

Rosman Section Of Brevard News

H. F. WRIGHT, Manager---Rosman, N. C.

ROSMAN PEOPLE USE THIS PAGE

As every one knows, we are endeavoring to give each week news items and things of like nature that may be of help to the citizens of our town and community. We, therefore, have the high purpose of serving all the people as best we may, and not merely a part of them. It is not our purpose to serve any one class or classes, family or families, but ALL the people. We have invited one and all to co-operate with us in this undertaking and help us put it over in good fashion.

Mr. Barrett, the big-hearted editor of The Brevard News, is very much interested in the progress not only of Brevard and the lower end of the county, but in the progress of all of our people in every part of the county. To this task he is devoting himself, without reserve, and is working day and night for the people of this county, irrespective of class or circumstances. And all of you know that he is making one of the best county papers it has ever been our privilege to read or examine. There are other counties that would welcome Mr. Barrett right now with his paper into their midst.

It was, indeed, the dawning of a new day for the town of Rosman when Mr. Barrett invited us to use one whole page of his paper each and every week to boost our town and its wonderful opportunities, and to tell the world about our noble citizenship. We should grasp this opportunity with a tremendous grip and hold on and work and toil on until some fine day we may grow and prosper until our streets are paved and all modern conveniences are installed in our town.

Let's use the space more freely as a broadcasting station through which to scatter abroad the matters of interest and importance. Little innocent jokes that would provoke comment of a clean and wholesome nature, that would promote friendliness and good will may be published; but anything that might cause bitterness and ill feeling will not be accepted for publication in this section of the paper.

So give us your news items—we appreciate them—H. F. W.

ROSMAN LOSES GOOD MAN

On Monday of this week at 5:30 o'clock, Mr. Joseph Stepp, one of Rosman's most respected and dearly beloved citizens, passed away at his home here. He had only been ill for a few days and his death was a severe shock to the community.

Mr. Stepp was 78 years of age and had lived at Rosman for the past sixteen years. He was the son of F. M. Stepp and was born and reared near Black Mountain. He was twice married and was the father of four children, two of whom are dead and two living. His first wife was Miss Polly V. Gudger, who died many years ago. Mr. Stepp was later married to Miss Addie Henderson who preceded him to the grave some fourteen months ago. Mr. Stepp was one of those quiet, unassuming gentlemen of which Rosman abounds. He was honest, and thoroughly reliable, a man of which any community can feel proud. He will be greatly missed, but never can be forgotten. He will live on in the hearts of his friends until that day when they shall be re-united with him on the other side of the cold Jordan.

Rev. H. F. Wright attended the ministers conference at Six Mile, S. C., on Monday of this week. This conference embraces four associations, in what is known as the Piedmont section of South Carolina. The meeting was held in the famous Six Mile Baptist academy. Prof. Richard Hallum, Jr., is the efficient principal. The Academy is doing good work.

POWELVILLE IS THRIVING SUBURB

When we wrote up our magnificent little city some days ago, we failed to say anything concerning the southern division of Rosman. This section is located on the south side of the French Broad river, on the highway, leading from Eastfork community to Rosman. Being, as it is, settled up largely by Mr. Mack Powell and his sons and sons-in-laws it seems to us that this section of Rosman could well afford to call itself "Powellville," with no bad effect.

Of course there are many other good citizens located here and sure enough but a few other business additions would make it a real town. But for the present we suppose the people of the community are content with being considered citizens of the city of Rosman.

ROSMAN LOCALS

Mrs. Gus Glazener is not enjoying very good health of late. She is reported as being very ill but we hope for her early recovery.

The lady teachers of the Rosman high school took a trip to the mountains on last Saturday. Going up on the wood train of the Gloucester Lumber company. This was a most delightful experience to the ladies, as they are not accustomed to things of like nature.

Miss Vesie Porter of Pickens, S. C., spent the past week-end with her aunt, Mrs. H. F. Wright. Her visit was one of genuine pleasure and satisfaction both to her and those whom she met. She returned home on Monday of this week with an urgent invitation to come again soon.

Mrs. Bannie Batson has been very ill for the past several days but is now improving.

Business is improving very much since the coming of these lovely spring days. Our business men say "Business is picking up."

Miss Magie Ownby, a former resident of Rosman, but now of Brevard, visited Mrs. Jordan Whitmire on Monday of this week.

Quite a large crowd attended the singing convention at Oak Grove on last Sunday afternoon. A real nice time was enjoyed. The convention will meet next with Cherryfield on the third Sunday afternoon of this month.

We notice a new barber shop outfit has been installed in our city—it's hard for some folks to think we are making progress.

A large crowd of sorrowing friends attended the funeral of Mr. Joseph Stepp at Calvert on Tuesday afternoon. The services were conducted by Rev. J. C. Richardson and Rev. H. F. Wright after which interment took place in the Mount Moriah cemetery.

Mr. Flem Glazener announced his purpose of preaching at a certain well known mountain camp, but has not yet decided on the time. Whenever and wherever Mr. Glazener decides to make a public address, we shall be on hand, because when it rains sugar, our cup must be turned right-side up.

Uncle Harvey Searcy has been suffering much of late with rheumatism in his legs. We hope for his early and complete recovery.

We see from The Pickens Sentinel that South Carolina is to surface-treat the Pickens and Rosman highway from Easley to the foot of the mountains. This will greatly assist

CHEM. STUDENTS VISIT BIG PLANT

Mr. Black's chemistry class has finally convinced him that his definition that "Chemistry is a science that the tenth grade knows nothing about" is absolutely incorrect.

He is very much pleased with the progress which the class is making, so much so that he carried it over to Canton Friday to study the manufacture of paper in the largest paper mill of the world.

After a thorough examination and study of the different processes that the wood goes through before it is made into paper, the bus driver insisted on returning by way of Mt. Pisgah. After many winds and turns and exciting adventures, the top was reached in time to see the sun set under the lovely hills below. The pupils were quite thrilled over seeing the wild buffalos, elks, deer and many other smaller animals in the park.

Those who enjoyed the trip were, Mary Jane Price, Azilee Owen, Joe Galloway, Lyle Henderson, and a member of their sister class, Catherine Galloway.

FORMER PASTOR VISITS ROSMAN

Rev. T. C. King, a former pastor of Zion church, spent the week-end visiting among the people of Rosman. Brother King has a host of friends in Rosman and throughout the county.

We were all glad to shake his hand and welcome him back again.

Brother King preached at Zion Sunday morning, at Calvert in the afternoon, and at Rosman again at the evening service. His sermons were all able, interesting and helpful. The people seemed to hear him gladly. Come again, Brother King.

The traveling public. But what seems that is also needed very badly is the highway should be hard-surfaced or surface-treated or something done, before the next winter weather begins to improve the Rosman end of this important highway.

Miss May White, daughter of Mr. Elmer White, of Asheville, was a pleasant visitor here for several days last week.

Mr. Leslie Owen treated himself and family to a new coach Chevrolet. The coach is perhaps the most popular car the Chevrolet Motor company is putting out.

The B. Y. P. U. of Zion church had a social meeting at the home of Mrs. Stroup on last Saturday evening. The young people were invited to meet in honor of Mr. Tom Stroup, the young son of Mrs. Stroup who is a member of the B. Y. P. U.

Mr. Carl Eldridge and his mother were business visitors in South Carolina one day last week.

Mr. G. C. McClure and family visited relatives in Jackson county on last Sunday. Mr. McClure is manager of the company store here.

A party of young people from here motored to Whiteside mountain last Sunday, taking their lunch and spending the entire day at sightseeing in the Land of the Sky.

Mrs. W. F. Garren and children of Asheville, visited Mrs. Garren's parents, Mr. and Mrs. L. M. Glazener, last week-end.

Mr. Dan Glazener has returned from Middleton, Ohio. He reports a wonderful trip. He says that the only regret that he has is that he didn't have longer to stay and more time in which to see the country.

Little Ruby Glazener visited the school last Monday.

We are very glad to have William Watkins, one of our old high school boys with us again, but very sorry that he had to leave school on account of his health. We hope that he will soon be able to resume his studies.

Dunn's Rock Lodge—267
A. F. & A. M.
Meets every Second and Fourth Friday Nights at 7:30 O'Clock.
Visiting Brethren Always Welcome

NOTICE

All persons holding claims against the estate of the late Col. C. C. Hodges will please present same, properly itemized, to the undersigned.

MRS. W. H. McCOY
Box 145
Brevard, N. C.

We have just learned of the death of Mr. M. J. Welborn of the Mount Grove section of Pickens county, S. C. He was one of our life long friends. And it brings genuine grief to our hearts to learn of his death. He has been a great sufferer for the past few years. While death was not unexpected, yet we grieve at his going. He was a real friend and neighbor to us. Blessings on his memory and the heart broken family (H.F.W.)

Mr. J. W. and B. T. Winchester were business visitors to our town on Monday of this week.

H. L. Berrey, of Mexico, Mo., still! A Belgian police dog recently wears on special occasions the suit brought to this country is said to in which he was married 40 years have led to the capture of nearly 100 bandits in France.

1st!

Our institution is distinct in its plan, different in its service and objects from any other kind of financial institution in this County. We are engaged solely in financing, through first mortgage loans, the buying, building or improvement of homes.

Those who invest savings with us provide the funds. Earnings come from the interest on loans made after expenses have been paid.

Our plan stands FIRST in rapid growth during the past ten years.

FIRST also in its record for safety.

NOTICE

There is a law prohibiting people from parking on the public highways, unless they clear the paving with their cars. This law applies to stops even of short duration. People stopping their cars on the highways should, in keeping with the law, drive to the side of the road until their car is entirely clear of the paving.

The law also provides a penalty for those who drive into a main highway from an intersection or side road without slowing down and blowing the horn.

On April 1 the State Law will be 45 miles the hour, except around curves, in school zones and at road crossings.

I intend to enforce these laws regulating highway traffic, and will appreciate the co-operation of the public. Those who violate the law, however, may expect to be arrested.

ECK SIMS
Highway Traffic Officer
