

# NAME REPUBLICAN CANDIDATES FOR COUNTY OFFICES

(Continued from page one)

has won for himself a name for fairness on the bench, impartiality to all, and impressed the community with his conduct of the court.

County Court Solicitor: W. E. Moretz. Mr. Moretz has recently moved to Brevard for the practice of law. He is that rare combination of a minister and lawyer.

Board of Education: Mrs. Norma Chapman King. Mrs. King has been teaching in the county schools, but will not be engaged next year as teacher, it is said, because of the policy of the school board to employ no woman as teacher who has a child under six years of age. Mrs. King is the only woman named on the county ticket.

County Commissioners: All the old board re-named, as follows: J. H. Pickelsimer. Mr. Pickelsimer is chairman of the board, and is recognized as a man of unusual ability. He is head of the Cascade Power company; has been sheriff and several times member of the board of county commissioners.

C. R. McNeely. Mr. McNeely is county accountant and county auditor, serving his first term in public service. Before his election two years ago Mr. McNeely was merchant and lumber dealer at Toxaway, which interests he still retains.

A. M. White. Mr. White is now serving his second term as commissioner. He is employed by the Rosman Tanning company, at Rosman, and has long taken an active interest in public affairs.

W. L. Talley. Mr. Talley is one of the prominent citizens of the county, a farmer and merchant of the Penrose section.

L. P. Hamlin acted as temporary chairman of the convention, while C. M. Douglas was chosen as temporary secretary. While the several committees were making up their reports, the convention was entertained by a speech from Butler Brown, who brought down the house with his wit.

Brownlow Jackson, candidate for congress, was the principal speaker of the day, and talked to the convention about the necessity of organization in the campaign. He paid tribute to the part that Transylvania county has played in the affairs of the district, recalling the splendid campaigns made by Lewis P. Hamlin and R. R. Fisher for congress. Mr. Jackson expressed his confidence that he would be elected at the November election.

### The Platform.

Be It Resolved, That we, the republicans of Transylvania county in convention assembled, on this the 16th day of May, 1930, adopt the following as the Platform of the republican party in the campaign in Transylvania County, in the year 1930:

1. That we, the republicans of the county of Transylvania, do endorse the national administration of President Hoover and favor immediate passage of the tariff act now pending before congress and believe that its immediate passage is the only thing to revive business.

We heartily endorse the republican state platform and particularly that part of the state platform which refers to tax conditions in North Carolina, and we pledge in Transylvania county a continuation of the program of economy, which has been followed by the republican officials of the county during the last two years and has brought about a great reduction in taxes.

2. We believe in the election of road overseers in the various townships by popular vote of the people therein and that the county roads be worked by the township as a unit and that the board of road commissioners of Transylvania county be abolished, and allow this duty to fall upon the county commissioners. We advocate the financing by the state government of the state public school system, thus allowing small counties like Transylvania to be aided by the large centers like Asheville and other big towns in North Carolina, which are existing off rural communities like Transylvania.

3. We condemn the absentee voting law and point out that it leads to fraud in the primaries and in the general election and is cutting the moral fibre of our community and stirring up a strife and bitterness that can never be eradicated as long as such law is prone to abuse.

We urge this platform as binding on the candidates of the republican party to be chosen hereafter.

# The honest reason

THERE IS ONLY one real reason for smoking and that's *pleasure*. A pretty good reason after all. The cigarette you select in the long run will be the one that can contribute most to your enjoyment.

Camels are made with that idea in mind—the idea that genuine smoke pleasure is what you want in a cigarette.

When you try them you will find a refreshing difference—a mild, mellow richness of choice tobaccos—a blended harmony of fragrance, silky smooth—that makes smoking a delight.

The fact that more millions have chosen Camel than any other cigarette is a tribute to an honest product, marketed for an honest purpose.
