

BASEBALL TEAM SHOWING UP WELL AT BREVARD HI SCHOOL

With a record bunch out for the various posts, baseball at the Brevard High School got away at a fast start last week, and prospects of the best team in years are showing. Every position is being hotly contested for, and although several places look like they belong to certain individuals, Coach Tilson is authority for the statement that no position is covered as yet. The entire bunch is slugging like regulars.

First game scheduled is for Friday, April 4th, with Hendersonville, on the local diamond, though it is probable that a game will be played with Christ School next Tuesday. The schedule now calls for two games with Hendersonville, two with Blue Ridge and several dates pending.

Boys who have been contesting for a place on the Blue Devil outfit are: Pitchers—Albert Payne, star of two years, and an all-round athlete who has made good at all phases of high school games; James Jones, who has plenty of speed and a pretty good break; John Pickelsimer, young but energetic. John is of the south-paw variety, and is almost certain to get a showing in part of the games played.

Catchers—Paul Schachner, all-round athlete in high school circles, and who flags them down like a veteran and has a good peg to second. Paul is also showing a good batting eye. Along with Schachner is Tommy Wood, who has been playing a pretty good brand of ball for two years. Tommy has a good head on him for working batters and it is highly probable that he will work in several of this year's games. He also has a fair batting eye.

First base—Three boys, Carl Kilpatrick, Roy McCall and Dobby Lance, are out after the initial sack.

All three are showing up pretty good, with the edge going to Carl Kilpatrick. All three boys have had experience.

Joe Schachner is having hard pitting to beat "Little Dick" Aiken out of bag No. two. Joe, who plays like a seasoned veteran, has everything that the position needs, but then Dick is right there with the goods, too.

Fred Miller and Charles Morgan are whooping it up around the hot corner, both making a good showing. Both boys have took 'em hot and willow. Then, too, there are one or two more who would like to serve on third.

Bill Erwin, by priority and seniority rights has the hottest of hot places—short—by reason of the fact that he swings a wicked stick when hits means runs, and he is no novice at scooping 'em up either. Walter Clayton, little but loud, is his opponent for this position, and is making a wonderful showing for his pep that Bill has, but is a little weak in his batting. Probability is that Walter will play on short in at least part of the games.

In the field, Carol Davis, veteran, James Jones, veteran, Albert Lyday, Harold Kilpatrick and Hayes Shipman have all been showing up good. Aside from these boys, several of the fellows who will be rooted out of the infield on account of their inability to judge the quick breaks, will be seeking a berth in the outfield where they will have more time to judge the offerings.

All in all it looks like a good year for the Blue Devils, and with an other week to fill in the weak places, Coach Tilson is confident that he is going to have a real snappy little outfit.

PENROSE PEN POINTS (By Noah C. Miller)

Hello World! Don't go away—Here's a word from Penrose and Enon.

The weather has been fine for the past two months, and the local farmers report much progress with plowing and other farm work.

W. L. Talley was seen pruning his orchard recently. It looked like an up-to-date job he was getting done.

D. R. Holliday, road overseer, has been busy collecting road tax recently. Pay four dollars or work six days is the rule. If you work, bring along your own pick or shovel. And the roads are improving under Mr. Holliday's efficient supervision.

Frank Woodfin and Noah Miller, both World War veterans, attended a meeting of the Monroe Wilson Post, No. 88, American Legion at Brevard last Friday evening. They report an enthusiastic meeting of veterans and an excellent address by Division Vice Commander A. C. Pennington, of Oteen.

The school census shows twenty-six young folk from the immediate community, Boyd No. 3, attending either high school or college. We think this an excellent showing for a community of this size.

Rev. Mr. Bragg, of Rosman, has accepted a call as pastor of Enon church. Preaching time to be the second and fourth Sundays in each month. Rev. Mr. Bragg comes to us well recommended and should have the hearty, loyal support of all members of the church. It is only by such support that he can accomplish the most good. Let's begin by all turning out to hear him the second Sunday in April at eleven o'clock, when he will preach his first sermon as pastor of the church here.

E. R. Galloway, of Rosman, of the State Department of Conservation and Development, visited our local school Friday. The teachers and all the children assembled in the principal's room to hear him give an interesting lecture on fire prevention and the protection of fish and game. Mr. Galloway then presented the school an excellent picture which he had used as the basis of his lecture together with a poster showing open and closed seasons for fish and game. These were posted in the room for future reference.

FEARED HE WOULD HAVE TO QUIT WORK

"My health was so bad I was afraid I'd have to give up my job, but Sargon put me on my feet again and I have more strength and energy than I've had in 20 years."

JOHN M. FABIAN

"I had been going down hill for 10 years. My whole system seemed poisoned. I was tortured at times with pains in the back of my head and sides and I could hardly digest anything. Five bottles of Sargon made me feel like a new man. I have a fine appetite, my digestion seems perfect, I've gained several pounds in weight and a lot of new energy. I sleep like a farm boy and mornings am ready for a hearty breakfast and a hard day's work. Sargon Pills rid my system of poisons, stimulated my liver and ended my constipation."—John M. Fabian, Charleston.

EAST FORK NEWS

The Grand Old Up-roar Society, of which we spoke last week, continued their meeting on through the week, and we are not sure that it is closed yet. We can't give a complete list of the members at present as none of those taking part in the proceedings seem to be clear in memory enough to give a complete list of names. We may decide just to give the names of those not belonging as it wouldn't take so much space in the paper as to give the list of members. Seriously, we began to think we might have to write an obituary or two. Honestly, we believe if the ones who were on the jump last week could see themselves as others see them, they'd hang their heads in shame and never look any one straight in the eye again.

We wonder if the bad roads have anything to do with the bad situation. People from other sections where there isn't an abundance of the thirst extinguisher can't get in to help us get rid of an over production and our poor benighted sots seem to think it has to all be consumed. Well, the roads are better, come on, we don't want our Up Roarers to have another Up Roar party.

Our hearts go out in sympathy to the mothers and fathers whose sons stayed too long at the party, and for the wives whose husbands stayed too long at the party, and for the sisters whose brothers stayed too long at the party, and we feel the deepest pity for the children whose daddys stayed too long—but we just can't help feeling shame for the whole bunch who stayed too long.

The fish law is open on East Fork, so it's reported. It may be a little early but East Fork is usually on the dot and seem to never do anything half way.

Ingle Reynolds is confined to his bed with a badly cut knee. He was working at cross ties when the unfortunate accident occurred.

Gun King is reported very ill at his home on East Fork.

Mrs. W. M. Galloway continues seriously ill.

The infant daughter of Mr. and Mrs. James Raines has been real sick.

Jeff Lance, of Brevard, visited his parents, Mr. and Mrs. Joe Lance, Sunday.

Leon and Elmer Gillespie, of Asheville, were East Fork visitors last week.

Real Cigarette Pleasure

WHY BE SATISFIED with less smoking pleasure when for the same price you can have the luxury of Camels?

Camels stand alone. If you merely want to puff, anything will do. But if you want to know the true delight of smoking—to enjoy the mild, mellow fragrance of superbly blended Domestic and Turkish tobaccos, brought to perfection by the most scientific methods of manufacture but with none of the delicacy of its natural goodness lost or spoiled by over-treatment—then Camel is the cigarette for you.

You'll find in Camels all the exquisite enjoyment that can be packed into a smoke.
