

MRS. UNDERWOOD BURIED WEDNESDAY

Mrs. T. J. Underwood, 82 years of age, died Tuesday at her home near Horseshoe, after having been ill for a number of months. Funeral services were held Wednesday at Shaws Creek church, near the Underwood home, and burial was made in the cemetery at that place, the family burying ground. The deceased was a member of the Presbyterian church and had long been active in Christian work.

Surviving are the following children: W. H. Underwood, Brevard; T. B. Underwood, and Mrs. W. P. Turner, of Spartanburg, Mrs. Ebb Allison of Horseshoe; Miss Irene Underwood, who lived at the old home place with her mother, and Mrs. J. F. Wingo, who has been at the home for several months with her mother.

By the way the Old Folks roar at automobile crashes you might think that there were no frightful and fatal runaways in the horse and buggy days.

The Coast Guard is a larger force and has a greater task in maintaining the blockade against "Rum Runners" than the Federal Navy in the Civil War.

An Unpleasant Subject

All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from

Come in and see the facts for yourself

YOU no longer need to send for tires by mail, nor do you have to buy tires made by some unknown manufacturer. Firestone prices are now the lowest in tire history, but more important than that, Firestone quality has never been higher.

We've taken the mystery out of tire buying

Visit our store and we will show you the "inside facts" about tires. We have actually cut up new tires and have the cross sections for you to examine—you will easily see why Firestone quality is so outstanding.

Don't worry about punctures and blowouts

Punctures and blowouts are bothersome and most people fear them—but NOW, because of the patented Double Cord Breaker, Firestone has practically eliminated them. Come in and let us show you this feature that puts two extra plies of cord right under the tread where most road wear comes and where punctures and blowouts start.

Compare Prices and Specifications

Because Firestone Tires hold all world records on road and track for speed, safety and endurance, many people think they are high priced—but just check these low prices—then compare quality—you will be dollars and miles ahead.
