THE ALABAMA STORMS AND THEIR LESSONS.

People living in these glorious mountains can hardly realize the awfulness of the conditions existing in Alabama and other Southern sections where the flood waters wash away the homes of people, play havoc with farms and business houses, lift school houses and churches from their foundations, and carry them on toward the gulf and sea.

Fathers and mothers here who read last week of the little children huddled on the second floor of school houses, without food, beyond the help of their parents, surrounded by raging flood waters, could not keep from wondering what they would do were their own children in such plight.

Often our citizens express themselves as being disgusted with this section because of bad roads, or dull business, or some other something that is not exactly satisfactory. We ought to be on our knees thanking God that we live in such a blessed and naturally protected section as we have here in Transylvania county. It is far better to live here, and skimp and save and economize, than it is to live in other sections where floods come often, cyclones tear across the sections, windstorms sweep all that happens to be in the pathway, even though money there be plentiful and business at its best.

We're an ungrateful people—those of us who complain and fuss and fume, kick and grumble all the time. There is so much here that contributes to the good of the inhabitants, so much more than we really deserve, that all of us ought to be ashamed to be ever complaining about "conditions."

Watch the sun rise tomorrow morning over See-Off mountain, lift your eyes to the light of the day as the sun passes the Meridian, gaze upon the glories of the sunset, and then thank God again that you live in a land like ours—here in this little empire of beauty, surrounded by Nature's bulwarks of defense.

HOW MUCH OF A REAL CHRISTIAN ARE YOU?

The average Christian would shudder at the thought of becoming a murderer, or of committing a theft.

Yet a commandment is a commandment, and there are no degrees in their violation. It is just as un-Christian to break one commandment as it is another. One sin will condemn a person just as thoroughly and just as surely as will a thousand sins. Bearing false witness against a neighbor, stirring up strife among one's fellows, either will condemn just as surely and just as thoroughly as will the commission of any other crime.

Take a fellow who is trying to live right, for instance. He has, through the grace of God and the forgiving power of Jesus Christ, been enabled to break away from the evil that had been dragging him down. Say he has the support and helpful encouragement of most of those about him, yet there are a few who seemingly delight in falsifying against him, spreading tales that he has again fallen into the thorny pathway he once trod. This does not hurt the man in question at all. But what about the one who bears this false witness against his neighbor? How the Devil must laugh, for he knows that these talebearers and falsifiers are committing crimes that are classed with murder, adultery, and others in the commandments of the Holy Writ.

We ought to be so careful in the charges we make about our neighbors!

LET BLANTON MOVE TO ASHEVILLE, THEN.

The Forest City Courier, in emphatic language and evident sincerity, is pleading the cause of Rutherford county in the matter of the next congressman from the Tenth Congressional District. The Courier says Rutherford county has had only four sons in congress in the one hundred and fifty years life of that county. Rutherford is now offer-

ing Mr. R. B. Blanton, a man of excellent standing and splendid equipment, as the democratic candidate for Congress in 1930.

Brother, let us give you a tip. If you are dead set on having Mr. Blanton nominated, you get him to move to Asheville just as quickly as the speeding trucks can rush his bed-smoking stand, brogans, riding britches and other personal and household paraphernalia to the Capital of the Land of the Sky. Asheville has a neck-hold and a scissors lock on that congress job, and any man living in any other of the counties in the Tenth District has about the same chance to get the coveted plum that a piece of Limburger cheese would have in obtaining a permanent place on a fastidious lady's dressing table.

Here's betting The Forest City Courier a week's supply of news ink that there will be at least ten strong, upright, high-sanding, double distilled Buncombe county democrats in the scramble for that nomination, and here's another bet of a week's supply of free reading notices "just to help fill up the paper" that one of these self-admitted pure in heart from Buncombe county gets that nomination.

Mr. Blanton's only chance is to move to Asheville—or, better still, let there be a revolution, rebellion, strike, whatever you want to call it, among the other nine counties that have for so long been given the exquisite joy of voting for a Buncombe county candidate for Congress.

NO SYMPATHY AT ALL FOR SUCH A MAN.

"Too bad about that fellow Bible meeting death at Daytona Beach, wasn't it?" a friend asked when news came that Bible had been killed in the races in the Florida city.

"It's plumb all right," we replied. Any man who will drive an automobile at the rate of 206 miles an hour is not deserving of any sympathy whatever from anybody, anywhere, at any time. Such driving is of no earthly use to any one or to anything. It gains nothing at all for society, contributes nothing to civilization, and is a gamble, pure and simple. The man who drives like that is gambling with death, and death is playing from a stacked deck. If a man loses, then he is no more deserving of sympathy than is any other gambler who loses the pot.

THE PRAYER CORNER

INTERCESSION FOR THE CHURCH YOUR CHURCH AND MINE

"Intercession is the soul of service. It gives spiritual meaning to that which we do for others; it makes plain to us just how and where we can best help our fellows, and it furnishes us with a sympathy for, and an insight into human life that can be procured through no other channel.

"Its compensation is the bestowal upon its user of an enriched manhood or womanhood, and a tender heart. What spiritual and hidden agencies are let loose by intercession upon those who are prayed for, it's hard to determine; but we know without understanding how or why, that powerful influences for good are released by his enabling devotion which agitates with new effectiveness the unresting hands of God."

The Church is not our particular parish or our particular communion; it is the whole company of God's people, whether scattered throughout the world, and wearing many names, or resting in the quiet oneness of Paradise.

Our parochial or church life is great only so far as this is remembered. It is good to identify yourself in spirit with those with whom you disagree in points of religion.

PRAYER FOR THE CHURCH YOUR CHURCH AND MINE

Almighty God, without whom our labor is but lost, prosper the work of Thy Holy Church throughout the world (especially in). O prosper Thou our handiwork. Build it upon that foundation other than which no man can lay, Jesus Christ.

Defend it from the defilement of worldly motives, unclean hands, and the lust of visible success, that in that day when the fire shall prove each man's work of what sort it is, ours may abide, and we, Thy laborers, have praise of Thee, through

the same Jesus Christ our Lord. Grant, O God, who didst govern all things in heaven and earth, unto this congregation all things that are needful for its temporal and spiritual welfare, strengthen and confirm the faithful; visit and relieve the sick; comfort the sorrowing; rouse the careless; recover the fallen; restore the penitent; remove all hindrances to the advancement of Thy Truth; guide with Thy Holy Spirit, the pastor and officers; move Thy people to give as Thou hast given to them; and bring all to be of one heart and mind within the fold of Thy Holy Church, to the honor and glory of Thy Blessed Son Jesus Christ, our Lord.

Our Father, give us to know Thy will and to do it. May we know that Thou art working in us and through us. May Thy love be made known to others by the lives we live. Help us to find those who are ready to learn of Thee through us. Help us to find those whom Thou has for us in any way to help.

May we reach out in earnest longing for the fellowship of those in whom these same desires may have come to new life and power. May the spirit of loving service spread from heart to heart, and bring with it not only zeal, but joy and peace and harmony and oneness in Christ. May a new life pervade our own church and may all the people of all the churches look into one another's faces with a new sense of having but one Master to serve and one great work of love to do, in the name of our Lord Jesus Christ.

O God who never failest to go with those Thou sendest, bless Thy servants (especially), whom Thou hast chosen to bear Thy Name before the dwellers in the uttermost part of the earth, that they may have wisdom to know strength to do, and patience to suffer, through Jesus Christ our Lord. Amen.
