 1924.

THE PRAYER CORNER

Gods Bee's
There's an old saying that:
"A swarm in May,
Is worth a load of hay;
A swarm in June,
Is worth a Silver Spoon;
A swarm in July,
Is not worth a fly."

"June is our opportunity and we may as well embrace it. May has gone and we have only the present time which if we will improve will be of more value than "A Silver Spoon." We are all God's bees, gathering honey for His Hive I trust."

"Oh how much sweetness there is around us! Life's meadows are overflowing with rich and rare perfume flowers are springing everywhere."

Let us store up honey for the future: loving and gentle words, little unexpected kindnesses, charitable deeds, and daily sacrifices--these will come back to us in:

"Golden Honey"

For

"The Hive of Eternity"

A PRAYER

O Lord God almighty, Thou art worthy to receive glory and honor and power; for Thou hast created all things and for Thy pleasure, they are and were created, whether they be insects or birds or animals or man, and we know Dear Lord that Thou lovest them all. Help us to love them too and learn the lesson they have to teach us especially at this time the lesson the bees teach us. We remember a song we learned in childhood:

"How doeth the little busy bee, improve each shining hour. And gather honey all the day, from every opening flower."

May we learn the lesson Thou hast sent it to teach us. We have only the present time. Help us to improve it.

We are all Thy bees, gathering honey for Thy Hive. Enable us to see how much sweetness there is around us. Life's meadows are overflowing with rich and rare perfumes and flowers are springing everywhere. Give us grace to store up honey for the future, that time comes to us all, when the shadows lengthen and the evening comes and the fever of life is over and our work is done.

Oh help us now to store up honey for little unexpected kindnesses, loving and gentle words, charitable deeds, and daily sacrifices for whether sooner or later that time will come. So these words and kindnesses and deeds and sacrifices shall come back to us in "Golden Honey for The Hive of Eternity" and this we ask in the name of Him who went about doing good, Thy Son, our Lord and savior, Jesus Christ and who has left us an example that we should follow His Steps, Amen.

C. D. C.

MRS. NICHOLS ENTERTAINS

Despite the inclement weather a large number of the members of the Fortnightly Club gathered together Monday afternoon, June 9, at the home of Mrs. Z. W. Nichols on Main street.

The subject of the program was "Transylvania County," and was very interesting especially so as it called to mind the history of some of the most interesting locations at the present time.

The subject to be studied for another year, was discussed and "Birds and Butterflies" was unanimously voted for.

The president appointed a committee to outline the program, Mrs. Robert Y. Neel, chairman, Mrs. J. S. Zachary and Mrs. Cordia J. King.

Mrs. Nichols had planned to give the members of the club a lawn party as this was the last meeting for the year, but on account of weather she entertained on the front porch, which was beautifully decorated with mountain laurel and roses.

A delicious ice course with candy and mints was served by the hostess assisted by Misses Sugg and Stradley.

Those who enjoyed the hospitality of the charming hostess besides the club members were: Mrs. D. L. English, Mrs. Jolly, of Cleveland, O. Mrs. J. R. Trowbridge, Mrs. C. J. Hodges, Mrs. Taylor, Misses Ethel Sugg and Margaret Stradley.

The club will have its first meeting for the New Year on the first Monday in September.

WANTED TO RENT--A Baby Carriage through the summer. Write postoffice box 171.
