## EAST FORK NEWS

The farmers are putting in good time since the ground is dry enough for planting. We think most every farmer is at least half through planting.

B. A. Gillespie and son, Charlie were in Brevard Sunday.

Mr. and Mrs. Jack Heath and daughter, Polly Kate, of Asheville, were East Fork visitors for the week-end.

Miss Mary Gillespie is home after spending last week in Asheville. Elmer Gillespie was an East Fork visitor last week.

Mr. and Mrs. L. C. Redmon and daughter, Evelyn, of Central, spent the week-end at the Gravelly home.

We had a tax listing day one day last week, but no one in the settlement knew anything about it, so now their taxes aren't listed. Still it was not the fault of the tax lister, but everyone was so busy they never passed around where the notice was posted.

We were mighty glad to notice, in last week's News, where our county commissioners had opened up their hearts and given us a Recorder's Court. Oh, they ain't going to be stingy no more, no more. We don't believe they'd even fire the county demonstrators now. Well, we wonder if the reason they did fire so many folks, could be they were leading up to this very business. We believe it's a mighty wise step they've taken and one that took a heap of forethought, but we are puzzled to know what they'll do with their prisoners when they get the county home filled up and the chain gang done abolished, all our roads in top (pie over) shape. Nobody wants Transylvania prisoners, and when you take into consideration that all the folks will avail themselves of the privilege of taking an appeal, we fail to see the economy in a Recorder's Court. Yet it's a mighty fine job and a paying one, too, so we feel proud of the fact that prosperity has struck our county broadsided and hard times won't even ever come again, and the folks will stop their everlasting howl about the school taxes busting the county. Surely when we can afford such luxuries as we now do, we won't take things so hard.

## SELICA NEWS

Farmers of our section were glad to see a few fair days the past week, that they might finish their planting.

The many friends of Miss Edith Stamey and Mr. Homer Lance will be glad to hear of their marriage at the home of Rev. Judson Coren, last week. We all extend them wishes for a long and happy life.

Oates Bryson has been on the sick list for a few days.

J. P. Whitmire and son Fred, have bought a new truck and are hauling logs to Pisgah Forest.

Calvin Stamey visited Harrison Stamey Sunday.

Brevard is not the only section in our good old county which has been visited by the pests called chicken thieves—they have been in Selica recently and we hope to chase them with steel dogs instead of blood hounds if they aren't careful.

Van Waldrop killed a pig Monday and is preparing for real farm life this summer.

We are very glad to hear that Sutton Wilson has purchased the Gaines Farm. We are always glad to hear of a good farmer buying a good farm with us and he has one of the best.

Mrs. Houston Barton is still on the sick list.

Toxaway, wake up, and get Officer Wood (the law) up with you,—he gets the goods. We know, for he was in the Selica and Cherryfield section better known as the Beasley Branch and got a fine outfit last week.

Mrs. Cope Lee of Lake Toxaway, visited her sister, Mrs. Ward Breedlove, last week.

Our prayer meetings and B. Y. P. U. are getting along nicely but would be much better if greater numbers of the people would come out to the meetings.

The largest congregation that has gathered at Catheys Creek for years, was that which gathered to attend the funeral of Mrs. Wesley McCall, one of our best loved women, who died in an Asheville hospital last week.

Homer Lance left Monday for his job at Mills River.

Clarence Whitmire was planting Irish potatoes last week and hopes to make a good crop.

Some of our folks are attending the Stanberry revival this week at Brevard.

Mrs. Rosa Barton is visiting her mother at Etowah.

C. B. Moore of South Carolina, was visiting his friends and kinsmen here recently.

Mr. and Mrs. Walter Blythe of Balfour were visiting with us Sunday.

Dewey McCall, has gone to Mexico to accept a position there. Mrs. McCall is with her father-in-law and family, since the death of Mr. McCall.

Mrs. Jeter Barton is on a few days visit from Valdese.

Mr. and Mrs. Tom Ewbanks are visiting their son, Elijah Ewbanks.

Mrs. David Orr and sons were Brevard visitors Tuesday.

V. B. Waldrop went to Brevard the first part of the week on business.

Mrs. Elbert Lance is visiting Mr. and Mrs. Julius Lance, here.

Wake county farmers received \$1.40 a bushel at shipping point as final settlement of the nine cars of sweet potatoes sold recently. This netted them \$1.10 a bushel after all charges were paid.

# It costs very little to recondition a MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of trouble and expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to supply parts as long as they are needed by Ford owners.

So that you may get the greatest use from your Model T, we suggest that you take it to the nearest Ford dealer and have him estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure now will help to prevent costlier repairs later on, increase the value of the car, and give you thousands of miles of additional service.

For a labor charge of only \$2.60 you can have your generator put in first-class condition. A new universal joint will be installed for a labor cost of \$3. Overhauling the carburetor costs \$1.50; steering gear, \$3.50; radiator, \$7.50. A complete overhauling of the rear axle assembly runs between \$5.75 and \$7 for labor. An average price of \$22.50 covers the overhauling of the motor and transmission.

These prices are for labor only because the need and number of new parts depend on the condition of each car. The cost of these parts is low, however, because of the Ford policy of manufacturing and selling at a small margin of profit.
