

COUNTY FARMERS TO HOLD ANNUAL PICNIC AT SWANNANOVA, 19

MANY INTERESTING FEATURES FOR AGRICULTURAL WORKERS

The following request is being sent to the farmers of the county by County Agent Ammon, urging their attendance at the annual picnic at the State Experiment Station, to be held August 19th:

Dear Mr. Farmer and Family:

On August the 19th, there will be the Annual Picnic at our Experiment Station, on the Swannanoa River about nine miles from Biltmore.

There will be many good speakers that you surely will be glad to hear, but better you will have a chance to see the farm, and have one of the managers there to explain just what each plot has had done to it, and you will see with your own eyes the results of various practices, and experiments.

I wish that every real farmer in the County could attend this meeting. You will never regret the day, and besides you have had a day of change which you need after a long Summer's work.

Load up the car with the family and dinner, and drive over, and let's make it an annual thing for this County. We should know more about what is being done on the Experiment Station Farm.

There will be considerable said as to fertilizers by men who have devoted a lifetime to the work. Fruit growing will receive attention, and one or more will tell you what the farm is for and what you ought to be getting from it, if you are a progressive farmer.

Then there will be music, speeches

by Ex-Governor Morrison, Hon. W. A. Graham, of the Department of Agriculture, and other Agriculture leaders.

Lets show them that Transylvania County is interested in better farming, and has a craving for the latest and best knowledge on lines affecting your profession. All other professions have their meetings, so lets have ours, and be up-to-dste.

Leave Brevard at 8:30 a. m., back by six p. m.

Yours for more knowledge and more outings,

L. A. AMMON,
County Agent.
