

NORTH CAROLINA, TRANSYLVANIA COUNTY.
In the Superior Court, July-August Term, 1925.
James Hemphill
vs.
Geneva Hemphill.

The defendant above named will take notice that an action entitled as above has been commenced against her by the plaintiff, in the Superior Court of Transylvania County, North Carolina, for the purpose of securing from the defendant an absolute divorce from the bonds of matrimony now existing between them; and the said defendant will further take notice that she is required to appear before the Clerk of the Superior Court of Transylvania County, North Carolina, on the 13th day of July, 1925, and answer or demur to the complaint in said action or the relief demanded in said complaint will be granted.
This June 10th, 1925.
N. A. MULLER,
Clerk Superior Court, Transylvania County, N. C.

ALL is not Oil that oozes, NOT BY A QUARTFUL

Anybody can make an oil that will lubricate, but it takes years of experience to refine an oil that will stand heat, speed, pressure, narrow clearances, and still do a thorough job of lubricating your motor.

"STANDARD" PATENTS MOTOR OILS

Based on over 50 years' experience

DISTRIBUTION OF AUTOMOBILE TAGS BEGAN LAST MONDAY

The annual distribution of license plates to North Carolina automobile owners began Monday at the State Automobile License Bureau, Raleigh, and also at its 59 branch offices in the larger towns and cities in the State.

Letters have gone out to all of last year's purchasers enclosing application blanks and announcing that no checks will be accepted in payment, on account of the fact that last year the bureau was given considerable trouble by returned checks. Payment must be made by money order at the Raleigh office, or by cash, at any of the branch offices.

Brevard's nearest branch office is in Asheville, located in the McArthur Building, on Market street, where cash only will be accepted for license plates and no mail orders received.

It is estimated that approximately 400,000 tags will be distributed in the State this year.

SAVE GRAPE CROP BY PROPER SPRAYING

Raleigh, N. C., June 15.—It is not unusual for a third or more of the crop of bunch grapes to be destroyed by specking and rotting a short while before maturity.

The way to prevent this heavy loss is to spray with the Bordeaux Mixture which may be prepared in large or small quantities in the proportion of three pounds of bluestone and four pounds of stone lime to fifty gallons of water.

"Bunch grapes are more seriously affected by attacks of black rot and anthracnose than are the muscadine and scuppernon varieties, yet many demonstrations have proven that by proper spraying these diseases may be controlled," says G. W. Fant, extension plant disease specialist at State College. "We recommend the Bordeaux mixture. If fifty gallons of spray are needed, dissolve the three pounds of bluestones in twenty-five gallons of water. Slake four pounds of stone lime in a separate container, slowly, with water when the slaking has ceased, dilute with water to make twenty-five gallons and strain. Pour the two solutions together, simultaneously, into the spray tank while stirring thoroughly.

Mr. Fant states that in order to protect the grapes as they develop, the spray should be applied every two weeks and the work needs to be thoroughly done.

One pound of lead arsenate powder is added to each fifty gallons for the control of insects. The spray is then ready to apply."

Mr. Fant states that in order to protect the grapes as they develop, the spray should be applied every two weeks and the work needs to be thoroughly done.

ADDED ATTRACTION TO NORTH CAROLINA FAIR

Raleigh, N. C., June 15.—An added feature of the swine show at the North Carolina State Fair to be held in Raleigh during the week of October 12 to 17 is a barrow class to be put on under the direction of W. W. Shay, swine extension specialist at State College.

According to an announcement that Mr. Shay has sent to all farm agents and to swine growers over the State, a total of \$498 will be offered in premiums on ten classes of barrows. The classification has been arranged to admit barrows of two different ages including those farrowed after January first of this year and those farrowed on or after March first. Mr. Shay states that there will be eight premiums paid in each of the single classes and seven premiums paid in each class for pens of three animals and pens of five animals.

Premiums on the singles will start at \$12 and the first five places carry a total of premiums amounting to \$41. The premiums on pens of threes start at \$18 and the first five placings will total \$63. The premiums on pens of fives start at \$20 and the first five placings will total \$75.

In addition to these, the champion will win \$10 and the reserve champion will win \$5. The same is true for the champion pen of three barrows. The champion pen of five barrows will win \$20 and the reserve champion, \$10. The sweepstakes pen of three or five barrows will be given \$20.

Mr. Shay states that should the five best barrows at the fair in either age class be owned by one exhibitor, it would be possible for this exhibitor to win a total of \$144.

If enough exhibits are sent to the fair to make a carload, arrangements will be made by E. V. Walborn, manager of the fair, to sell all barrows on the fair grounds.

If states want economy, let them fill their legislatures with wives they'll run public business as they have their own.

The hit-and-run is all right for the ball player but all wrong for the motorist.

It's collecting the living the world owes you that makes living interesting.

DAVIDSON RIVER

Gentlemen: For the past five years I have been a subscriber for the Brevard News, have read and re-read the articles from the different parts of the County, State and U. S., with interest, but to date have been unable to have the pleasure of seeing a line from the pleasant zone of Davidson River, N. C., but wish to say that we are on the map, and business is picking up in this section.

I will start the ball to rolling if you wish, and with the school marm, merchants, contractors, post masters, artists, and other energetic people, that this place is blessed with. We should keep it rolling, and hope they will.

The ground is now being cleared for the proposed two-hundred-room hotel on the lands of Mrs. C. T. Dorsett, of Washington, D. C. This project is known as the Evergreen Ridges Development Co. Mrs. Dorsett is not sure she will have this ready this season, but hopes to have the time to have things in trim by next season.

Mr. A. H. Pickelsimer, one of our progressive merchants, has just about completed his two story store building on the corner of the Ledbetter lands, and this building, when completed, will add much to the attraction of this section.

Mr. J. J. Patton has bought the Dr. Ledbetter property, that was once leased by Mr. A. H. Pickelsimer, and is building an up-to-date filling station and garage, which will be equipped with electric lights, as well as other modern conveniences.

It is also Mr. Patton's intention to begin at an early date, the erection of a beautiful brick bungalow on the above mentioned property. This will also be modern in every way, and the Cascade Power Co.'s new electric power line that has just been completed from Penrose to Pisgah Forest, will furnish this section with the "juice" for lighting.

Mrs. Bates Patton has just completed a nice brick bungalow, installed electric lights in all her other buildings, will soon begin the erection of another, and by and by will have a town of her own. She is the live wire of the burg.— started the building fever in this section, and others then got busy.

Miss Annie-Mae Patton is attending the summer school in Asheville. While she is known by all to be an accomplished teacher, she thinks there is a little room left for improvements, and is availing herself of the opportunity.

The road men are showing some skill in road building in this section and are making wonderful improvements.

The many friends of Mr. James Mills were very glad indeed to see his smiling face back on the job, for he believes in doing things right.

The drought was broken in this section on the 18th. In fact, we had one of the heaviest rainfalls, we have seen in months, with a little hail, but no crop damage.

I notice the article from East Fork, in which the writer seems to think that the bean beetle will no longer bother around the Methodist Church. If such is the case I wish we had some more good old Shouting Methodists in this section, for the beetle is bad.

MRS. J. A. GALLOWAY DIES

Mrs. J. A. Galloway died Friday June 12, at two-thirty o'clock in the morning, at her home on Cascade Avenue. Funeral services were conducted from the residence Saturday afternoon, at two o'clock, by Rev. J. B. Willis, pastor of First Baptist Church, Hamlet, N. C. The body was laid to rest in Oak Grove cemetery.

Mrs. Galloway is survived by her husband, one son, Coleman Galloway, of Brevard, and three daughters, Mrs. Bumgarner, of Whitesides Mountain, Mrs. Barrett, of Pickens, S. C., and Mrs. Chappell, of Pickens.

The following men acted as pallbearers: N. A. Miller, R. P. Kilpatrick, F. E. Shuford, M. A. Mull, W. M. Henry, A. W. Barnett.

CARD OF THANKS

We, the Advertising Committee, in behalf of the Betterment wish to thank Mr. T. H. Shipman for the use of his building in which our Rumage Sale was conducted.

Mrs. C. B. Deaver,
Mrs. W. E. Breese,
Committee.

The confidence man is one who churns the butter out of the milk of human kindness.

A business magazine asks which business has bootleggers, but Chicago has no desire to drop so far in population.

The garden is more valuable in summer than ever. Don't allow it to become an unsightly weed patch but keep up cultivation and harvest the health giving vegetables each day.

The tenth annual report of the agricultural extension service of State College has now been received from the printers. Copies of this report may be had on application to the agricultural editor, State College, Raleigh.

The United States is asked to call a second arms parley, but just now we haven't any ships to spare.

More college girls are now taking up basketball; it is such excellent training for bargain counter rushes in after life.
