VOL. XXX

FARM NEWS

By L. A. AMMON

Fire and real estate men are playing havoc with our poultry.

The burning of Mr. Stowers' largest house and several thousand chickens is a real loss, and every one has real sympathy for Mr. Stowers. As for the real estate men buying the Dr. Stokes farm, here is hoping the new owner will fill the houses with good birds, and that Dr. Stokes will buy another place more suitable to his time and business. He is on to the poultry game and we are sure would hate to think of him dropping out at this stage of our development.

Meeting of Poultrymen

On Thursday, August 13, at the Court House at 7:30 p. m., there will be a meeting of all those interested in poultry and a poultry hatchery, buying of feeds, mixed or un-mixed, and marketing of the eggs and poultry. It is hoped that an association can be formed at this time and work on some project begun before long.

Mr. Glazener, our High School Agriculture teacher, will be with us and promises to take an active part in the work for the future.

Weather conditions are such that we have reasonable hope for rain in the near future. The ground was wet in parts of Henderson County on Tuesday. The cool nights and cloudy days have materially reduced the damage of the drought during the past week.

Potato Prices

From what people tell me, peddlers have been around in some side roads offering only one dollar for good potatoes, with sad market stories to tell. Spread the news that no one should take less than \$1.50 per bushel at home until further notice, as I was urged to load a car at \$1.75. We have not a car in any one section ready to dig yet.

Rye Market

Have no new offers for rye as yet. A talk with the seed men of Asheville would indicate that we are offered a very good price for rye when we can get \$1.50 and bags furnished, loaded on cars. Yet we are after more if it can be obtained.

Keep up the prices of things you have for sale, as when you sell under the average price you are bringing the price down for your loss and your neighbor's also.

BRYAN MEMORIAL SERVICES HELD AT FRANKLIN HOTEL

The memorial service held for William Jennings Bryan at the Franklin Hotel on Friday afternoon, July 31, was well attended and of a very impressive nature. Representatives from the various churches composed the choir, which ably assisted in the rendering of a number of well-chosen and appropriate selections. An eulogy to Mr. Bryan given by Rev. Wallace Hartsell, pastor of Brevard Baptist church, was exceptionally good. Resolutions of respect to Mr. Bryan were read by W. E. Brouse.

The resolutions as read are as follows:

Whereas, William Jennings Bryan, Congressman, sometime Secretary of State of the United States of America, sometime candidate and nominee of the Democratic Party for the office of President of the United States, and for more than a quarter of a century, a dominant figure in the public life of America, the author of more than thirty treaties of peace entered into between the United States and various other powers, world famous orator, author, editor, soldier and known over the globe by reason of his love for the people, as the "Commoner"

And Whereas, the said William Jennings Bryan, was, during his life time, an earnest Christian, a militant champion of Christianity, Peace on Earth and Good Will toward men, and was a gentleman of high ideals and sterling patriotism,

Now, Therefore, Be It Resolved, by the Citizens of Brevard, North Carolina, in general meeting assembled, that it is the sense of this meeting, that in the death of William Jennings Bryan, the people of the United States, without regard to party or creed, have lost an earnest, sincere and brilliant fellow citizen, and patriot.

And Be It Further Resolved That this meeting go on record as being

Brevard Is Assured Eighteen Hole Golf Course; Land Donated By Hugh Pinnix And Associates

S. S. CONVENTION IS GOOD SUCCESS

MEETS WITH MACEDONIA NEXT YEAR

The Transylvania County Sunday School Convention was held with the Presbyterian church at Pisgah Forest July 28-29. The principal speakers were Miss Freda Bose, of New Orleans and D. W. Sims of Raleigh, N. C., who is the general superintendent of the North Carolina Sunday School Association.

The Convention was for Sunday School workers of all denominations and people were present from many Sunday Schools over the County. The addresses delivered by both Mr. Sims and Miss Bose were said to be of a high order, thoroughly practical and very helpful.

The invitation extended by the Macedonia Baptist Sunday School to hold the County Convention with that Sunday School next year was unanimously accepted. The officers elected for the ensuing year are as follows: President, T. C. Henderson, Brevard; vice-president, J. W. Smith, Brevard; secretary-treasurer, Miss Amelia Galloway, Brevard.

Township Presidents elected: Brevard, A. E. Hampton, Brevard; Boyd, Mr. Boyd, Penrose; Catheys Creek, Prof. V. E. Wessinger, Rosman; Dunn's Rock, Prof. S. P. Verner, Brevard, Route 1; Gloucester, Vance, Galloway, Lake Toxaway, Lake Toxaway, Route 1; Hogback, Otice Alexander, Oakland; Little River, Mrs. Ed Mackey, Pearson.

County Commissioners Buy 8 C. of C. Shares

The Board of County Commissioners met in regular session Monday, August 3, and two resolutions of importance to Brevard were passed upon. An order was made to the effect that the County donate eight shares in membership fees to the Chamber of Commerce, same to be used for the upbuilding of Transylvania County. This sum amounts to \$200.00.

A second resolution was passed and unanimously adopted to extend an invitation to the Atlanta Journal motorcade to visit Transylvania County and Brevard on the return journey back to Atlanta. This motorcade is to leave Atlanta sometime in September, going via Murphy, Waynesville and other points, and great benefits will thereby be derived by this town and community in case the County Commissioner's invitation is accepted.

MARRIAGE CERTIFICATES ISSUED IN JULY

According to official records, Cupid has been working somewhat slowly in this vicinity of late. Only four marriage certificates were issued during the month of July, which are as follows: Gene W. Stanbury and Yvonne Shuford, both of Brevard, July 4; Dillard Doggins, Brevard, and Jennie Mathews, Wolf Mountain, July 18; R. C. Fletcher, Hendersonville, and Blanche Blythe, Hendersonville, July 30; John Ponder and Christine Dorzan (colored), both of Brevard, July 15.

MRS. L. A. FALLS IS IN SHELBY HOSPITAL

The many friends of Mrs. L. A. Falls, who is so well known in this vicinity, will be interested to know that she is recuperating from an operation in a hospital in Shelby, N. C. Since the recent death of her husband, Rev. Falls, she has been in Shelby with her sister, and it is hoped that she will soon be able to leave the hospital.

deeply and sincerely in sympathy with the bereaved family of William Jennings Bryan, and prays that God will comfort them in their sorrow.

And Be It Further Resolved, that a copy of these resolutions be dispatched forthwith to the widow of William Jennings Bryan, and that a copy hereof be published in the Brevard News in its next succeeding issue.

Construction Work Will Be Started At Once On Nine Holes

HUNTER HOME WILL BE USED FOR CLUB PURPOSES

An eighteen hole golf course for Brevard was assured Tuesday night when the board of directors of the Brevard Country Club, Inc., vote to accept the offer made by Hugh Pinnix and associates, of the gift of one hundred and twenty-five acres of land on the Hunter Place, near this town.

Nine holes of the eighteen hole course will be constructed at once, in order that the course may be ready for play as early next spring as possible, the other nine holes to be added as soon after the completion of the first nine as possible. The Hunter House, one of the handsomest country homes in this vicinity will be used as a club house for two or three years.

Mr. Pinnix and his associates, who are wealthy Florida realtors, and capitalists, plan an extensive residential development on the Hunter place, with probably a large tourists hotel to be erected within the next year or eighteen months.

The land for the golf course and club house will be given absolutely, the only provision being that a golf course be built and maintained on the property. The club will have absolute control of the membership, and is to choose its own golf architect.

Members of the board of the club, following the meeting at which Mr. Pinnix's offer was formally accepted, declared that a golf architect of national reputation and recognized ability would be secured at once to lay out the course, and that actual construction work would be started just as soon as the plans are made.

Co-incident with the announcement of the acceptance of the offer, making possible a course for Brevard, B. B. Todd, proprietor of the Franklin Hotel, announced that he would add one hundred rooms and one hundred baths to that structure before the opening of the 1926 season.

VOCATIONAL AGRICULTURE AT BREVARD HIGH SCHOOL

As this is the first time vocational agriculture is to be given in any of the schools of Transylvania County it seems that the people would like to know the aim or purpose of the course of study. Sections ten and eleven of the Smith-Hughes Act of the Federal Vocational Education Act describes it as follows:

1. The controlling purpose of such education shall be to fit for useful employment.
2. That such education shall be of less than college grade.
3. That such education shall be designed to meet the needs of persons over 14 years of age who have entered upon, or who are preparing to enter upon the work of the farm.

This definition shows that vocational education is to serve two groups of persons. First those who have already entered upon a vocation and second those who are preparing for a vocation. In the first group are the farmers who are already. Part time and evening instruction will be given to help solve their needs. The second group includes the high school boys who are preparing for a vocation. They will receive their preparation through the regular course of study offered in the high school and their practical work and supervised practices on the farm.

It is the object of vocational agriculture to teach the boys to be more efficient farmers and business men and how to live a happier and more useful life on the farm, thereby making the country a better place in which to live. The cooperation and good will of the citizens of Transylvania County are earnestly sought, for such we must have to make work a success.

Agricultural Instructor

Aldermen Decide to Extend Street

Several new streets are to be made throughout various sections of the town, some of which are at present under construction and others are to be under way at once. Resolutions to this effect were passed upon and unanimously adopted by the Board of Aldermen at their recent meeting, and construction of the new roads will be pushed through to completion at an early date.

An extension of Oakdale Avenue is to be made between Caldwell and Broad, this street to open in front of the new High School building, on Broad street. R. L. Gash will open three new streets in his property lying between Broad and Maple, and the town will take these over and maintain them. In the new T. B. Allen sub-division in the Western section of town, one new street is now under construction, that of an extension of Main street, and two others in that section from Main to Probrate are to be started at once. The town has agreed to take these streets over and complete same.

NEWS FROM STATE CAPITAL

Raleigh, August 3.—With the deficit question again to the front and with Governor McLean rebuking sharply those who criticized his administration, Raleigh citizens had interesting reading matter the past week. At the same time the Auto License Bureau, caught with a mass of work piled up on it, had to work overtime to issue licenses to all who applied before the extension period expired on August 1. The city also passed thirty minutes of its working period Friday in tribute to the memory of the Great Commoner, William Jennings Bryan, who was being lowered to his eternal rest during that half hour. Many there were in Raleigh who knew the Democratic leader personally and who mourned sincerely his passing from a personal standpoint. Other mourned his death because the loss of a great moral leader, a religious crusader while still others mourned the passing of a great political leader.

On Saturday, State Auditor Baxter Durham issued a statement at the request of former Governor Morrison showing the State deficit in the general fund to be \$3,123,320 on the "accrual" basis under which the Morrison administration operated. This compared with a deficit figure of more than nine millions which was shown on the "cash" system adopted by Governor McLean. A significant feature of the auditor's statement was that he said there was provision in the law for naming the deficit on the "accrual" basis though this had been neglected when Governor McLean's first statement was issued. Governor Morrison asked for the statement, he said, to show the people of the State that the deficit charge against his administration by the McLean administration was greatly exaggerated and could be largely accounted for by the change in methods of financing. Governor McLean had nothing to say with reference to the statement.

Friday, Governor McLean issued a statement in which he said detractors of his administration were trying to belittle his efforts and intimating that progress was being slowed up by false reports.

STANBURY'S LAST SERMON

Rev. Harvey Stanbury has closed his revival campaign in Transylvania County and will deliver his last sermon for some time to come at the Methodist church next Sunday morning. His subject will be "The Branch Workers of Jesus." The public is most cordially invited.

At the evening service, 8:15, Rev. H. C. Sprinkle, the presiding elder, will preach. After the service the presence will be held.

RECORD LAND SALES FOR MONTH OF JULY

The month of July has been a record breaker for land sales in Brevard. More property has changed hands within the past thirty days than possibly any previous month in the history of Brevard. It is estimated that the value of land sales during July just past is approximately \$800,000. The proceeds of registering deeds and deeds in trust is a record breaker in itself, same amounting to \$336.20 for the month of July. This almost doubles the amount received for the same purpose in any previous month. In the neighborhood of 200 land deals were recorded during the month.

Brevard is without doubt coming into its own at last and is rapidly making itself known as a profitable place for safe investments. Men of sound judgment and broad vision are buying property here in large proportions, with an eye ever open to Brevard's unquestionable growth and future prosperity. The undeniable beauties and possibilities of this immediate section are being forcibly brought before the public, near and abroad, with the consequent result that wise speculators are visioning the great future for Brevard and are accordingly investing heavily in real estate here. The general consensus of opinion apparently is that Brevard is just in the making and that its present real estate boom is destined to be a permanent, substantial nature.

NOTED MUSIC COMPOSER TO BE PERMANENT RESIDENT

A. B. Carter, of Clearwater, Fla., has recently purchased of Ralph Fisher et al. a tract of land on Probrate Road, and will erect thereon in the early fall a seven room house, to be used as a residence and sale room for music, which Mr. Carter publishes and sells. This is but another step in the forward march of Brevard, and will prove of great benefit to Western North Carolina. Mr. Carter has composed over six hundred pieces of music and expects to promote his own composition. His music is now played in all quarters of the world. Mr. Carter is an artist of recognized ability and is Brevard's distinguished guest. Soon, however, he will become a Brevard citizen and will reside here all the year around. It has been Mr. Carter's privilege to travel around the world, and he has lived in France, California and Florida. After seeing the world with all its charms, his choice now rests on Brevard the beautiful "The Land of Waterfalls."

LIBRARY REPORT FOR MONTH OF JULY

July has been a banner month at the public library, with a decided increase over previous months in both interest and attendance. The total attendance for the month was 950 with 727 books in circulation and 15 magazines taken out, and 9 new members reported, and 7 books donated during the month.

During the past week 209 books were in circulation and 241 people were in attendance. Two books were donated the past week, "The Case and the Girl", by Randall Parrish, and "The White Flag", by Gene Stratton Porter, both donated by Mrs. Woodbridge. Also a new book entitled, "Stammering, Its Cause and Cure", has been added to the collection of information on the library shelves. This book is written by Benjamin Nathaniel Bogue, a recognized authority on the subject of stammering and the author of several volumes dealing with imperfections of speech. The author, himself a former stammerer, tells of his own cure of the stammering affliction and relates facts based upon his personal contact with thousands thus afflicted. The book is full of interest and valuable knowledge and well worth the reading.

CARD OF THANKS

We wish to thank our friends for their many acts of kindness shown since our unfortunate loss on account of fire.

Mr and Mrs. H. E. Stowers.

THE PRAYER CORNER

WHO IS MY NEIGHBOR?

May I share with the dear readers of "The Prayer Corner" a poem that answers so happily the question, Who Is My Neighbor?

Thy Neighbor? It is the fainting
Heart power to aid and bless;
Whose aching heart or burning brow
Thy soothing hand may press.

Thy neighbor? 'Tis the fainting
poor,
Whose eye with want is dim,
Whom hunger sends from door to
door;
Go thou and succor him.

Thy neighbor? 'Tis that weary man,
Whose years are at the brim,
Bent low with sickness, care and
pain;
Go thou and comfort him.

Thy neighbor? To the heart bereft
Of every earthly gem,
Widow and orphan, helpless left;
Go thou and shelter them.

Where'er thou meet'st a human life
Less favored than thine own,
He is thy neighbor in the strife,
Thy brother, thy son.

Oh, pass not, pass not heedless by
Perhaps thou canst redeem
The breaking heart from misery—
Or share thy lot with him.

A PRAYER FOR NEIGHBORLINESS

O Thou Great Helper of the helpless, and Friend of the friendless, help us to answer the question, Who Is Our Neighbor? It is he whom we have power to aid and bless. Help us the soothing hand to press, the aching heart or burning brow, 'Tis the fainting poor, whose eye with want is dim. Give us to succor them.

'Tis the weary ones, whose years are at the brim, bent low with sickness, care and pain; help us to comfort them.

'Tis the hearts bereft of every earthly gem, widow and orphan, helpless left—Oh grant us to shelter them.

Where'er we meet human lives less favored than our own, they are our neighbors in the strife—Oh, let us not pass them heedless by. By Thy help we may redeem the breaking heart from misery, or share our lot with them.

So shall we hear Thee saying to us on that Great Day when Thou shalt sit on the Throne of Thy Glory, and all the nations shall be gathered before Thee, "Ye are ye blessed of my Father, who in the kingdom prepared for you from the foundation of the world, for I was hungry and ye gave me to eat, I was thirsty, and ye gave me to drink, I was a stranger, and ye gave me a home, I was naked, and ye clothed me, I was sick and ye visited me, I was in prison and ye came unto me." How such an ye did it unto one of these, my brethren, even these least, ye did it unto me." For Thou and the least of Thy brethren are one.

Help us, O help us, to realize THAT now and here, that we may be among the blessed of the Father in that Day, and unto Thee shall be the honor and glory, now and forever, Amen.

ECK SIMS GETS 53 GALLONS OF BOOZE AND BUICK CAR

On Tuesday afternoon, Eck Sims, rural policeman, halted a Buick roadster for speeding, same being occupied by Charlie Lamb and Foster Foster of Asheville, who took to the timber. After a speedy chase Lamb was caught. Upon investigation 53 one-gallon cans of liquor were found in the car. Lamb was taken to jail and the officers expect to apprehend Foster shortly.

The streets along the new business thoroughfares are in a respectable and unseemly condition with papers and trash of every description scattered about. Why not clean up before Sunday?

FALSE REPORT

A rumor is being scattered about town that there are cases of infantile paralysis in town, but this is a false rumor, as no cases have been reported.
