DONALD LEE MOORE GIVEN HIGH HONOR

March Which He Composed To Be Broadcast From Cincinnati

Brevard will be on the air throughout the country next Tuesday night, August 20, from 10:30 to 11 o'clock Eastern Standard time, when WLW, Cincinnati, broadcasts March C. S. N. This march, which the great Cincinnati band will broadcast, was composed in Brevard, by a Brevard boy, and it goes without saying that all Brevard people, and people throughout Western North Carolina, will tune in on WLW Tuesday night and listen to music as composed by this section's own son.

The very fact that the Cincinnati band, and the broadcasting station WLW is putting this number on the air is absolute evidence of the merit of the march. That broadcasting station places nothing but the best on its programs, therefore a number so selected is given great place in the musical world when heard over WLW.

Donald Lee Moore is well known here, where he and his brother, Alvin Moore, have made great names for themselves in the musical world. He is a son of Mr. and Mrs. D. F. Moore, and lives on Maple street.

Friends of young Moore, Brevard's talented musician, are congratulating him over the fact that his selection passed the rigid censorship necessary for broadcasting, and many are looking forward to hearing the band at Cincinnati broadcasting station render his musical selection next Tuesday night.

WRECKING TIRE CO. PUSHING BIG SALE

Carl McCrary is conducting a tire sale, notice of which is given in a half page advertisement in this issue of The Brevard News, in which he is offering tires at Service Station prices. He makes statement that he is trying to reach a given record in sales, in order that he may enlarge his connections with the Firestone people.

Mr. McCrary is considered one of the most successful young business men of the town, and has already made a name for himself as rendering genuine service to his patrons. His advertisement contains a direct appeal to the public, stated in frank manner, and will doubtless receive big response.

MOST BEAUTIFUL SECTION IN WORLD

"I have been around the world on two different tours, and have visited many beautiful places, but this is the most beautiful country I have ever visited. Fairfield Inn on Lake Fairfield is simply a dream," said Miss Agate Brown, of Sewickley, Penna., who is spending a time at Fairfield. Miss Brown was in Brevard Wednesday, and made the above statement in talking with acquaintances.

Miss Brown expressed the wish that members of her family and her friends in Pennsylvania will visit Fairfield Inn next Summer instead of going abroad. She told of the magnificent scenes in Italy, Switzerland and other countries, "but they do not compare with the quiet, appealing beauty of this section," Miss Brown added.

GLAZENER SAVES YOUNG MAN'S LIFE

Coy Fisher Pinned Beneath Car In River—Dan Glazener Saves Him

Coy Fisher, young Rosman boy, was saved from drowning in the French Broad river late Tuesday afternoon, when he was pulled from underneath his automobile at the bottom of the stream by Mr. Dan Glazener. Young Fisher was driving his car across the old bridge at the lower end of Rosman, when a broken radius rod caused him to lose control of the machine. The car swerved, and went through a broken section of the railing, into the French Broad river twenty feet below. Fisher was pinned to the bottom of the river by the car, which had fallen onto him.

Mr. Glazener saw the accident, and dived from the bridge immediately to make attempt at rescuing young Fisher. Fisher's foot was all that could be seen of the young fellow, and Mr. Glazener pulled him from underneath the car by the foot. Fisher's arm and leg were slightly bruised and torn, otherwise he suffered no ill effects from the experience.

The old bridge, it is said, has been condemned for some time, and travelers now use the new bridge further up the river.

All Rosman is in accord in giving praise to Mr. Glazener for his heroic work, as certain death would soon have resulted to young Fisher but for the quick work and daring deeds of Mr. Glazener.

PISGAH FOREST DOWNS BREVARD NINE IN HECTIC GAME BY SCORE OF 7 TO 4

Pisgah Forest downed the Brevard team 7-4 Saturday afternoon in a game on McLean field that was replete with good, bad and wild plays.

Brevard started off in the first frame with a vim that spelled destruction to the Carermen when they scored two runs and all but tallied number three. "I told you so!" "they won't get a smell," was heard from Brevard fans in the grandstand—but, the second half was an other runaway, and this time, it was the other way, Pisgah Forest tallying three runs in their half of the frame.

Gibson for Pisgah Forest and Payne for Brevard, were both off in their hurling, neither being up to their usual standard. Gibson, who is generally conceded one of Pisgah's best batters, went hitless, as did Payne also.

Harry Bryson for Brevard, was hitting star for both teams, getting four singles out of five times at bat and played a pretty fair game around the hot corner. H. Goodman, Ross and Morris for Pisgah each got a pair of hits one of Ross' being for getting on each time, twice on hits, one pass, and once on an error. Fred Osteen, who relieved Short in cen-

DAMAGE SUITS ARE FINALLY SETTLED

Glazener and Moore Each Get \$4750—Large Jury Verdicts

Julian A. Glazener was given a jury verdict in the sum of \$12,000 against T. C. Henderson and the Safety Transit Lines, Inc., in his suit for damages resulting from an automobile collision which occurred in March, of last year. The Glazener case followed close upon the case of Donald Lee Moore, who was injured at the same time, and who had been given a verdict of \$7,000 against Mr. Henderson, the bus line being absolved from any blame in his case.

Judge Harwood set aside the verdict as to the bus line in the Glazener case, and afterwards the plaintiffs and defendant Henderson, through their counsel, agreed upon a settlement of \$4,750 each.

The two cases occupied most of the time of the Superior court last week, and was closely contested by attorneys on both sides. Ralph R. Fisher represented both Moore and Glazener, while W. E. Breese and A. Hall Johnson represented Mr. Henderson, and Judge D. L. English and Clyde Douglas, the latter a Raleigh attorney, appeared for the bus line.

NOTED BAPTISTS ATTEND MEETING

Madry, secretary of the General Board of the Baptist State Convention. Other men of note are Dr. Frank P. Gaines, president of Wake Forest college; Dr. Thos. Watts, of Dallas, Texas, secretary of Relief and Annuity Board, Southern Baptist Convention, and Rev. Norfleet Gardner, former pastor of The Orphanage church, now pastor of the Baptist church at Dunn. Dr. Gardner spoke for the Baptist orphanage.

Much business was transacted, and reports from the various churches in the county showed tremendous gains made by the denomination in this section. Visiting officials were highly pleased with the reports, and made mention of their pleasure.

Rev. Dr. Wallace Hartsell, pastor of the Brevard Baptist church, preached the introductory sermon, which was pronounced one of the strongest appeals ever made by the popular Brevard preacher.

Rev. E. R. Pendleton was elected moderator for the coming year. Rev. W. S. Price, Jr., pastor of Cherryfield church, was host to the convention, and with the assistance of members and brother pastors, gave the Baptists one of their very best county meetings.

SMALL CROWD SEES R. E. LEE PROGRAM

One of Finest Entertainments Ever Witnessed in Brevard Was Given

Quite a small audience enjoyed one of the finest programs ever presented in Brevard, when the Boston School of Expression and Dramatic Art presented the Robert E. Lee program at the High School auditorium last Friday evening. Many Southern songs, accompanied by beautiful illustrations, delighted the audience, and other enjoyable features of entertainment comprised the evening's program.

The main feature of the program was the illustrated lecture on Robert E. Lee given by Dr. John K. Lacoock, president of the Boston School of Expression now in summer session in Brevard. Dr. Lacoock, in his inimitable style, told in a vivid manner of the life and accomplishments of this historic character, whom the speaker considered the greatest general and one of the greatest men in the annals of history. Adding to the interest of the lecture, were the stereopticon slides showing the different phases of the life of General Lee. It was apparent that Dr. Lacoock had spent much time, study and research in preparing this comprehensive lecture, with the accompanying pictures, and his audience, though small in numbers, was evidently appreciative of the unusual high order of entertainment presented.

Other features of the evening's entertainment included selections by the Brevard orchestra, readings by Miss Frances Howard, and Miss Vesta Young, vocal solos by Mrs. Hugh Walker singing the old favorite Southern melodies, and the singing by the audience of some of Lee's favorite hymns. Alvin Moore and Mr. Carter accompanied Mrs. Walker in her solo numbers.

Many of those present on this occasion were heard to express appreciation of the fine character of the program presented, and to express regret over the fact that more people did not avail themselves of the opportunity to learn something about this great Southern general.

POTATOES AT ONE DOLLAR A BUSHEL

Potatoes and more potatoes have been coming into the B. and B. Feed and Seed company during the week, and the price of one dollar a bushel still prevails. The B. and B. is averaging around five car loads of potatoes each week. Movement fell off a little during the rain, because the farmers could not dig their crops, but since the rains ceased they have more than made up for the time lost.

The B. and B. announces that they want still more potatoes, but ask that they be clean and dry as possible. The price of a dollar a bushel will be paid as long as the market justifies. Many farmers are rushing their crops through while this price is being paid.

SIMS INSTITUTES SUIT FOR SALARY

County Commissioners and C. R. McNeely Are Defendants in the Case

CASE TO BE HEARD BY HON. MICHAEL SCHENCK

Question of Power of the Two Boards Involved in Contest

Eck L. Sims, rural policeman for Transylvania county, has instituted mandamus proceedings against the board of county commissioners and C. R. McNeely, county accountant, to compel them to pay Mr. Sims his salary which he claims to be due for his work during the month of July, 1929.

Hearing of the case is set for August 24, before Judge Michael Schenck, in chambers at Hendersonville.

It is claimed by Mr. Sims that he is the duly appointed rural policeman of the county, holding his appointment from the board of road commissioners, and that the board of county commissioners struck from the road board's budget the amount necessary to carry on the work of rural policeman.

The board of road commissioners contends that it has the power to appoint such rural policeman, and that it is the duty of the county commissioners to provide funds for such expense, and the duty of the county accountant to make payment for such services.

Members of the board of county commissioners say that the commissioners are making every reduction possible in the operating expense of the county government, and that the elimination of this item is but one among the many items that have been taken from the list of county expenditures.

COUNTY FARMERS ATTEND S. C. MEET

By J. F. Corbin
Forty-five men and boys of the Rosman community on Wednesday, August 7th, spent one day at Clemson College during Farmers' Week. Yes, some thirty mature Transylvania county men became school boys once more and rode in a school bus and visited Clemson College on a "See and Learn Farm Tour."
Clemson was at its very best for a visit of this kind. Over a thousand farm men from over South Carolina were on the grounds while we were there trying to learn more about the farming business. The North Carolina party attracted wide attention and was welcomed by the college and reported a profitable and pleasant day spent. Some of the most important things observed by the party were: the college grounds, special machinery demonstrations put on by manufacturers from all parts of the United States, experiments in different crops, display of fruits produced on college farm, museum and library, the dairy, the hog and poultry plants and the orchards.
After looking through the hog barns and viewing some of the big, fine Berkshire hogs that weighed several hundred pounds, one of our East Fork friends remarked that he refused to leave the college grounds until he found out how long it took the college to breed the snouts off of those elephants.
