

SAMPLES OF SUGAR BEET SENT FACTORY

Grown in Different Sections of County in Order to Test Quality of Soil

FACTORY TO BE LOCATED! HERE IF SOIL IS GOOD

Farmers and Business Men Interested in the Possibility of Sugar Industry

Samples of sugar beet grown in Transylvania county were sent Tuesday to The Continental Sugar company, Toledo, as part of the program being waged to bring a beet sugar factory into this section. More than a year ago representatives of the Agricultural Division of the Southern Railway company and Harry H. Patton, city clerk, began interesting the people of Transylvania county in the sugar beet industry. Soil experts were engaged, and their judgment was that the soil in this valley is especially adapted to the growing of the sugar beet.

The Continental company said if the beet could be successfully grown here that factory would be placed some place in the county for the purpose of making sugar from the beet. It was decided to test the soil by growing the beet in various sections of the county.

Messrs. Russell Brown and Carl W. Talley planted the beet in the Penrose section C. C. Yongue, of Brevard; J. R. Whitmire, P. A. Morgan and Sam Gillespie of Cherryfield; J. L. Gillespie of Calvert, and Oat Shipman and Jordan Whitmire were among those testing the crop. Others in the county planted crops, but samples were gathered only from the above named for this particular test. Others will be sent later.

Word from the factory will be awaited with great interest, as it means much to this section. If the beet is pronounced good, then the farmer is given an opportunity of growing a cash crop that brings real money. The factory, in making the sugar, would employ a large force of workers.

PRITCHARD HEARD BY ROSMAN GROUP

Hon. George M. Pritchard, republican candidate for congress in the Tenth Congressional District, spoke to a large audience in the Rosman school building last Saturday night, and from the moment that L. P. Hamlin presented the speaker to the audience until the close of his address, the crowd seemed to thoroughly enjoy the speech. Mr. Pritchard spoke on Governor's Smith stand on prohibition and the arif and called attention to Smith's connection with Tammany Hall. The speaker's strongest expressions were used in condemning Smith's stand on immigration, declaring it to be a dangerous stand, dangerous to every man and woman in America who must make their living by labor.

MISSION STUDY ON CHURCH PROGRAM

Members of the Brevard Baptist church are making extensive plans for conducting one of the outstanding events ever undertaken in this church in many years, which will be in the nature of a Church School for Missions, to be held at the church during the week of October 29 to November 2. The series of meetings will be sponsored by the various missionary organizations of the church, under the direction of Miss Gertrude Mattison, of Raleigh, State W. M. U. field worker.

Classes of the different organizations will be held each night during the week, under the instruction of the different class leaders. Prior to the class meetings, supper will be served each night in the church dining room by ladies of the various societies. Several returned missionaries will be heard during the week, and other interesting features are being planned for this week of unusual class instruction in mission work to be engaged in by the women, young people and children of the church.

A detailed outline of the week's program will appear in next week's issue of The Brevard News.

WARD KILLED BY A NEGRO SLASHER

Grady Ward, well known here where he once lived, was killed last Saturday afternoon by a negro, at Chestnut Springs, S. C., in Greenville county. The negro stabbed Ward to death with a butcher knife, following an altercation which Ward is said to have had with another negro.

Young Ward was 28 years of age, and was the son of Mr. and Mrs. W. E. Ward of Brevard, and had many friends in this county. The negro is in jail at Greenville.

MRS. SILVERSTEEN HEARD BY FRIENDS

Many expressions of praise have been heard from the hundreds of Brevard people who "listened in" Thursday night of last week at the address broadcasted by Mrs. J. S. Silversteen over Station WWNC, Asheville, on the political issues of the day. Mrs. Silversteen spoke under the auspices of the Democratic Executive Committee of Buncombe county.

"Never has there been a time," declared Mrs. Silversteen, "when so much that is cruelly false has been broadcast throughout the land in every conceivable manner." She appealed to the women of Western North Carolina to prove their loyalty to the democratic party that may never be said when the conflict is over that the women failed to measure up to the highest standard of citizenship. The republicans were charged with purposely trying to confuse the issues of the campaign in their alleged attempt to make it a campaign of personalities instead of adhering to the real issues. The speaker declared "There is grave danger of being blinded to the real issues in this campaign by the tear bombs and smoke screens of malicious propaganda that are being constantly thrown about us."

Mrs. Silversteen charged that religious prejudice is being used by the republican party to blind the people to the democratic nominee, declaring that to disqualify one for political office on account of his religion is un-American and in direct violation of the constitution. She ridiculed the group of so-called "Hoover Democrats," claiming that one cannot be a real democrat and vote for the republican nominee for president.

Speaking of Governor Smith, Mrs. Silversteen asserted, "We have never before had a presidential nominee so well equipped for that high office, because of his great knowledge of government and his fearless honesty, and never before has our country needed such a man as at this period in our history."

BLOODHOUNDS GET GOATS OF THIEVES

Thieves in the county who are accustomed to "raiding the proverbial hen roosts" are beginning to have cold feet by reason of the fact that bloodhounds from Pickens, have been used rather effectively in the past week by Rural Policeman Sims in the elimination of unlawful possession of local property.

Effective check-ups on thievery have been made in the past few days in the Reids Siding section and the Selica community. Mr. Sims requests any one missing personal property to get in touch with him immediately and states that bloodhounds will be used in an effort to stop the wave of petty thievery that has been sweeping the county.

PRESBYTERIANS IN RALLY DAY EVENT

Rally Day was observed at the Presbyterian Sunday School last Sunday morning, with a splendid attendance and a most interesting program. After the opening song, the primary department marched in and sang a song, followed by a prepared program, entitled, "The King's Highway," presented by the members of the Sunday School. The theme was the building of the Highway of the Lord through the activities of the Sunday School. Twelve spies were sent out to report the work that was being done in the Sunday Schools all over the Southland. Many interesting facts were brought out. At the close of the program, the children were promoted and promotion certificates were given out to the several classes. Collection for the day, which was for missionary Sunday School work, amounted to \$20.

The pastor, Rev. V. A. Crawford, spoke briefly on rally day. At the close of the regular church services following the following were elected deacons: Sam McCullough, Arthur Harrell, Claude Cantrell and T. G. Miller.

TRI-COUNTY FAIR IS DRAWING BIG CROWDS

Many people of the county are attending the Tri-County Fair in Hendersonville today and tomorrow. The venture is a new one, yet interested leaders say the event is to be one of unusual interest to the three counties staging the event—Henderson, Transylvania and Polk counties. Farmers are especially interested, and many people from over the county are attending the fair.

THE NEWS MADE SERIOUS ERROR IN ADVERTISEMENT

In the advertisement placed in The Brevard News last week by Mr. H. C. Ranson, for the anti-Smith democrats, a very serious error was made by this paper. The heading of the advertisement as written by Mr. Ranson was "A Word to Home Lovers." The printers made it read "A Word to Hoover Lovers," and the proof reader failed to "catch" the error.

NEGRO BOUND OVER IN THE SALTZ CASE

Willie Anderson Held for Trying to Defraud Mrs. J. L. Saltz Out of \$200

Willie Anderson, colored, was given a hearing in Magistrate Shuford's court Monday, and bound over to Superior court on a charge of trying to obtain money from Mrs. J. L. Saltz through fraud. The negro was in Tampa, Florida, at the time he is charged with having made effort to commit the crime, and the question of jurisdiction was brought up by Anderson's attorneys Hamlin and Kimzey.

Several weeks ago Mrs. Saltz was called over long distance telephone from Tampa, and the message demanded that she send two hundred dollars by wire at once. The message at first was said to be coming from Edwin Saltz, a son of the Brevard woman, and who is employed in St. Petersburg. With assistance of friends, Mrs. Saltz sought the aid of Tampa officers, and the negro was arrested. He was brought to Brevard by Sheriff Sitton, where he has been in jail since that time.

The negro claims that another man sent the messages for him, and he was only trying to obtain the loan of that amount with which to pay for an automobile.

H. E. Martin, county attorney, represented the state at the preliminary hearing, and bitterly assailed the negro for the suffering he caused Mrs. Saltz and members of her family, leading them to believe that the son, Edwin Saltz, was injured and in trouble in Tampa.

THE TOWN WE LIVE IN, TO BE STUDIED

Business and Professional Women's Club Hold Great Session Monday

Featuring the October meeting of the Business and Professional Women's club Monday evening was the talk by Miss Juanita Sprinkle, county home demonstration agent, who spoke interestingly of the home demonstration work in general, and more particularly of that now carried on under her supervision throughout the county of Transylvania. Miss Sprinkle placed the responsibility of undernourished children on the mothers and stressed the necessity of greater care in the child's diet on the part of all mothers. Nutrition, child care, clothing, labor saving devices and household management were other subjects discussed by Miss Sprinkle as important elements entering into a study of home economics. Other matters of local interest brought out by Miss Sprinkle were the fact that since her connection with the county work which she started less than two months ago, there have been organized throughout the county 95 women in club work, 215 children and the 4-H girls' clubs.

The remainder of the program for the evening was featured by songs, a talk by the president, Mrs. Hugh R. Walker, on the purpose of the Business and Professional Women's club and a few remarks by Mrs. L. K. Stafford, chairman of the program committee, on better attendance. Miss Martha Boswell, chairman of the legislative committee, in accordance with the request from state and national headquarters, urged that every member cast her vote in the coming election for the candidate of her choice.

Since at the next meeting of the club the subject "The Town We Live In," will be discussed, a committee was appointed to co-operate with the house committee chairman Miss Odell Nicholson, in consulting with the city officials about attending this meeting and discussing affairs of city government. Those appointed to act on this committee were: Mrs. W. H. Underwood, Miss Matha Boswell and Miss Marjorie Garren.

The club voted to engage in a membership and attendance contest, and Mrs. Luther Pushell and Mrs. Nathan Morris were named as captains of the two groups.

This meeting of the club was held at Pete's cafe, and the members present gave the management a rising vote of thanks for the splendid supper served on this occasion and for the courteous service rendered.

WEAVER SPEAKS TO ROSMAN FRIENDS

Congressman Zebulon Weaver, candidate for re-election, delivered an address in the Rosman school house Monday evening, discussing issues that were most interesting to the large crowd that heard him. The congressman spoke of tariff, farm relief, and other issues which have direct bearing upon the American people. He declared himself a hearty supporter of Gov. Smith for president, because of Mr. Smith's splendid ability and peculiar equipment for the office, and his matchless record as governor of New York state.

Congressman Weaver, in the last session of congress, introduced a bill, which was passed, calling for the establishment of a fish hatchery in Pisgah National Forest, but the bill was vetoed by President Coolidge, he said.

Congressman Weaver was given much applause as he compared the platforms of the two parties, declaring that of democracy being, as always in favor of the masses of people in the United States. He drew vivid pictures of the wanton waste and graft in the United States during the past seven and one-half years under republican rule, and urged his hearers to support the democratic ticket all the way, from constable to president.

MASSENBERG SPEAKS FOR VETERANS IN CAMPAIGN

James Massenber, Hendersonville lawyer, delivered a democratic speech Wednesday night at the court house, substituting for Don S. Elias, who was unavoidably detained at the last moment. Mr. Massenber was speaking under the Veteran's democratic organization, and made his appeal directly to the young people and to the veterans to support the democratic ticket, claiming that this part will do more for the disabled veteran than the party in power has done.

ALLAN ADAMS TO SPEAK AT COURT HOUSE TONIGHT

Allan Adams, of Greenboro, will deliver an address in the court house tonight, under auspices of the Veterans organization of the republican party.

CARD OF THANKS

We desire to express our gratitude to Chief Freeman, to Mr. Grayson of Hendersonville, and to everybody who have been so kind to us during our sorrow occasioned through the tragic death of our boy, Grady Ward.

Mr. and Mrs. W. E. Ward.

SAYS TO USE PAROD- ICHLOROBENZINE

County Agent Gaston says: "Now is the time to use Parod-ichlorobenzine."

When pressed for an explanation of this word, what it means, its uses, and so on, Mr. Gaston said it is a fine preparation for killing peach borers. It is to be placed on peach trees, at this time of the year, as follows:

Use one ounce to the tree on trees four years old and over.

Use one-half ounce to the trees two years old to four years old. The preparation can be had at the B. and B. Feed and Seed store. Needn't try to call the name of the thing—just tell Mr. Brittain that you want that thing to kill peach borers.

It is used by scooping out the dirt about two inches deep, around the root of the tree, placing the preparation about one inch from the tree in this saucer-shaped scooped out place. Then cover with dirt, packing it. Leave it there for at least six weeks before dragging the dirt away from about the foot of the tree.

PICNIC SUPPER IS NEXT ON PROGRAM

(By MRS. R. W. EVERETT.)

The Elementary Parent-Teacher association met at the grammar school auditorium Monday afternoon. The meeting was opened with singing "America, the Beautiful," followed by prayer by Mrs. Hinton McLeod. A very small number of parents and teachers were present at this meeting, owing to the fact that date of meeting was not published in the paper or announcements made at the school by the teachers. It would simplify matters a great deal if the parents would remember that the third Monday in each month is set aside for the Elementary Parent-Teacher meeting, regardless of announcements or weather conditions. Mr. Jones has stressed that only one hour be given to this meeting.

The president called attention to a magazine published, called "Child Welfare," which as an organization the parents are urged to take, Mrs. D. F. Moore being in charge of subscriptions. The program committee announced that to make the organization standard, we would have to use materials sent out by the state on the "Seven Objectives of the Association." The objective for this association for the year is the improvement of the school grounds, the same to be worked out with the cooperation of the High School and Elementary Parent-Teacher associations.

Picnic supper is to be given to the teachers of the town schools on October 24 at Rockbrook Camp. Cars are to be provided for transporting the teachers, leaving town at 3:30 o'clock. All parents expecting to attend are asked to furnish baskets with food enough for their own suppers.

After the disposal of all business, Prof. T. C. Henderson gave a short talk on the "Why and How of the P-T-A.," giving a short history from the beginning. He stressed the moral and spiritual training of the children who are to become the citizens of tomorrow and urged the cooperation of parents with the teachers, asking that more fathers become interested in the association, and as an example to others joined both the High School and Elementary P-T-A.

HENDERSON MAKES FINAL SETTLEMENT

County commissioners in special session Monday received the report of Tax Collector W. B. Henderson, and with the exception of a few items concerning back taxes, Mr. Henderson's report was accepted. He was instructed to make further efforts to collect these back taxes.

Report of a special auditor who has been working on the county books was received. Other routine matters were acted upon by the board.

MOTORCADE PLANS NEAR COMPLETION

Plans for a motorcade into South Carolina and Georgia were discussed by the directors of the Chamber of Commerce Tuesday evening, at one of the best meetings of the year. The Woman's Bureau of the commerce body served a splendid dinner to the directors, most of whom were present, and the enthusiastic meeting was due in a large measure to efforts of our ladies.

Hendersonville is to join Brevard in the motorcade, according to present plans, and the purpose of the venture is to induce people traveling into the mountains to come by way of Pickens and thence into the mountains, through Transylvania county and into Henderson county. Many other matters of importance were acted upon, the question of possible location of industries here being among the most interesting matters up for consideration.

GREAT GATHERING OF BAPTISTS HERE

Association Holding Annual Meeting—Rev. W. W. Marr Elected Moderator

DR. MADDRY DELIVERS POWERFUL ADDRESS

Scores Carnes for Stealing and Urges Members to Rise To Occasion

(By Rev. E. R. PENDLETON.)
The Transylvania Baptist association convened with the Brevard Baptist church Wednesday morning, for its annual meeting. A singular record begins the minutes of several meetings in the past—"On account of the downpour of rain, etc." Last year the association met with Enon church at Penrose.

This association of churches began in 1881, and is now composed of 26 churches in the county. Despite the weather, the opening was good, and the Brevard church is well equipped to entertain the meeting, using the dining rooms for dinners at the church.

Among the distinguished outside visitors is Dr. C. E. Maddry, of Raleigh, the corresponding secretary of the General State Board.

W. M. Henry, of Brevard, is moderator, and Rev. W. H. Hartsell is clerk.

The devotional hour was in charge of Rev. E. R. Pendleton, Mrs. T. H. Dodsworth is directing the musical programs.

In the absence of W. M. Henry, moderator, the meeting was called to order by Rev. W. W. Marr, vice-moderator, and the election of moderator for the new year resulted in advancing the Rev. Mr. Marr to the position. Rev. W. H. Hartsell was re-elected clerk of the association. Rev. H. F. Wright was elected vice-moderator. T. C. Henderson, who is the county superintendent of education, was re-elected as historian. C. R. McNeely of Toxaway, was elected treasurer in place of D. H. Orr, resigned.

The annual sermon was preached according to appointment by Rev. W. W. Marr, who spoke from the Scripture as given in Isaiah 42:4, on "The Coming Kingdom of God." It was an able and appropriate message on the authority of Christ and His final victory, eloquently delivered and inspired those who heard it.

Dr. C. E. Maddry, of Raleigh, was invited to speak at 11:30, so he could make his schedule in reaching another meeting. The Raleigh minister praised the sermon preached by Rev. Mr. Marr, pronouncing it one of the best sermons he had ever heard, and declared the sermon was "worth a trip to the convention to hear."

"Baptists have been great evangelizers. Our weakness is in our teaching program," said Dr. Maddry, as he proceeded to discuss the co-operative move of the denomination—orphans, mission boards, ministerial relief, hospitals and Christian education.

"We need a good location for a church right now, in West Asheville where the big rayon mill will soon overwhelm us." "The mills in New England are coming South so rapidly that we need state boards more than ever to keep up with the expansion."

"North Carolina has been made over in eight years, with respect to good roads, and with respect to education" - "The transformation is so rapid we are hardly conscious of it" - "Every 5 1-2 people in North Carolina own an automobile."

Dr. Maddry raised the question of the church keeping up with these rapid strides of science, and necessary changes in methods of spreading the gospel, and eloquently presented the subject.

In alluding to the Home Board tragedy in Atlanta—"Because Mr. Carnes stole the Lord's money, I'm not going to do it, too—one dollar out of every ten belongs to God. Shall we rob God by keeping it? If I thought Carnes could defeat the Baptist cause, I would be ashamed of my people and quit. Do you want to be a 'Little Carnes'?"

"Judah was a thief, and stole what was in the bag. They did not know it until after the Crucifixion, and then had the books audited and found them short. Did that defeat the Apostles? They had very little to say about the steal, and very little about Judas. Baptists will not let Carnes' crime defeat them."

In closing he appealed to the honor of Baptists to go on, with all their pledges just as usual.

Rev. J. M. Page was present, representing the Biblical Record.

Dinner was served in the basement of the church to several hundred delegates and visitors.

PHYSICIAN PRAISES WORK OF DEPARTED MINISTER, P. P. ORR

In memory of Rev. P. P. Orr, who died October 9, 1928, I will say that I have been intimately acquainted with him for 50 years. He was always of a jovial disposition, ready all the time for a joke.

For the last six months I have seen him, professionally, every few days. Every visit that I made he greeted me with a pleasant welcome. He realized for several months that the time of his departure was near. His mind was good up to the very last. His departure was a great loss to friends and relatives.

A. E. LYDAY, M. D.
