KU KLUX KLAN SENDS BIG ROBED DELEGATION

McLendon As A Great Evangelist

Record-smashing crowds are attending the meetings at Cyclone Mack's tent during the past several days. It is said the crowd that packed the big tent last Sunday evening was the largest crowd ever assembled in Transylvania county. Mr. "Babe" Cooper, who has lived in Brevord for 64 years, is authority for the assertion that it was the largest crowd ever seen in the county. This statement is also made by other citizens who have lived long in this section.

Brevard has been initiated into the ranks of cities that have something more than usual in the golfing world. The first event that established the right to claim a championship course was staged on Tuesday and Wednesday—a two day session with the best golfers in North and South Carolina participating. On Tuesday afternoon a pro-amateur match of 18 holes was played. This was prestatement is also made by other citizens who have lived long in this section.

Publicity Obtained Because of Golf Events

At the meeting on Monday night, when Mack preached to men only, it is said the largest crowd of men were in attendance that ever assembled in the county.

People from Asheville, Hendersonville and other Western North Carolina towns were at the meetings Sunday afternoon and Sunday evening. Hundreds were here from South Carolina, too, many towns and cities in the Palmetto State being represented. Most of the people who came from distant points were those who attended Mr. McLendon's meetings in their own towns, and came here to hear him once again. It was considered a great tribute to the evangelist in having hundreds of people travel great distances in order to hear Cyclone Mack preach again.

KU KLUX KLAN SENT

UNIFORMED DELEGATION

Delegations representing the Aller of the pro-amateur match on Tuesday afternoon. Ten pros, each with an amateur finished 18 holes in 90 or under and eight additional pairs threw their cards away.

Wile and Brevard Ku Klux Klans, with robes and hoods, attended the McLendon revival last Sunday evening. Marching down the right aisle of the big tent, single file, with the leader carrying the American flag, the procession created much interest. After having been seated nearly all members of the delegation immediately raised their hoods, baring faces and heads, making no effort at concealment of identity.

When the evening's collections had been made, three members of the delegation approached the speaker's stand and the spokesman, in a few words, presented Mr. McLendon with a purse. The speaker told Mr. McLendon that the Klan had followed his movements from town to town and city to city; that he was considered a straight shooter, standing four-square for the Bible, the home

mon on "Americanism."

Mr. McLendon thanked the Klan for their attendance, and brought great cheers when he nodded toward the robed delegation and said: "That's the bunch of boys who are going to help keep Al Smith out of the White House."

RUMORS BRANDED AS FALSE BY THE MAYOR
Reports gained circulation in some manner this week that Mr. McLendon had ben guaranteed \$5000 for nothing else has been found that the golf course is of great value. A comparative few men are bearing the whole burden of financing the golf course. These men deserve the fullest support of the town and county in general. Everybody benefits from the golf course. It matters not whether one plays golf or not—all are interested in getting tourists here, and so far nothing else has been found that
