

RIGSBY-MORROW CO.

Foster Bennett, Owner; Roy C. Bennett, Manager.

This concern located on East 4th Avenue in Hendersonville, and phone No. 97, is known throughout this section as the leaders in the manufacture of sash, doors, millwork and allied lines. In their years of experience this firm has attained fame through their progressive business methods and superiority of their products. They are recognized throughout the country and add to the progress and prosperity of this section.

They make a specialty of mill work of all kinds and can supply you with sash, doors, special mill work and wood work of all kinds. In addition they carry a complete line of paints, roofing and a full line of building material. They can furnish your building complete, from foundation to roof. In the olden days when we started to build a home, the first requisite was to find a carpenter who could be trusted to build properly the doors, sash, staircase, and build all the finish into the home. Not so today with this modern mill at your disposal. It

is time that you should find a real carpenter but by having the mill work ready-made much time can be saved on interior finish. In the mill work from this concern you are guaranteed honesty of design, material and workmanship. "Once a customer always a customer" or better still, they have built up their business on the high quality of merchandise they furnish.

Prices on lumber and building material have now dropped to a place where it is quite a lot cheaper to build than to rent. A novel feature in ordering from this concern is that you can see them manufacture daily the many pieces of wood work you wish for your home. Here also you can pick your design out of their stock and know exactly what you are getting.

Rigsby-Morrow Company knows the needs in wood work of the people and provides for every modern improvement to better the manufacture of their line. We, in this edition, compliment them upon the very valuable service they are rendering and point to the members of the firm as leading citizens of our community who merit our liberal patronage.

Enjoys Best Health In 25 Years

DAVID S. BEEKMAN

"At the age of 79 I am still active in business and I attribute my entire present good health, energy and vitality to the benefits I derived from Sargon. I actually believe this wonderful medicine has added years to my life.

"For five years my health had been failing steadily. My nerves were all to pieces, and I hardly knew what a sound night's sleep meant.

"Since taking the Sargon treatment I feel as well and strong as I was 25 years ago. I have a fine appetite, sleep good, and constipation, biliousness and dizzy spells are all things of the past."—David S. Beekman, 528 Kearney St., San Francisco, Calif.

Sargon's aim is not mere temporary relief, but new and abundant health. Don't experiment—profit by the experience of others.

SHERMAN'S SPORTING GOODS STORE

The best "tonic" the writer could suggest for anyone would be a visit to this store which is located on Main street in Hendersonville.

"America does not play enough." How often we hear that criticism of our country from English and continental critics who visit here. And until late years there was a great deal of truth in the statement. We had not then realized that the right combination of work and play was necessary for success in any line of endeavor. We learned that the fight toward progress and success had to be interspersed with moments of play. The great war served to emphasize this lesson in our minds.

To see that the people of the city and surrounding community play is the business of this modern up-and-going sporting goods house where you may buy every necessity for playing from a golf ball on up. Stocked with standard, nationally known lines of sporting goods this establishment is ready to serve the community in truly metropolitan fashion.

Perhaps you are a follower of Izaak Walton. Someone has said that only two characteristics were necessary to mark a man as trustworthy—he must smoke a good pipe and be a good fisherman. Whether this is true or not, we all know that thousands of red blooded American men are never more at home than when they can spend the day along some wooded stream with a tackle and a cornocob pipe. That is their play. If you are of this breed, you will find much to attract attention in this

store. Snappy steel rods, the latest thing in reels, flies, hooks and all the other trappings which make up the well equipped angles.

Or you may be addicted to the more recently fashionable habit—golf. Come in and look over the mashies, the drivers, the rigid looking mid irons. Here you will find that new club, too. The one with the latest angle with which your friends are having so much success in laying the ball right on the green. And there is a new putter here. Try it. Maybe you can go below the average 70. There is everything else here to make a complete outfit of which the most distinguished golfer would be proud. Truly, this store sells everything in the way of golf except the caddy.

But the stock is not limited to golfing outfits. Maybe it's your daughter's or son's birthday? How about a tennis racket or a ball bat? Nothing makes the boy's or girl's heart beat stronger for Dad than a gift of "something to play with." Baseball supplies, football equipment, camping outfits, anything to have a good time with—it's all here, new and shining. You'll stay an hour if you come.

The store is up-to-the-minute in every detail. The owners and managers are really honest to goodness men in the community, full of pep and enthusiasm for every sort of healthy activity taken up by the community. You can trust a sportsman; you can trust these men who supply sportsmen with what they want because they are sportsmen themselves.
