### WON'T YOU TURN FROM SIN

by E. D. Randolph

Soul with you the Saviour pleads,  
Longs your heart to win,  
He would fill your many needs,  
Won't you turn from sin.

You have wasted precious years,  
Lived for pleasure wrong,  
Sin has filled your eyes with tears,  
Robbed your heart of song.

Life's brief days will soon be thru  
To turn no more,  
Come, while Jesus waits for you,  
At the open door.

Let Him give sweet joy for woe,  
Take all stain away,  
Let Him make you "white as snow",  
Turn from sin today.

### CHORUS

Won't you turn from sin (right now)  
Life's fair crown to win—  
Jesus pleads. He knows your needs.  
Won't you turn from sin.

## MONKEY-FACE OWL IS CAPTURED HERE

Ranging far afield from his usual haunts, a Monkey-face owl, commonly called a barn owl, but listed in the blue book on birds as the "Aluco praticinola," was captured Tuesday near Selica, by Arthur Orr, and brought to Brevard. For several hours the owl was on display in the window of the Pisgah Industrial Bank, where numbers of people gathered to gaze upon him. The owl was caught in a trap that had been set to catch something that had been stealing chickens.

It is a beautiful fowl, with various shades of tawney, very finely mottled, dotted and streaked tips. Its underparts are light tawney with some spotting. It has a long face, and almost naked legs. The owl ranges in sections of the United States and Mexico, known in North Carolina from Davidson county to the coast, and seldom seen in the mountain section.

### SOME THINGS THE FEDERATION OF CLUBS MEAN TO WOMEN

The National Federation of Business and Professional Women's Clubs of the United States, under whose auspices National Business Women's week is being celebrated March 10 to 16, numbers 56,000 members, located in 47 states and the Hawaiian Islands. It has approximately 1,100 clubs and 47 State Federations and expends an annual budget of \$120,000. At its recent National convention in Mackinac Island, Mich., the sum of \$25,000 was raised from the floor in approximately 40 minutes as the nucleus of a building fund to establish permanent headquarters in Washington, the national capital.

A business reciprocity program whereby business women, members of the Federation, pledge themselves systematically to promote other business women was launched at the same convention.

The Federation operates The Independent Woman, only magazine in the world published exclusively in the interests of business and professional women. This appears monthly and carries stimulating articles from leading writers dealing with various phases of business women's problems.

Recently the Federation has completed a survey which has disclosed strikingly interesting facts about business and professional women: the vocations in which there is the greatest opportunity for success; the large number of women who are handicapped by the care of dependents; the range of salaries possible to women of grade school education, of college and secondary school education, etc., and even the age at which the earning capacity of women begins to decline.

The organization is non-partisan and non-sectarian. It is made up almost entirely of self-supporting women and numbers on its roster Mrs. Hoover, wife of the president of the United States; Mrs. Calvin Coolidge, wife of the ex-president of the United States; seven of the eight women who are now members of the Congress of the United States; Judge Florence Allen, only woman Supreme Court justice in the world; and Nellie Taylor Ross (first woman governor in the United States).

### COUNTY COURT TO CONVENE MONDAY MORNING, MARCH 24
