# BAIRD & COMPANY

This store which is located at 22 Broadway in Asheville, are extensive dealers in extra-standard grocery products. They invited the people of this section to make their store their headquarters while in town. This store has the finest line of staple and fancy groceries to be found in this part of the state. They bend every effort to satisfy their customers' needs. They have the store very well arranged for the rapid handling of goods thus assuring you of prompt service and their customers always find their food in first class condition. They employ a force of clerks, each one of whom is a genius in doing and saying the accommodating things to their customers. It is the rule and principle of their business to do more for their customers, than simply sell them groceries, and their customers appreciate this almost as much as they do the "high quality" them.

They are making "Special" inducements to out-of-town customers and they handle a full and complete line of standard brands and they are always first with fresh fruits and vegetables when in season and canned goods are always of the best brands and are always kept fresh. Baird and Company is a locally owned store and their system of merchandising is such that they are able to successfully compete with other concerns of similar nature. The manager is a prominent citizen and has won the admiration and friendship of the entire community and we feel justified to say that this is one of the most progressive concerns of the kind in this territory, and we are not alone in this assertion, for their many customers who have patronized them have nothing but compliments and praise for much as they do the "high quality" them.
