a barbaric splendour, with strikingly original themes and rhythms based largely upon the tribes of Central Asia. The music has an oriental color, due to the novel orchestration employed, and accentuated by the liberal use of drums, cymbals and other instruments of percussion. The personnel of the Asheville Musical Arts Society includes over one hundred of the leading players and singers of the district.

Arnold Dann, nationally noted musician will conduct. Miss Mary Coleman will officiate as concert master. Mrs. Maude Kilgore, Asheville's contralto will be the soloist and Miss M. Smathers, organist and choir director of Trinity Episcopal church is the society's accompanist.

Arnold Dann and the society received enthusiastic praise from the critics of the musical journals from New York to San Francisco for the brilliant performances at the two previous concerts of the Musical Arts Society.

Seats may be reserved at M. V. Moore and Co., Patton Ave., Asheville, at the popular prices of one dollar for orchestra and first three runs of balcony, the last runs of orchestra and balcony, 50 cents.

CLAYTON-ALLEN

Of interest in Brevard and Transylvania county is the following announcement:

Dr. and Mrs. Joseph W. Allen announce the engagement of their daughter Dorothy to Mr. Joseph E. Clayton the wedding to take place in the early fall.

Miss Allen will be favorably remembered here as the music instructor in the Rosman schools for the past two years.

Mr. Clayton is the son of Mr. and Mrs. J. E. Clayton.

ENGAGEMENT PARTY IS LOVELY AFFAIR

Miss Lila Matthewes charmingly entertained a group of friends Thursday afternoon with a bridge party at her home on Peronneau street announcing the engagement of Miss Dorothy Allen, the attractive daughter of Dr. and Mrs. J. W. Allen, to Mr. Joseph E. Clayton of Brevard, N. C., the wedding to take place in the early fall.

The spacious home where the tables were arranged for bridge was effectively decorated with lovely garden flowers of the pastel shades. After the guests assembled they were given by little Misses Patty Page and Milton Matthewes, dainty tally cards with hand-painted bride and groom, and on the reverse side was a most interesting announcement, Allen-Clayton, the wedding to take place in the early fall.

Late in the afternoon, a delicious salad and ice course was served. Little Cupid brides were given to the guests as souvenirs. Miss Allen, the guest of honor, who was charmingly gowned in brown chiffon velvet with accessories to match, was presented with a lovely piece of lingerie. Misses Agnes, Jack and Mildred Clayton, visitors of Miss Allen, and Miss Ruth Reed, house guest of Miss Bebe Matthewes, were given dainty guest prizes. Miss Louise Allen, who won high score, was presented with a beautiful handkerchief box.

Mrs. Milton Matthewes, Mrs. J. W. Allen and Miss Elizabeth Viperman assisted Miss Matthewes in serving to the forty guests present. (Spartanburg Herald)

Race Drivers DEMAND the TIRES WE SELL!

THE Indianapolis 500 Mile Endurance Race is famous as an endurance test and battle of tires for no driver can win this race who has tire trouble. He races over a hot brick track at a speed of 100 or more miles per hour. For eleven consecutive years Firestone Gum-Dipped Tires have been on the winning cars.

FOR years the winner of the hazardous race of Pike's Peak climb—where a slip meant death—used Firestone Gum-Dipped Tires.

THESE drivers do not simply choose Firestone tires. They demand them. They know by experience that this tire never fails. It never fails because it is built not to fail by the special Firestone processes of tire building.

- Every fibre of cotton thread going into the making of the cord fabric, which is the foundation of the tire, is coated and cushioned in rubber by the Firestone patented Gum-Dipping process.
- Under the tread is the Firestone patented Gum-Dipped Double Cord Breaker—which means not only two extra plies where most needed, but also sets the Firestone Tire apart as an all cord tire, while others are woven fabric and cord.
- Firestone Super High Speed Tires now have 32% more rubber in the tread, giving deeper grooves that will give you over 50% more non-skid wear before the tire is smooth.
- THESE are not just features. They are basic differences in tire building proved by service on every kind of road and track.
- YOU may never intend to race. You may never intend even to speed. You may never climb Pike's Peak. But, every day—whether you know it or not—your life depends upon your tires.
- WE HAVE these Super High Speed Gum Dipped Balloons for sale today. They are the same tires that the racing drivers demand—the premier tire of the world. Their first cost is low. Their cost per mile of service makes them cheaper today than even cheap tires. They are inexpensive, not only because the price of rubber is low, but because we have joined with Firestone to bring into the sale of tires the same degree of efficiency which goes into their manufacture. The benefit of all this is in the price to you.
- DRIVE IN TODAY. We will examine your tires and make you an allowance for your unused mileage. We can equip your car with new Firestone Super High Speed Tires at a much lower cost than you ever expected. They will give you unequalled service and satisfaction.
