## Enjoys Life at 49

"It was positively alarming to me the way I would tire so easily with the least exertion," says Mrs. G. W. Neely of 2915 Seavers street, in Dallas. "I hardly knew what to do next, until heard that Herbine is helping so many. I got a bottle of it. Now I eat hearty meals and the food is nourishing instead of souring in my stomach and filling me with gas. My housework is a pleasant duty now, compared to the way I used to drag it out and leave half of it undone."

Herbine is a vegetable liquid which does nothing more than help your stomach and bowels take care of the food you eat, so you will not have the gas which causes constipation, biliousness, sick headaches, sour stomach and indigestion.
