

CHILDREN RETURN TO SCHOOL ROOMS

It is reported that many children have entered school since the board of education authorized Rural Officer Sims to act as truant officer. This action came about at the suggestion of the Kiwanis club.

Since the officer has visited various sections of the county, it is reported, the boys who had been in the habit of "laying out" of school have now returned to their books.

Instructions given the officer were to prosecute the parents of children who were violating the compulsory school attendance law.

OAKLAND NEWS

It doesn't seem that we have been able to write about anything but sickness in some time, but so many of our folks have been and are still on the sick list.

We have just learned that Mr. Ordway, who was superintendent of the State Highway when No. 28 was being built through our section, is at his camp home at Cold Springs village and has been quite ill for several weeks. We are glad to report that he is recovering rapidly now.

The many friends of E. A. Reid will be sorry to know that he is seriously ill at this writing.

Mrs. Mary Burgess and little nephew, E. Galloway, are both on the sick list.

The many friends of Sylvannus Sanders will be glad to know he is back home, and says he was in three states while away but did not find anything in the way of a job that beat what he found in the good old home state. But his traveling companion, Clarence Norton, remained in West Virginia.

Mr. Raymond English spent Saturday evening at the home of Mrs. Lee F. Norton.

Miss Marion Henderson and Mrs. Norton had as dinner guests Sunday, Mrs. F. Henderson and son, Eugene, of near Brevard.

Mrs. Clarence Norton was in Brevard Saturday on business. While there she called on Mr. T. E. Reid at his home and reports him improving.

Little Miss Connie Chappell spent the week-end with her friend, Vernie Lee Reid, at her home at Sapphire.

Charles and Ray McNeely are now going to Lake Toxaway school. The teacher and pupils at Oakland regret to give them up.

Mr. John Reid, brother of E. D. Reid, is visiting in our village. He has been away several years but says there is no place like home.

We see others are telling of damage done in this section by the high winds of last week, and will say our village did not escape. Several small buildings were turned over and porch roofs were blown off of some of the homes. One apple tree especially we wish to mention was blown down. It was planted more than 75 years ago by old Uncle Sam Reid. It was a real old landmark and known to the Reid family as the old buff tree. To see it lying on the ground is like seeing an old friend down and out. The shelter under which Mrs. Lillie Alexander kept her car was blown down doing great damage to her car. We surely hope we will not have another such wild storm.

A letter from Mrs. Mary Reid, better known as Aunt Sis, to Mrs. I. S. Sanders was received a few days ago and she wished to be remembered to all her old friends here. It will be remembered that she left this county several years ago to make her home in the state of Washington, where her sons were already located. She takes The Brevard News and says it is like a letter from home, and more so.

It's still cold up here in the mountains, but some of our neighbors are starting garden work. We see their plow team going bright and early.

Mrs. E. D. Reid visited her sister, Mrs. S. E. Alexander, Monday.

Lane Sanders spent Sunday with his cousin, C. W. Fisher.

It looks now as if it might snow again and we must get out and get in our kindling.

We have just heard that there was some objection to Oakland News of last week, and will say that a guilty conscience needs no accusing. You see there were no names mentioned, but usually the hit dog hollers.

PISGAH FOREST NEWS

BREVARD BAND IS READY FOR SEASON

Brevard's own band is making preparations for a summer's series of concerts for the public. Prof. J. F. Cutter, band master, has been training the musicians since the first of the year, although his salary does not begin until April first.

The municipal band has meant much to Brevard as a means of high class entertainment for the citizens and visitors. Many people have commended Prof. Cutter for his unselfish work in teaching members of the band. Other citizens have made big contribution to this important work also.

O. L. Erwin, Brevard merchant, has given the band a room in which to hold rehearsals for a long time, and has never made any charge for rents. W. H. Harris, another citizen who has largely assisted the band, is often the subject of praise when the worth of the band is being discussed.

This is the fifth year that Prof. Cutter has been here, and young men are now playing in bands and orchestras throughout the nation who obtained their musical training under Mr. Cutter.
