VOL. XXXI

BREVARD, NORTH CAROLINA, JULY 1, 1926

No. 25

FARM NEWS

By L. A. AMMON

Blackleg

A call to the Lake, Sunday led to the discovery of a real case of blackleg. No question about it. The people have been warned. Friday will be round-up and vaccination day.

The trouble is seated in the lake bed and in free territory, and is in good condition to spread, and lead to much loss unless vaccination is done soon.

If you have any late cabbage plants to spare let it be known, as the drought caused poor germination and we are decidedly short on plants. Can order from Georgia at reasonable prices.

Seems that we will not be able to get any soy beans. Looks as if we have had a rotten deal and it packed the railroad. Seed houses have none for sale at any price. My advice is to save the land for rye or sow in buckwheat. Buckwheat will sell for a good price if we can get enough to market.

Not much interest being manifest in clover and grass seeds as yet. The wholesale houses say that they have hopes of making cheaper prices after July first. Let's hope so.

Time for late bean seed to be coming in. Have you made arrangements for yours? Remember that every one is very busy, and you have to look after your wants with more care than usual if you do not want delays.

The first order of celery plants were fair, and ten thousand more have been ordered. Several thousand of these have not been spoken for and will be for sale. Let's try celery for sure one time, and I believe we will later be growing many acres of this thousand dollar per acre crop.

Hurrah for Miss Walker and her clubs! that intend to put this county on the map at the State meeting at Raleigh next week.

Never, never! saw such corn as we have this year. Great big flat stalks, that are so green that they are almost black. And the way it is growing. So good that about every farmer in the county feels that he has as good if not the best corn in the county. One feels good to see the feeling so widespread. Good preparation of seed bed and high grade fertilizers is largely to blame. If we get rains some corn-belt State will have to hustle for honors. Certainly cannot beat us now.

A certain lady has a brood sow with thirteen pigs. To beat East Fork or Conestee she is feeding fish meal and other milk producing feeds to push those pigs out of reach of any honor claimers. Fish meal or tankage is the thing to do it with. Luck to all who try their best.

MOUNTED HEADS ATTRACT ATTENTION IN BREVARD BANK

Some twenty mounted heads of deer, elk and moose are now most attractively arranged on the interior walls of the Brevard Banking company, and are attracting widespread attention in the unique and pleasing effect they present. It is doubtful if another bank of like size in the state, or possibly in the entire country, can boast of such attractive, valuable and novel interior decorations as greet the eye of those entering the bank. The walls and ceiling have been freshly painted in ivory white, which forms the proper background for the handsome mounted specimens.

These heads were all mounted by expert taxidermists and are partly a gift and a loan to the bank by R. W. Everett, who himself killed all the animals on various hunting expeditions throughout this and other countries.

BAND CONCERT TO BE GIVEN MONDAY, JULY 5

The municipal band will give a free concert in the band stand from 11 to 12 o'clock on Monday, July 5.

The regular schedule for band concerts was resumed this week, with one held on Tuesday night and another to be given Friday night. It is probable, however, that no concerts will be given next week due to the revival to be held next week at the Baptist church. After that it is expected that the regular bi-weekly concerts will be given throughout the remainder of the summer.

MISS WALKER'S CLUB MEMBERS TO ATTEND MEETING IN RALEIGH

ALL MEMBERS ARE WORKING TO ASSIST DELEGATES

Better than four hundred boys and girls in Miss Walker's Home Economics clubs are working unselfishly to send some of their number to the State short course next week. Already prospects of ten going seem sure.

The five days outing at the State College with its varied program is every club member's ambition to attend at sometime. To be sure all can not go but those who cannot are not selfish about it, but are helping raise money to send some one who can pay part of their own way.

Box suppers, ice cream socials, and entertainments have been going on for some time to raise money. Some have raised the necessary 25 or 30 dollars so one of their number could go, others have sent in down to five dollars to help.

A number of girls will pay their own way, except that they will be taken to Biltmore and returned from there on the evening of the tenth. All will catch the special Western North Carolina car at Biltmore, where they will join the others. At Asheville, a Home Agent and County Agent will be put in charge of the car, that all may go well.

Some two thousand club members are expected at the State meeting, and some real time they will have. The meeting of the real cream of the State, and our future officers and leaders. State College feels that nothing is too good for such a promising crowd, so you can bet on them having a real interesting program.

The train leaves Biltmore at 11 o'clock, reaching Raleigh at 9:30 p.m. On the tenth it leaves Raleigh at the morning hour and reaches Biltmore at 8:10 p.m. Cars will be at Biltmore to bring the crowd to Hendersonville, and Brevard, where parents are expected to meet them.

The pity of it all is that all who have done good work cannot go. It is ever thus, and no way seems possible to get them there. To those who stay, belong a word of praise, that they have helped make it possible for their friends to go.

TRIO BOUND OVER TO COURT BY MAYOR WHITMIRE

A trial was held in the Mayor's court Monday morning charging A. M. Reid and wife, Rosamond Reid, of New Jersey and Hollywood, Fla., with disorderly conduct and drunkenness, and a second case charging Reid with transporting and reckless driving, the alleged violations of law having occurred in Brevard Sunday afternoon. The trial resulted in the couple being bound over to the next term of superior court to be held in Brevard in December, and were released on a \$400 bond.

The circumstances surrounding the case involved Mr. and Mrs. Reid, Will Marchant, of the Cedar Mountain section, and a woman, whose name was not disclosed and who escaped in a car to parts unknown before the officers could arrest her. The four, after returning from Caesar's Head, stopped at Pete's cafe for dinner, and while at the table, occurred the alleged drinking from a flask of "mountain dew" said by the defendants to have been obtained at a mountain home-stead. The drinking and disorderly conduct was reported by the proprietor, Pete Moungrides, to officers Barnett and Jamison, who arrested the Reid couple and placed them in jail where they were held until the trial Monday morning. Ralph R. Fisher was counsel for the defense.

Will Marchant was also bound over to the next term of court, and was released on a \$200 bond. R. L. Gash represented Marchant.

A pint flask of whiskey and a coca cola bottle full of liquor were confiscated from the defendant's car after the arrest, according to the statement of the police, through a knowledge of its presence in the car was denied by Reid.

WOMAN'S BUREAU POSTPONES MEETING UNTIL JULY 12

The regular meeting of the Woman's Bureau will be held the second Monday, July 12, instead of July 5. This change is made due to the Fourth of July celebration to be held next Monday.

UNION BUS TERMINAL BEING CONSTRUCTED

LOCATED IN NEW KILPATRICK BUILDING

A union bus terminal for Brevard is now under construction and will be ready for occupancy around the middle of July. It is centrally located on Main street in the new Kilpatrick building.

The building is of brick construction, 24 by 74 feet, will be modernly equipped with office, ladies and gents waiting rooms, comfortable seats, and all necessary equipment for the convenience and comfort of the traveling public. The floor is of concrete, with front of plate glass and large double doors allowing entrance of the busses when necessary.

This will be a union terminal for all busses and taxi service cars, including the Brevard Auto Service, Inc., operated by King & Waters, on a regular schedule between Brevard and Hendersonville; the Hudson Touring Car line, operated by McGaha & McCary, between Brevard and Greenville; and the Waters Taxi Service, operated by J. E. Waters.

A two-hour schedule is now in operation between Brevard and Hendersonville, leaving Brevard on the even hours from 8 to 5, and leaving Hendersonville on the odd hours. It is the intention of the management to change to a one-hour schedule some time between the first and fifteenth of July.

The present Greenville schedule runs two daily busses each way, leaving both terminals at 9 each morning and at four each afternoon. A change to summer schedule will probably add a third bus to the present schedule.

SAPPHIRE FILLING STATION HAS DAY AND NIGHT SERVICE

The management of the Sapphire Filling station announces that an all-night service has been put into operation, along with day service.

M'LEAN ADVOCATES VOCATIONAL AGRICULTURE

GOVERNOR URGES MORE ATTENTION TO FARMING

By J. A. Glazener

The rural teachers, especially those teaching vocational agriculture, have the greatest opportunity of any people in the state in helping to solve the great problems of agriculture, declared Governor McLean in an address last Friday to the summer school at State College.

The governor stated as to home needs our country was very well balanced in agricultural and manufacturing, but in terms of the world need the situation was serious. "With an enormous surplus of cotton the price of which is fixed must be done to take of the situation. Conditions now must be handled in a different manner to what they were in pre-war days," said the governor.

"Farmers must learn to think about their problems and work out a solution. We must learn to think of education in broader terms than the restricted academic sense," said Governor McLean. He further stated that one of the present day needs was scientific training to go along with practical experience. "Our people need to be taught to become more poultry minded, more dairy minded and if need be, more hog minded," said he.

These are but a few of the outstanding points brought out by the governor with the idea of stimulating teachers in the state to the acting point of doing things to help solve the agricultural problems, not only of North Carolina, but of the nation; "for the agricultural problems," said the governor, "outweigh the other problems of the State today."

CAROLINA GROCERY CO. OPENS STORE ON MAIN ST.

A new grocery store, known as the Carolina Grocery company, is now open for business in the new room adjoining Harris Machine company, and is owned and operated by W. L. Bishop, of Cedar Mountain.

An up-to-date and complete line of groceries will be carried at all times.

GALA FOURTH TO BE HELD HERE MONDAY

LEADING BUSINESS HOUSES TO CLOSE FOR DAY

The Fourth of July, falling on Sunday this year, will be observed Monday, the fifth, with a big celebration in Brevard, lasting throughout the day.

A petition to close business houses for the day was signed by practically all business men in town. It is expected that no "trading and trafficking" will be done.

The main feature of the day will be the address by ex-Governor Cameron Morrison, which will occur at a mass meeting to be held at the court house, Monday afternoon at one-thirty o'clock. The former governor will discuss the political issues of the day and interesting and instructive facts regarding national affairs. A cordial invitation is extended to all voters, and ladies in particular.

In addition to the address, there will be many recreational features, including races, athletic stunts, band concert. Prizes will be given away to winners in the various contests, one of which is for the most beautiful lady in the county and another for the ugliest man in the county.

SEVEN MARRIAGE LICENSES ISSUED DURING MONTH

Seven marriage licenses were issued during the month of June, as follows:

June 2—R. F. Batson, Detroit, Mich., to Marguerite Matthews, Brevard; June 7—John A. Cox, Arden, to Bessie Pearson, Cedar Mountain; June 8—J. A. Whitmire to Frances Foster, both of Cherryfield; June 12—Wm. A. Allen to Josephine Mull, Brevard; June 19—John Walter Sherrill, to Ruth O'Kelley, Pisgah Forest; June 19—Roy Robinson to Virginia Whitesides, Brevard (colored); June 22—Roscoe McGuinn to Myrtle Clark, Hendersonville.

W. M. U. MEETS AT OAK GROVE CHURCH

OFFICERS ELECTED FOR ENSUING YEAR

The Transylvania Women's Missionary Union Association meeting was held Saturday at Oak Grove Baptist church, with quite a number of the Brevard members present together with several pastors and practically all of the churches in the Association represented.

The meeting opened with Mrs. W. H. Hartsell presiding, and devotionals were led by the secretary, Mrs. J. L. Gillespie. Following the reports from the various committee chairmen, Miss Martha Sullinger, of Fruitland Institute, made a talk relative to that institution.

Miss Dorothy Kellam, the North Carolina young people's leader, in an inspiring and interesting address, told of the work she is doing among the young people and of the different methods to be used in training young people for missionary work. Her message was altogether helpful and appealing.

Following the address, a bountiful dinner, prepared by the ladies of the Oak Grove church, was greatly enjoyed.

On re-assembling for the afternoon session, Mrs. J. C. Owen, formerly missionary to China, gave an interesting talk touching on China and missionary work in general.

Miss Fannie Traylor, young people's leader from Mississippi, told of her work there and of the various interesting phases connected with it. Miss Sue Jordan, W. M. U. Training School representative, was also an interesting speaker, as was Miss Pauline Sitton, of Brevard, who spoke on the Y. W. A. at Fruitland, followed by a demonstration by the Brevard junior G A's.

The officers for the ensuing year were elected, after which the meeting adjourned to meet at Little River next year.

The following officers were elected: Superintendent, Mrs. Wallace Hartsell; young people's leader, Mrs. George Simpson; mission study leader, Mrs. A. E. Hampton; personal service chairman, Mrs. A. F. Mitchell; secretary, Mrs. J. L. Gillespie.

REVIVAL AT BAPTIST CHURCH BEGINS ON MONDAY EVENING

DR. WALTER N. JOHNSON TO HAVE CHARGE

Dr. Walter N. Johnson, of Mars Hill, will conduct a series of revival meetings at the Baptist church, starting next Monday night, July 5, and continuing through the following Sunday, with services held each morning and night for the seven days.

Dr. Johnson is an able speaker, a religious statesman, thinker and leader, and it is considered very fortunate that he could be secured for Brevard for these special services.

TRANSYLVANIA HOSPITAL INCREASES ITS STAFF AND ADDS NEW EQUIPMENT

Several additions to the medical staff of Transylvania hospital are being made, together with the installation of new equipment.

Dr. W. H. Turnley, who completed the course in the Medical University of Virginia, is now associated with Dr. T. J. Summey in his office and at Transylvania hospital. Dr. Turnley was connected with Camp Transylvania two summers ago, and for the past two years has been in hospital work in Boston, Mass.

Miss Lillie Stallings, who for a number of years was associated with Dr. Long at the John Wesley Long hospital, Greensboro, will assume the duties of superintendent of Transylvania hospital. Miss Stallings has taken special work at Bellevue hospital, New York City, and comes to Brevard highly recommended.

Dr. Russell O. Lyday, who has been doing post graduate work at the Mayo clinic for the past two and one-half years, will be here early in July to become associated with the hospital staff.

CYCLONE MACK TO PREACH HERE NEXT SUNDAY

Cyclone Mack, one of the foremost evangelists of the day, will preach here next Sunday, holding two services, one in the morning and again at night, at the new high school auditorium. These are to be union services, in which all denominations of the town will join. Representatives from all the churches will assist in the 100-voice choir, and the singing will be in charge of Mr. and Mrs. Charles Jolley.

METHODIST REVIVAL CLOSING SUNDAY NIGHT

The two weeks' revival services held at the Methodist church by the evangelist, Dr. Thurston B. Price, came to a close Sunday night, with a powerful and appealing farewell sermon on the Unpardonable Sin.

Dr. Price proved himself not only a gifted orator, great in his simplicity and in his ability to present the Gospel truths with such clearness and thoroughness as is seldom heard in a man of like calling, but also proved to his hearers that he is a consecrated Christian gentleman, filled with the spirit of God and with a consuming passion for souls of the unsaved or backsliders. He greatly endeared himself to the people of Brevard during his short stay here.

The song leader, J. C. Coston, of Hendersonville, and the pianist, Miss Daniels, of Mars Hill, with their musical ability and apparent consecration, were both instrumental to a large extent in the success of the meeting.

While the success of the meeting cannot be measured altogether by the number of accessions to the church, which at the present have been comparatively few in number, still a greater proof perhaps, was evident in the renewed consecration among church members and the general uplift to the people of the community. A neat sum was presented the evangelist, before his departure, a voluntary contribution from members of all denominations of the town in token of their appreciation of his untiring services of the past two weeks.

COUNTY COMMISSIONERS TO MEET TUESDAY, JULY 6TH

Due to Monday being a legal holiday, the County Commissioners will meet Tuesday, July sixth.

THE PRAYER CORNER

INDEPENDENCE DAY

How can we best serve the interests of our beloved country?

By upholding the cause of True Religion and working and praying for civic righteousness. What our country needs most is True Christianity.

As Dr. Martensen wrote: "The inmost and deepest interest of humanity is not culture, but morality and religion. Humanity can neither be delivered from its limitations, nor come to a true knowledge of itself without Christianity. . . . Moreover, every nation of humanity which is not the Christian one, is more or less affected with falsehood. Hence the truly humanistic state is one and the same with the Christian state."

In an address before the New York Historical Society, Daniel Webster, the great American statesman, said: "If we and our posterity shall be true to the Christian religion; if we and they shall live always in the fear of God, and shall respect His commandments; if we and they shall maintain just moral sentiments and such conscientious convictions of duty as shall control the heart and life, we may have the highest hopes of the future for times of our country, and if we maintain those institutions of our government and that political union, exceeding all praise as much as it exceeds all former examples of political associations, we may be sure of one thing—that while our country furnishes material for a thousand masters of the historic art, it will be no topic for a Gibbon, it will have no decline or fall, it will go on prospering and to prosper. But if we and our posterity reject religious instruction and authority, violate the rules of eternal justice, trifle with the injunctions of morality, and recklessly destroy the political constitution which holds us together—no man can tell how sudden a catastrophe may overwhelm us, that shall bury all our glory in profound obscurity."

O beautiful for Patriot dreams
That sees beyond the years
Thine alabaster cities gleam
Undimmed by human tears!

America! America!
God shed His grace on Thee,
And crown thy good with brotherhood
From sea to shining sea!

A PAYER FOR INDEPENDENCE DAY

Ruler of rulers, King of kings,
We come before Thee in reverence
and humility, recognizing the authority that can alone mould and make nations, principalities and powers that shall be of service to the world, and satisfying to the children of men. And if we bear before Thee at this time special petition for our own beloved land, we know Thou wilt not refuse to hear.

We believe it is Thy land, called of Thee to do a special work, to advance a larger light, to promote a higher principle, to bring in the privilege and blessing that come from true liberty, and a closer recognition of the bond that makes all men one. Teach us, O Father, that this bond can only exist in the faithful following of Thy Son, Jesus Christ, our Lord.

Increase this knowledge among us, that we may indeed stand before the nations of the earth, and be a true example of those great essentials for which our fathers willingly gave life and the possessions dearer than life. With this knowledge, pour out upon us, the spirit of a great love. Give us Thyself: all that Christ lived, may it be ours to attempt for love's sake.

Then truly shall our country be owner of the righteousness, the honor, the truth that makes men free, owner too, of justice, honor, integrity, promoter of that mighty force that is one day to bring all the nations of the earth to know Thee, whom to know aright is Life Eternal.

And when Thou art done with us all here, let the new birthday be the entrance to that land, where the things we sought here and saw only darkly, shall be revealed in the light that is to be ours forevermore. In Jesus' name, we ask it, Amen.

—C. D. U.
