GIRL SCOUTS ENJOY CAMP AT SAPPHIRE

(Contributed)

The Girl Scout Camp has at last become a glorious reality! After weeks of planning, preparation, and expectation, the camp has embarked upon its first session. High honors go to Jane Yonque for naming the Girl Scout Camp. The name she chose is Camp Silver Lake.

On June the first the Scouts had their first Council Fire on the lovely shore of Sapphire Lake. Mrs. Hinton McLeod, captain of Troop II, told a very interesting story entitled "The Sweetest Story." No story could have been more appropriate or entertaining to relate to a group of Girl Scouts.

The most outstanding event of June the second was a candy pulling. Despite the fact that the majority of the candy was deposited upon clothing, faces, and hands, this enjoyable feature was a glorious ending of the day's activities.

Friday evening, June the fourth, the second Council Fire was held with several members of the B. and P. W. club present. Mrs. L. B. Haynes, noted Browning devotee, narrated a very touching selection from the famous English poet entitled "Pippa Passes." All who have read this know what a lovely story it is, but nothing can compare with Mrs. Haynes' manner of presentation.

The raising of the flag pole was a very impressive ceremony. As Miss Bill Aiken threw a cherished memo into the hole, Miss Ethel McMinn marched around and filled it with spadefuls of earth. As a crowning

Rev. Jesse R. Owen, former Brevard pastor, and for 17 years pastor of the Mars Hill Baptist church, now of Asheville began the revival services Monday evening before an interested worshipful congregation. Large congregations are predicted to hear Rev. Owen's powerful sermons.

Prediction Made That Morrison Will Win By Large Majority In 2nd Race

Raleigh, June 8—Robert R. Reynolds sprung the surprise of a generation in political circles, and walked away with the voting in last Saturday's primaries with a lead of something like 12,000 over his nearest opponent, Senator Cameron Morrison. In round numbers the vote stands: Reynolds 150,000 Morrison 138,000 Bowie 37,000 Grist 28,000 Simmons 3,800

Friends of Cameron Morrison are planning the call for a second primary, and Reynolds is making plans for the great contest, which will be staged on the second day of July. Bowie and Grist have both expressed intention of voting for Reynolds and supporting him in the second contest. It is expected to be the political battle of the ages.

It is believed here that Morrison will defeat Reynolds in the second primary by a great majority. Reynolds' lead in the first primary has occasioned much speculation in political circles. But little importance is attached to the wet and dry phases of the Reynolds victory. In the first place, it is pointed out, Morrison was too self-confident, and let the hammering Reynolds, Bowie and Grist make great dents in his armor before he really thought there was any real danger to his candidacy.

Morrison's friends were likewise too confident, it is argued. But both Morrison and all of his friends will enter upon the second primary in old style manner, and every trick in the kitbag of real politicians is known to these friends of Mr. Morrison.

Dry advocates were likewise unorganized, and unmindful of the real proportions of the Reynolds campaign until it has grown into a great force. It was too late then for efficient work to be done. But now it is different, the leaders of the dry forces say, and Mr. Reynolds with his wet platform will go up against the old time militancy of the prohibition advocates in this coming contest.

Interpretation placed upon the Reynolds vote by outside papers, seeing nothing but a wet victory in the campaign and its results, has stirred prohibitionists to a fever heat, and they're putting on the armor and making ready to prove to the world that Robert R. Reynolds will never go to the United States Senate from North Carolina on a wet platform. It is said that many people who voted for Reynolds in the first primary for reasons of their own, are now for Morrison because of the wet interpretation that has been placed upon the Reynolds vote.

People schooled in politics predict a great Morrison victory in the second primary.

STATE SCHOOLS TO COST \$15,512,386 DURING NEXT TERM

There Will Be An Army Of 22,526 Teachers Employed By State.

TRANSYLVANIA COUNTY TO GET \$50,000 OF FUND

Overhead Reduced For Entire State While Fund For Teaching Is Increased

Raleigh, June 8.—An increase of 335 in numbers of teachers for the public schools in North Carolina for next year, to a total of 22,526 teachers, has been made by the State Board of Equalization, which increased the allotment of funds \$30,106.68, or from the original allotment of \$15,482,279.18 for the passing year to \$15,512,385.86 for next year, a tabulation issued today by LeRoy Martin, secretary of the board, shows.

The table shows the allotments for the four main items of general control, instructional service, operation of plant and auxiliary agencies in the 100 county school systems and 94 charter schools, the allotments for the three smaller items, attendance, audit and rural supervision, to be made later.

While the increased attendance of 23,639 pupils in the schools the past year would require about 800 additional teachers under present provisions, the board found it necessary to strike a compromise, since the schools have to operate next year on the same funds provided for the past year, except that small savings were made the past year which may be used for next year. Reductions have been made in the various objects of costs in order to provide the additional teachers allotted, but the reductions in those items would have been too great to provide funds for all the additional teachers needed.

Three of these main items were reduced for next year, accounting for the bulk of the increase in instructional service, or teacher salaries, largely. General control was decreased \$34,979, or from \$526,055 to \$491,076; instructional service was

GREAT REDUCTIONS IN SCHOOL FUNDS

According to a recent announcement of Prof. J. B. Jones, county-city superintendent the teaching staff of the county will be elected within the next few days. The state 6 months budget as outlined by the state was adopted by the board of education when they met in regular session Monday morning.

The state allotment for the six months school term for the county shares in the general reduction for all expenses except teachers salaries.

The county superintendent's transportation allotment has been reduced 33-1-3 percent; Office assistant, 10 percent; Office supplies, 33-1-3 percent; Instructional supplies, 33-1-2 percent; Janitor, 5 percent; Fuel 10 percent; Janitors supplies, 20 percent; transportation 1 percent.

The state allotment includes 6 months salary for 65 white teachers in the county and 7 colored teachers, this being the same as for the school year of 1931-32.

The board voted to consolidate the Pleasant Hill School near Rosman with the Rosman schools since it has only 10 pupils.

Mrs. L. P. Wilson was appointed a member of the school committee at Roundtop to fill a recent vacancy.

It was voted to advertise for sale the old school house and grounds at Penrose which have been abandoned for several years.

LINEMAN HURT IN FALLING OF POLE

Knox DeLong, lineman for the Southern Public Utilities company, suffered severe injuries in an accident that occurred Tuesday while he was working on the line leading to Camp Carolina. Mr. DeLong, it is said, was climbing a pole for the purpose of removing the wiring preparatory to replacing the old pole with a new one. When about two-thirds of the way up the 21-foot pole, it broke at the ground, carrying the lineman to the ground.

Mr. DeLong was rushed to the Lyday Memorial Hospital where he is now making recovery from the serious injuries sustained. It is said he suffered a fractured skull, scalp lacerations, a broken hand and bruised shoulder.

The company, it is said, had only recently acquired the line upon which the work was being done, and the workmen were replacing the old poles with new poles of standard size, when one of the old poles fell, hurting Mr. DeLong.

STATE DEFICIT IS \$5,708,378 AT END THIS FISCAL YEAR

Deficit Would Have Been Twelve Million But For Expense Reductions.

FAILURE TO BALANCE THE BUDGET CAUSED DEFICIT

Curtailment of Expenditures Absolutely Necessary Gov. Gardner Points Out.

Raleigh, June 8.—North Carolina's general fund deficit at the end of the present fiscal year, June 30, is expected to be \$5,708,378, of which \$2,232,550 is the amount by which the budget was not balanced for the 1929-31 biennium, and the balance of \$3,373,828 is the result of expending the full amount appropriated for the six months school term without curtailing the amount, as were the amounts appropriated for the State departments and institutions, it is shown in a statement issued by Governor O. Max Gardner, director of the Budget, through Henry Burke, budget assistant.

"The situation was realized in 1929 and plans were laid and have been executed to gradually reduce State expenses," the statement says. Reductions against appropriations amount to \$3,561,200 for the two years of 1929-31 and \$2,562,184 for the one year 1931-32, a total of \$6,123,384, it is shown. The potential debit balance, or deficit, for the three years to June 30, 1932, is \$11,829,762, while the actual deficit is expected to be \$5,706,378, the difference, \$6,123,384, being the reductions in expenditures from the appropriations.

"It is difficult to say now what can be done for the fiscal year 1932-23, but it is expected to reduce expenses in even greater degree. Plans are being worked out to hold the debit balance for 1932-33 to a maximum of \$1,850,000—and, if necessary on account of continuing distressing conditions, to hold the expenses within the income for the year," the statement says.

"It has been attempted to reduce expenses gradually and to preserve without serious impairment the ser-

WOMAN'S EXCHANGE IS ORGANIZED HERE

Under the auspices of the Woman's Bureau the Woman's Exchange will open Saturday morning, June 11, in the former Chamber of Commerce rooms on East Main St. Miss Lillian Jenkins will have charge of the Exchange room which will be open every day during the summer months.

The Exchange is a new project instituted by the Women's Bureau and it is believed that it will meet with success. The plan outlined by the Bureau gives an opportunity to the women of the town and county to place any article of handwork or edibles such as canned goods, cakes, candies, on sale.

A charge of ten percent of the price of the article is added to the price set by the owner of the article which goes to the Bureau to defray expenses of handling.

A membership may be obtained for fifty cents, which will cover all charges to the individual for the entire summer.

The Chamber of Commerce rooms have been renovated and painted in preparation for this sale room, and it is hoped that the women of this county will take advantage of this opportunity of placing on sale their handwork.

COUNTY TAX SALES AGAIN POSTPONED

Postponement of tax sales for an additional 30 days was ordered by the county board of commissioners Monday when they met at the court house for their regular monthly meeting. The tax sales were due to have been advertised beginning May 5, but the action was postponed by order of the board.

Resolutions were adopted at the meeting to extend the ten \$10,000 notes of the county which are held by the Chase National bank, by making a \$100,000 note to replace them. These resolutions resulted from the fact that the county cannot possibly pay the note.

L. V. Sigmon and A. H. Kizer, county accountant who were ordered to audit the books of George M. Justus, former county treasurer, made their report at Monday's meeting and announced that the books were in excellent condition and all entries balanced. The audit included records as of Dec. 1, 1930 through May 24, 1932.

Plans were discussed and perfected whereby a bond may be obtained for Mrs. George Justus who has been appointed to fill her husband's unexpired term.
