

EAST FORK NEWS

Mr. Will Kimsey of Conestee, was on East Fork last Thursday, handling beef cattle, or at least he bought one fat cow for beef, and... he was beef cattle hunting. Of course he wasn't carrying a gun or a fishing pole.

There have been some trading going on in our settlement just for a change. Charlie Gillespie has sold his "junny." B. A. Gillespie sold a cow last week, also bought one.—Yes and some of the Farmers have bought their fertilizer.

Mr. L. J. Whiteire, of South Carolina, was here recently with relatives on East Fork.

Rev. and Mrs. Eli Simpson have returned to their home in South Carolina. They were accompanied by Mr. L. J. Whiteire, Mrs. Chapman, and also Carry Whitmore. It is thought the group will be headed to the home of Mrs. Whiteire in Cary. We hope for those two a happy journey.

Mr. and Mrs. G. W. and children of the town of East Fork, were in the town of East Fork, N. C. last week. They were in the town of East Fork, N. C. last week. They were in the town of East Fork, N. C. last week. They were in the town of East Fork, N. C. last week.

The children presented an exceedingly attractive and dainty appearance on the stage with their pretty, appropriate and pleasingly harmonizing costumes. Among the many well-rendered choruses and solos given by the children, those deserving special mention were the sweet pea chorus, and the violet and daisy solos.

Mrs. F. P. Sledge, teacher of 3-B grade, directed this delightful little play, with Miss Jones as piano assistant.

Don't plant white Irish potatoes for seed but use seed pieces at least two ounces in weight for economy and good results. Cut the tuber into blocky pieces so that it may be handled easily and will not lose moisture, rapidly, advise horticultural workers of State College.

ROCKY MOUNTAIN QUARTET DELIGHTS LARGE AUDIENCE

The Rocky Mountain Quartet presented a varied and attractive program Wednesday evening, April 8, at the high school auditorium.

Mr. Hubert Morris, manager, impressed his audience as an artist of rare versatile genius. The other members of the personnel displayed, also, remarkable ability in their respective roles. The rendition of music on their different instruments displayed unusual talent on the part of the performers. Their imitation of Hawaiian instruments was indeed novel and original, and afforded great amusement to the audience. A duet with the xylophone and organ chimes, both inventions of Mr. Morris, proved highly enjoyable and was received with apparent appreciation on the part of the audience. Mr. Morris' ability to manipulate his little handmade, one-string fiddle in such a way as to actually make it talk, was truly marvelous.
