Fine Program Plans Complete for July 8, 9, 10

Governor Thomas G. McLeod, of South Carolina, will in all probability be among those present at the forthcoming convention of the South Carolina Press Association, which will be held in Brevard July 8, 9, and 10th, according to advices received yesterday by the Chamber of Commerce from J. Mr. McKissick, who is a close friend of the Governor of South Carolina, said in his letter that His Excellency had been extended an invitation to be the guest of the convention, and that he had intimated his intention of accepting the invitation, provided no pressing business of state intervened.

The program of entertainment as given above was unanimously and enthusiastically approved by the executive committee of the S. C. P. A. at a recent meeting, and bulletins sent out to the membership of the organization by Secretary Harold C. Booker, of Columbia, giving high praise to the people of Brevard for arranging this program.

The construction work on the new White Way is steadily going forward, under the efficient crew of workmen. This modern system of ornamental lighting will extend for 100 blocks, in Main street from England to Gaston, and from Main and Broad to Broad street to Jordan.

The equipment includes thirty Westinghouse units of 600 candle power each, which will be placed along the curb line, one hundred feet apart and directly across the street from each other. All wiring and conduits are placed underground and the standards set in concrete.

Woman's Bureau Hold An Important Meeting

A special meeting of the Woman's Bureau of the Chamber of Commerce was called Monday afternoon at the Chamber of Commerce room. The main point of discussion was the reception to be given in honor of the South Carolina Press Association at the Franklin Hotel on the evening of July 9, at which time the distinguished body of men will meet in annual session in Brevard. Most definite arrangements concerning this eventful social occasion were made, a motion being made and carried to the effect that all members of the Chamber of Commerce and all members of the Woman's Bureau of the Chamber of Commerce be included in the guest list for the occasion.

The president, Mrs. O. L. Erwin, appointed necessary committees among the women to assure the success of this social function. All women of the town are urged to co-operate most heartily in any efforts put forth for the hospitable entertainment of these eminent men, who will be our guests for three days next week.

It is the plan for one lady to accompany the driver in each one of the fifty cars that will be sent to Caesar's Head Wednesday afternoon to meet these guests and escort them to Brevard. Fifty ladies of the town are thus earnestly requested to volunteer their services to this extent, each one being willing to do her part in extending a royal welcome to these friends of ours from the sister State.

THE PRAYER CORNER

OUR BELOVED COUNTRY

How can we best serve the interests of our Beloved Country? By upholding the cause of true religion, and working and praying for personal and civic righteousness. What our country needs most is True Christianity.

As Dr. Martenson wrote, "The almost and deepest interest of humanity can neither be delivered from its limitations, nor come to a true knowledge of itself without Christianity. Moreover every notion of humanity which is not the Christian one, is more or less affected with falsehood. Hence the true humanistic state is one and the same with the Christian state."

In an address before the New York Historical Society, a great American statesman said, "If we and our posterity shall be true to the Christian religion, if we and they shall live always in the fear of God, and shall respect the Commandments, if we and they shall maintain just moral sentiments and such conscientious convictions of duty, as shall control the heart and life, we may have the highest hopes of the future fortunes of our country, and if we maintain those institutions of government, and that political union, which furnish materials for a thought-exceeding all praise, as much as it exceeds all former examples of political associations, we may be sure of one thing—that while our descendant masters of the historic art, it will be no topic for a Gibbon, it will have no decline or fall. It will go on prospering and to prosper. But if we and our posterity reject religion and authority, violate the rules of eternal justice, trifle with the injunctions of morality, and recklessly destroy the political constitution that hold us together, no man can tell how sudden a catastrophe may overwhelm us, that shall bury all our glory in profound obscurity."

A PRAYER FOR OUR BELOVED COUNTRY

Our God and Father, Thine is the Kingdom, and blessed is the nation whose God is the Lord, we believe that Thy hand has been in the founding and fortunes of this land. We do homage to it, for its liberty, its principles, its noble company of martyrs for liberty and humanity. We love and cherish it as our home and our shrine, but we hallow it, we stand in awe of it as the scene of Thy special activity, the instrument of Thy holy purpose.

May its vision never pass, may the clouds that hang over it be dispersed by the clear shining of the sun of righteousness and peace, may the dream of freedom with fraternity be realized here, even here upon these shores.

May we say, with full hearts, each and all of us: "Thank God, no line divides us, thank God, that still to day The Blue is marching forward with the song remembered Gray. Thank God, our common country need never any art To make the patriot answer to the beating of her heart."

"One under God forever, on farrowed land and sea— Never a storm to darken the stars of liberty: Thank God, the breath of freedom is breathed from every clod— One hope, one heart, one country: forever more, Thank God."

For Jesus sake, Amen. —C. D. C.

ONE ETERNAL THING

The kitchen is the one eternal thing in the home, says Mrs. Douglas White, chairman of the Better Homes in America Committee for San Francisco.

It is the one room whose purpose has never been changed. We have changed the old fashioned parlor into a living room and the living room into a dining room. But the kitchen has never changed its purpose that most essential purpose of catering to happiness, health and well being of the family.
