AN UNUSUAL OPPORTUNITY

We have, for a short time only, a most attractive summer home, located about three and one-half miles from Brevard, on the Brevard-Caesar's Head-Groville Highway, adjoining the Rockbrook Camp property, and containing 1,200 feet frontage on the highway.

There is a nice dwelling house, fully furnished, a cabin for "the boys," the necessary out-house, and several fine spruces. Pure spring water is piped to the house by gravity. The house is situated on a wooded knoll, a hundred feet above the road, giving a magnificent view of the Valley of the French Broad, and the mountains in the distance. Part of the new golf course can be seen from the house. There is an abundance of laurel and Rhododendron on the property. The approach to the house is by a curving driveway which has an excellent grade.

The property contains more than four acres of land, and besides the present house location, contains a number of fine building sites.

We consider this property one of the best we have offered this season. A phone call to our Brevard office, or a call, will bring a representative to give full details and to show you over the property.

Added Economy

Only Buick has the sealed chassis and triple sealed engine

Better Buick operating costs are very low. This car is thrifty—both in purchase price and in ownership.

Buick design protects all operating parts from dust and wear—barricades them with iron or steel housings in the famous Buick "Sealed Chassis" and "Triple Sealed Engine".

The famous Buick Valve-in-Head engine develops more power from a given quantity of gasoline than other types of engines.

And now, the Buick oil filter makes it necessary to change crankcase oil only at rare intervals.

Even smaller, less powerful cars do not match the Buick Buick in low cost of operation and maintenance.

You add to your power to economize when you buy a Better Buick!
