A DRUG STORE

Is More Than

A DRUG STORE

In this new day of "Service," a Drug Store embraces about everything any one may need in relieving pain, restoring health or retaining good looks. From the Soda Fountain in front, to the Prescription Department in the rear, a real Drug Store is literally packed with ten thousand different and distinct articles with which to meet the demands of ten thousand different needs.

The Davis-Long Drug Store In Brevard

Is a complete Drug Store in every particular, carrying in freshly stocked assortments everything that one can find in any of the drug stores in much larger cities. There is nothing too good for the good people of Transylvania county, so we have nothing but the very best in everything. But while we give much time and thought to all these various articles, there is ONE thing about our business that we give especial attention, and that is

Our Prescription Work

Nothing is more important in a community life than the careful filling of prescriptions. Upon this work hangs life and death, therefore, we have two registered druggists in our store, both of them on duty most of the time, but one of them on duty at all times. We appreciate your business, whether it is a nickel's worth of Alum or a \$25 purchase. It is to serve you, and serve you aright, that we strive.
