

**BIBLE SCHOOL
FRIDAY, JULY 2**

**EXERCISES TO BE GIVEN AT
BAPTIST AND PRESBYTERIAN
CHURCHES AT 8:00 O'CLOCK**

Summer Bible School closes on Friday, July 2, on which date the closing exercises will be held in both the Presbyterian and Baptist churches, at 8:00 o'clock. It is hoped that every mother and father in Brevard will make it a point to attend these exercises. It will be a treat to every one.

Saturday morning at nine o'clock we leave for Lake Sega for the picnic. All the people who are taking cars are requested to be at the churches at 8:45, so that the children can be loaded in time to leave at nine.

At two o'clock we leave for Hendersonville, the point for the automobile trip promised the children. We need 15 more cars for this trip and we shall be glad for those who are willing, to give the children this trip.

The band will be with us on the way to Sega and possibly to Hendersonville.

Parents who would like to send their little children who attended Bible school need have no fear as to the welfare of the children. We will have guards at the lake and adults to look after them on the trip.

—Wayne A. Monroe, Supt.

EAST FORK NEWS

We are having some nice rains, and crops are looking fine. Some of the corn looks as if it would be late, it was so long coming up.

Mr. B. A. Gillespie had for week-end visitors their children, Mr. and Mrs. McGuire and son Frank, Mr. and Mrs. Jack Heath and Miss Kate Gillespie, from Asheville, and Miss Fay Wingo and Mr. Leo Johnson. Mr. Johnson left Monday morning for Cincinnati.

Mr. and Mrs. B. Head and son spent Sunday with Mrs. Head's brother, Elmer Gillespie.

Mr. Singletery and family, and some friends from Greenville, are at their summer home for a few days.

Mr. and Mrs. L. C. Redmon of Central, S. C., spent the week-end with Mr. Redmon's uncle, W. W. Gravely, Sr.

Mr. and Mrs. M. B. Redmon and Mr. and Mrs. L. C. Redmon, and small daughter, Mr. Charles Gravely with his three children, Misses Rachel and Edith and Robert, were in Brevard Saturday afternoon.

Mrs. Summey and son Ray, are at home from Transylvania hospital, where little Ray has been a patient for some time.

Mrs. Robert Gillespie, and chil-

dren from Gastonia, are spending some time with Mr. S. H. Gillespie. Mr. Huggins and Mr. Harry Loftis have exchanged work. Mr. Loftis is our R. F. D. carrier now and is making a good carrier.

**REAL ESTATE
TRANSFERS**

Twenty-seven deeds were filed in the registrar's office during the week ending June 30, as follows:

A. H. Gillespie to L. W. Waldrop.
S. L. Duckworth to W. H. Duckworth.

A. B. Owen to W. H. Duckworth.
G. H. Alexander to Cyrus H. Nicholson, three deeds.

Cyrus H. Nicholson to S. D. Ingram.

Maude Barron to Edna V. Smith.
C. C. Jordan to Dilla Tipton.

Noah Miller to D. L. Brock.
Jerry Jerome to T. E. Reid.

F. K. Gardner to Idaline Gray.
Chas. Hadden to C. M. Siniard.

G. A. Ellis to W. S. Bentley.
F. K. Gardner to Wiley M. Hill.

C. A. Thomas to Eliza H. Phelps.
W. H. Nicholson to T. V. Smith.

R. A. Collins to T. V. Smith.
H. L. Wilson to Jack Page.

D. G. Ward to H. E. Erwin.
Chas. L. Bryson to Wales V. Bryson.

W. P. Kimzey to Roberta P. Kimzey.

Mary S. Orr to B. J. Sitton and Roland Owen.

E. D. Owen to Roland Owen.
Roland Owen to E. D. Owen.

C. C. Jordan to J. M. Buckner.
E. R. Pendleton to Shirley & Pendleton.

**ECK SIMS CAPTURES
STILL ON EAST FORK.**

Rural Policeman Sims, accompanied by Boone Carey, made a raid on a bootlegging establishment in the East Fork section early Saturday morning, capturing a 60-gallon steamer still and 600 gallons of beer. The operators of the still had previously made their escape, but footprints left behind led the officers to believe that the moonshiners were young boys in their early teens.

A NOTABLE FOURTH

Fourth of July this year is a notable anniversary in several respects. It is the 150th anniversary of the adoption of the Declaration of Independence; it is the 100th anniversary of the death of former Presidents Adams and Jefferson, it is the birthday of President Coolidge, who was born July 4, 1872.

Thomas Jefferson, who wrote the Declaration, and John Adams, who made the principal address in its behalf before the Continental Congress both became Presidents of the United States. That both of them died on July 4, 1826, exactly fifty years after its adoption, furnishes one of

the most remarkable coincidences in history.

After the establishment of the government of the United States, Adams and Jefferson were political opponents. Adams was vice-president during Washington's two administrations, and succeeded Washington as President, but was defeated for reelection by Jefferson, who became the third President of the United States.

However antagonistic they may have been in politics, after their retirement from public life Adams and Jefferson were close friends and maintained a continuous correspondence for several years. These personal letters are among the most interesting documents of their day. Adams was 90 years of age at his death, while Jefferson was 83.

In view of the circumstances stated July 4 has a peculiar significance this year, which can not fail to impress every patriotic American.

**RAM FURNISHING
WATER FOR ANSON
CO. FARM HOME**

CLEAN SPRING WATER SUPPLIED AT MINIMUM COST

The farm home of Mrs. B. L. Wall of Pee Dee in Anson county, is now fully equipped with an adequate water supply secured by installing a hydraulic ram at a spring near the house. Just below Mrs. Wall's home there is a branch with a miniature water fall about 25 feet high. At the foot of this fall is a fine spring flowing about two gallons of water per minute.

At the request of County Agent J. W. Cameron of Anson county, H. H. Gordon, farm engineer for the extension division of State College, studied the situation for Mrs. Wall. He found that the house was at an elevation of about 150 feet though a distance of 600 feet from the spring. The spring itself had too small a flow and too little fall to pump the water to the home but by using the branch nearby, Mr. Gordon found that the waterfall would make conditions ideal for using a combination hydraulic ram. The branch water could be used for pumping the pure spring water to the house.

A pneumatic pressure tank was used to hold the water. This was fitted with a relief valve so that any excess water and air could be exhausted and allowed to escape through an overflow pipe. In this way the ram could run 24 hours a day and require no further attention. As a result of making these installations, Mrs. Wall now has water in two bathrooms, the kitchen and about over the yard. According to Mr. Gordon the system is working beautifully and Mrs. Wall is much pleased with the convenience and the relief from drudgery.
