

Thirty Years In The Service Of Brevard and Transylvania County!

1899 ===== **1929**

Thirty years of joyful service—A period through which this bank has come in close contact with all the people of the county and with all its institutions. Outstanding men and women in this county today were boys and girls when this bank began its service to their fathers and mothers, thirty years ago! In the education of the children of the county, in the advancement of our Public Schools, in the building of our Good Roads, paving Streets and laying Sidewalks, in the progress of Farming, in the College and University Courses of many of the men and women of the county this bank has felt a keen interest and deep concern, lending whatever assistance that was asked of it.

\$60,000 ===== **\$1,500,000**

Thirty years ago this bank had \$60,000 Deposits. Today its Resources are more than a million and a half dollars. There is profound joy in this growth, and there is deep, sincere appreciation for the support of the people of this county. Every officer, every director, every stockholder, every employe of this bank are deeply sensible of the fine spirit of loyalty on the part of the people to our institution.

TO BUILD ===== **A GREATER COUNTY**

This county has come a long, long way! We're just now in position, all of us working together, to build a real county here, a county in which the Farmer can really enjoy life — where Industries will thrive, where the Tourist will come from all parts of the country to revel in the delights of this beautiful section.

AN INVITATION ===== **TO ALL CITIZENS**

We are here to serve, in every way we can, the whole people of Transylvania County. We hope to enlarge upon the service which we've given during the last thirty years. As the community continues to grow, this bank will grow, and all business will grow, and the farms will increase in value. So let's work together, in a spirit of helpful co-operation, realizing at all times that what is good for one is good for all, and what hurts one must hurt all.

We thank you for your support during the past thirty years, and trust that at the end of another decade, Transylvania County will be at the very top in the list of wealthy Counties in the State.
