

**LETTERS GIVE ALL
FACTS ABOUT TWO
DISPUTED FACTS**

(Continued from page one)

that the bank bought the note, the money for which is in the bank, being paid out regularly for school work and road work.

The other muchly mooted question concerns the part that it is alleged that Mr. McNeely took in location of the state highway leading into Jackson county. Mr. McNeely has contended all along, it is claimed, that he favored the route from Rosman by Gloucester bridge into Jackson county. Others have charged that Mr. McNeely favored the route that was adopted, from Toxaway to Jackson county line. While it would have been to Mr. McNeely's personal interest for the road to go from Toxaway, yet he, as an official of the county, stated that the best route for the most people was that turning from the Rosman road by Gloucester bridge. Mr. Shipman's letter also gives the information that Mr. McNeely so stated his position to Commissioner Stikeleather, when the question of the route was being considered. In order to get all these facts before the people in their true light, this article is being published, along with letters from Chairman Pickelsimer to Mr. Shipman, and the latter's reply to Mr. Pickelsimer, bearing out Mr. McNeely's statement about the matters involved.

The letters are herewith published:

Pickelsimer's Letter

"Mr. Thomas H. Shipman
Brevard, N. C.
Dear Sir—

"There seems to be some misunderstanding over the County relative to the \$100,000.00 in short term notes borrowed by the County Commissioners in Sept. last on the Anticipation of 1930 Taxes to the effect that it was \$150,000 and that the notes were purchased by Jos. S. Silversteen and also as to certain other statements made relative to the conversation between two of our Board at Mr. Stikeleather's office, as you will recall that Mr. Stikeleather called you from the street and asked you to come into the conference knowing that you were interested in the road projects over the county.

"Since there is a misunderstanding we have been misquoted I will ask that you state what Mr. McNeely said to Mr. Stikeleather about the road going from Owens gap to Lake Toxaway, also, as to the information as to the last paper sold by our county and who purchased same and for what purpose the loan was made.

"Our Board feels that you will be fair to us in this matter regardless of politics. Awaiting your advice in this matter, I am,

"Yours very truly,
"J. H. PICKELSIMER,
"Chairman Board of
County Commissioners."

October 16th, 1930.

Shipman's Reply

"Mr. J. H. Pickelsimer, Chairman
"Board of County Commissioners,
"Transylvania County,
"Brevard, N. C.
"Dear Sir:

"This is to acknowledge receipt of your letter of the 16th stating that there seemed to be some misunderstanding as to the amount of paper your Board sold last month, and also as to certain statements

made by Mr. McNeely to Mr. Stikeleather in my presence.

"As to the amount of paper you sold last month will state the amount was \$100,000.00 of tax anticipating notes that were sold to the Brevard Banking Company and the money is now on deposit with us to be used in paying teachers, also for other purposes and is to be repaid out of the tax levy for 1930.

"As to the conversation between Mr. McNeely and Mr. Stikeleather that Mr. Stikeleather called me in from the Street to discuss with you gentlemen the road situation in this county, Mr. Stikeleather asked Mr. McNeely as to which location he preferred; from Owen's Gap to Lake Toxaway or to the bridge over the river connecting with the new road built to the Gloucester bridge. Mr. McNeely told Mr. Stikeleather that officially he thought the road should go to the river bridge as it would serve more people by going that route, but that personally it would be to his interest for the road to go to Lake Toxaway as he has property at that place.

"Hoping this is the desired information, I am,

"Very truly yours,
"THOS. H. SHIPMAN."

Oct. 17th, 1930.

**BREVARD INSTITUTE
BIRTHDAY ENJOYED**

No occasion at Brevard Institute is more enjoyed than the annual School Birthday party. Under the able direction and management of the Senior Class, the event took place the night of October 16, that date being the own birthday of the superintendent, Mr. J. F. Winton.

The dining room was decorated with autumn leaves of brilliant hue and hung with crepe paper festoons in the school colors of green and white.

Over one hundred pupils and teachers were present to enjoy a three course dinner, which was highly spiced with entertainment in the form of toasts, musical selections, stunts and jokes.

From the opening song of welcome by the Senior class to the cutting of the monstrous cake by Mr. Winton and the clever presentation of gifts to the members of the faculty, not a dull moment was allowed to intrude upon the festivities.

During the evening, each class presented Mr. Winton with a gift in an effort to show the love and esteem in which he is held by the entire student body.

Revival to Start Oct. 26

The following week, October 26-November 2, will be "Adjustment Week" at Brevard Institute. Services will be held each evening and the students given opportunity to make a stand on the side of Right and to form decisions that will influence their future.

Rev. Raymond Holroyd, of Newberry, S. C., will be the guest of the Institute for the entire week, and will conduct the services each day. An earnest speaker, Mr. Holroyd is well-known throughout the upper South Carolina Conference for his faith proclaiming of the word of God.

The public is cordially invited to attend any of the services, which will be held each morning at 9:45 a.m., and each evening at 7:30 p.m.

A DAUGHTER

Mr. and Mrs. Aston Heath announce the birth of a daughter, Mary Louise, on Thursday, Oct. 16. Mrs. Heath is the former Miss Lucile Wilson.
