CEDAR MTN. MEN INJURED IN WRECK

GEORGE SUMMEY IS IN LOCAL HOSPITAL

George Summey, of Cedar Mountain, is in Transylvania hospital, suffering from an injured knee, broken jaw and shoulder, as result of the Ford truck he was driving Thursday afternoon colliding with a Graham truck driven by Adam Moses, of Sylva, the accident occurring near Conestee Falls on the Greenville-Brevard highway. Herman Medcalf, in the truck with Summey, was cut about the head and both were brought in to Brevard and are now in Transylvania hospital, where both are reported to be recovering.

A third truck belonging to the Hendersonville Grocery company also collided with the two wrecked trucks before the driver, L. Wagner, had time to apply his brakes and prevent a collision. The three trucks were seriously damaged and brought in to Brevard for repairs, though Wagner and Moses escaped uninjured. The cause of the accident is undetermined, though it is stated that one of the trucks was going at a high rate of speed at the time of the accident.

The southern home and the Southern Railway

IT is for the creation and preservation of the home that the world's work goes on. And when it is well done and prosperous times come, it is the home that benefits most. Besides being the foundation of the State, the home is the ALL of our civilization.

A myriad of life's necessities—food, clothing and household goods—passes over the rails of the Southern Railway System and into homes every day. And every day thousands of freight cars loaded with products from the South are carried along the rails of the Southern, bound for distant markets. Thus the South grows and develops.

Carrying the world's goods to the South, and the South's goods to the world, day in and day out, is the service of the Southern Railway System to the Southern home. This regular, dependable and economical transportation is the aim and the test of good railroad service.

In the last three years more than \$700,000,000 has been spent in the construction of new homes in the states of the South served by the Southern.

SOUTHERN RAILWAY SYSTEM

The Southern serves the South

HERE ARE TWO GOOD INVESTMENTS

We have the exclusive listing on a nine acre tract adjoining the country club. One of the best tracts in this section—splendidly located and suitable for a first class small development. Water and lights are available. Excellent price and terms.
 Twenty-three acres at Penrose—fronting 1100 feet on Brevard-Hendersonville highway. Water and lights are on property. Reasonable price and terms.

BUSINESS AND RESIDENTIAL PROPERTY

If you are looking for either business or residential property, we have some of the best listings in Brevard. See us for real estate of all kinds at bargain prices.

PINNIX LAND COMPANY
