

# THE BREVARD NEWS

VOLUME XXXVII

BREVARD, NORTH CAROLINA, JUNE 23, 1932.

Number 25.

## WATER PAGEANT TO DRAW MANY PEOPLE TO CAMP CAROLINA

Presented By Officials of American Red Cross Life Saving Institute.

## EIGHT SOUTHERN STATES ATTENDING INSTITUTE

Director Eaton, Of Alexandria, Va., In Charge—Public Urged To Attend.

Extensive preparations are being made by officials of the American Red Cross Life Saving Institute at Camp Carolina for the annual water pageant, a spectacular event which draws a large number of people to the camp every year. The pageant will be held Thursday evening at 8 o'clock, according to Ramones Eaton, director of the institute, and everyone is cordially invited to attend.

According to officials at the institute, fireworks will be featured and an interesting and beautiful part of the program and a number of features which smack of the unusual will hold the attention of the large crowd which is expected to assemble for the pageant.

The institute has a faculty of 15 members and an enrollment of over a hundred, it having opened last week for a ten day session, closing this Friday.

Pupils are here from 8 southern states, according to Mr. Eaton who is well known here, having made a number of acquaintances during former years when the institute was held at Camp Illahee.

Ish Williams, of Georgia Tech, is among the group. Williams in training.

## ROOSEVELT GIVEN NORTH CAROLINA'S CONVENTION VOTES

Mid Middle Dry Plank Adopted—Minority Report Voted Down.

## THE GARDNER RECORD GIVEN CONVENTION O. K.

State And District Delegates Named To National Democratic Convention.

Raleigh, June 22—Instructing its 26 delegates for Franklin D. Roosevelt for President and heartily endorsing the Gardner administration, the State Democratic Convention, in session in Raleigh Thursday, adopted a mid mildly dry plank in its platform, which had been worked over and compromised for four hours by the platform committee, after turning down a definite "resubmission" plank of about 1770 to 512.

The "wet-dry" plank was the only controversy. The platform report, given by "Governor" R. A. Doughton, recognized the right, in a legal way, to change the constitution and vote on all issues, declaring for enforcement of the law of the land. This was described as "not suitable to either, but objectionable to neither" of representatives of both candidates for the U. S. Senate.

A minority report, signed by two of the 11 members of the committee, called for a resubmission of the 18th amendment for retention, repeal or modification. H. P. Foxhall, Edgcombe, and J. L. Wiggins, Chowan, supported the substitute for resubmission, speakers for it being former Congressman John H. Small, Wash.

## Forty Thousand Acres of Land In One Body Sold to Pennsylvania Lumber Co.

Deeds were filed in the register of deeds offices in Transylvania county, Jackson county and Oconee county, S. C., this week transferring more than forty thousand acres of land from the O'Conner Estate to the Whitewater River Lumber company, incorporated, of Wellsboro, Penn. Of the boundary sold, more than 23,000 acres of the land lie in Transylvania county, and represents to the largest boundary of land ever embraced in one deed of transference in this section.

The O'Conner Estate comprises what is pronounced to be the best timberlands in the Appalachian Mountain range, most of it being virgin growth, and thousands of acres

having never been touched by the hand of man except when traversed by hunters, sightseers or fishermen searching its wondrous streams for mountain trout. It is said that operations will soon start in placement of sawmills for the purposes of manufacturing lumber from the great trees in the wilderness of the untouched portions of the boundary.

This boundary was first purchased, tract by tract, by the late Col. C. H. Rexford, and his son, Col. W. A. Rexford, now living in Asheville. The Rexfords sold the land about twenty-five years ago to the late William O'Conner, Pennsylvania lumberman. The Whitwater River, praised in

## \$50,000 DEAL HERE IN TOWN PROPERTY

Said To Be Largest Deal In Real Estate Ever Made In Brevard.

One of the largest real estate sales ever handled in this section of the country involving over \$50,000 closed Saturday when two business houses of Brevard and five homes and lots were bought by the South Atlantic Realty Corporation.

The deal was handled through T. T. Lambs and Jud McCrary.

The two business houses sold were the McCrary building on Main street and the Philips building on Jordan Street. The five homes were: J. W. Duckworth property on Caldwell and Broad; R. B. Lyon property and the J. S. Bromfield property on Probert avenue; Fred Harris property on Johnson and Rice streets and the Fred Miller property on Caldwell street.

The South Atlantic Realty Corp., has contracted for several other pieces of property in Brevard and it is expected that the deals will be closed within the next few days, according to Mr. McCrary, their Brevard representative.

Mr. McCrary announced Tuesday that he had sold the house belonging to the realty corporation on Rice street to Mr. and Mrs. Anthony Trantham who will make their home there.

## EAGLES NEST CAMP INVITES VISITORS

Miss Carol Oppenheimer of Savannah, Ga., director of Eagles Nest Camp for Girls, has arrived in Brevard to make preparations for the summer season.

Miss Oppenheimer wishes to express through the columns of this newspaper an invitation to the residents of Brevard and to the summer tourists to visit her camp which is located at Davidson River near the Everett estate. Anyone desiring to visit the camp will be welcome and they will find the roads good.

Turn off the Asheville highway at Davidson River and follow the signs which will lead to the camp.

According to Miss Oppenheimer a number of prominent people are spending several days at her camp this month. The guests include: Capt. and Mrs. Oliver Smith and two daughters; Capt. and Mrs. Dudley Brown. They will be joined very soon by Mrs. Robert Steubing of Cincinnati and her daughter, Miss Marilyn who will remain at the camp for the camp season. Captains Smith and Brown are members of the United States Marine Corps.

For several years the September family camp at Eagles Nest has proved to be very popular and this year it is evident that the June family camp is also becoming well established.

## LAUREL PARK BEACH ATTRACTING MANY

Many Brevard people spent time at the Laurel Park Beach, Hendersonville, last Sunday, where a great throng of people bathed in the big lake and lolled on the sandy beach throughout the day. With its long sandy beach, and umbrellas spread all about, while the big lake is filled with swimmers, Laurel Park Beach presents a real picture of the seashore.

Of interest to people here is the fact that Arthur Bryson, former Brevard boy, is connected with the promoters and operators of Laurel Park Beach, and spent much of his time last Sunday greeting old friends from this county. Several parties have also visited the place during the evenings this week. An announcement in another column is in the form of an invitation to Transylvania county people to visit Laurel Park Beach.

## HENRY'S PLATFORM IS CLEARLY STATED

Opposed To Primary Law—Favors Schools, But Wants Expenses Reduced.

TO THE DEMOCRATIC VOTERS OF TRANSYLVANIA COUNTY

I have not published my platform heretofore because I was waiting for the State Convention to adopt a State-wide platform and now that the State Convention has met and acted, I am at liberty to state my position on several matters of interest to the citizens of Transylvania County.

My record in the past is known and I feel that I have proven to the citizens of this County that my efforts and endeavor will be based on the doctrine of the greatest good to the number with favors to none and protection for all.

In the last Legislature I used my effort and voted for the bill establishing the State Highway Commission and I think that the people of this County realize that has been a great benefit to the entire State, and especially, to Transylvania County, as it has saved the taxpayers many thousands of dollars of taxes and has done more to build up side roads and country roads than any other road law we have ever had and if nominated and elected, I will do

## CHANGES MADE IN RAILROAD CIRCLE

T. G. Miller, for three years Depot Agent for the Southern Railway system here was "pulled" Friday by Mr. J. E. Bishop of Hendersonville who has moved here with his wife to take charge at the Brevard depot.

Mr. Miller immediately "pulled" Mr. Dan Glazener at Pisgah Forest and he has taken charge of that station while Mr. Glazener is seeking for another position with the Southern at this time.

Mr. Miller came here with his family three years ago to take the place of Mr. E. E. Yates who served here for a number of years.

## YOUNG ENGINEERS AT CAMP SAPPHIRE

Fourteen engineering students from the University of North Carolina are located at Camp Sapphire for an extension field survey project, according to Capt. Wm. Fetzner, director of the camp.

The young men from the state university have been working diligently on their surveying and other engineering projects and have made a number of friends in Brevard during their camp here.

## TEACHERS RECEIVE PART OF MARCH PAY

The school teachers of Transylvania county's county and city schools were mailed checks for two-thirds of their salaries for the month of March, Tuesday, according to Prof. J. B. Jones, city-county superintendent.

"The teachers will be paid the balances due them in proportion to the taxes paid in," Mr. Jones said, Tuesday.

REV. PAUL HARTSELL'S SERMON TO BE PUBLISHED  
Many requests have been made to The Brevard News for publication of the great sermon delivered last Sunday evening by Rev. Paul Hartsell at the Brevard Baptist church. The sermon created greater interest, perhaps, than any sermon ever heard in that big church. Preparations are being made for publication of the sermon in next week's Brevard News.

## DEMOCRATIC PARTY SWINGING INTO LINE IN SECOND PRIMARY

Contests Of Interest To Be Found In Senatorial and Governor's Race.

## EXPRESS SATISFACTION WITH STATE PLATFORM

Predicted That Morrison And Ehringhaus Will Be The Winners.

Raleigh, June 22—Democratic hosts are swinging merrily into action looking toward the three State-wide contests on July 2 in a second primary, bolstered by contests in several counties, following several expected and unexpected developments during the past few days. The contest of Senator Cameron Morrison against Robert R. Reynolds was expected, as was the run-off race between Col. A. L. Fletcher and Clarence Mitchell, his runner-up, for the commissioner of labor nomination.

The unexpected phase was the filing notices a few hours before the time expired by Lieutenant Governor R. T. Fountain of a second contest against J. C. B. Ehringhaus who led him by 47,000 votes in the three-cornered race for the gubernatorial nomination. Politicians believed Mr. Fountain would accept the verdict and not contest further in what apparently is a hopeless cause, and that is held out to have been the candidate's view.

Belief is that he was pushed reluctantly into a second contest by advisers who are not primarily interested in his success, as such, but have other reasons and hopes. James L.

## CLIFFORD FRAZIER TO HOLD TO OWN STATE PLATFORM

Did Not Vote for Plank in the National Platform—Tells Of Wet Press.

## REPUBLICAN CANDIDATE FOR GOVERNOR SPEAKS

Made Fight As Member Of Committee For Adoption of Dry Plank.

Greensboro, June 22.—Clifford Frazier, Republican nominee for governor of North Carolina, did not vote for the prohibition plank in the platform of his party at the national convention in Chicago last week, and he expects "to stand upon the platform adopted by the Republican party at the state convention in Charlotte last April," he announced yesterday upon his return to Greensboro from Chicago. He attended the Republican national convention as one of the seven delegates-at-large from North Carolina.

Shortly after arrival of the North Carolina delegation in Chicago, Mr. Frazier recalled yesterday, State Chairman James S. Duncan, was elected spokesman and authorized to make assignments to the various committees. Mr. Frazier was assigned to the committee on resolution and platform.

Charged With Wet Sentiment  
"Anyone who believes that there was little or no fight before the committee is mistaken," said the Republican gubernatorial candidate. "We met on the evening of the 14th and the first matter heard in open session was the prohibition question. I have

## MRS. JOHN SMITH IN CHARGE C. C. WORK

New Advertising Matter Being Sent to Four Corners of County.

The Brevard Chamber of Commerce opened its summer office in the U. D. C. Library building near the Court house Thursday morning with Mrs. John Smith, who is also librarian, in charge. The new Brevard tourist folders which arrived Thursday morning were placed in the office for distribution to interested tourists.

Definite plans for the summer season have not been perfected on account of the absence of Mr. Jerry Jerome, president of the organization and complete plans for the season will be announced as soon as they are completed.

Several interested citizens of the town are working privately, talking Brevard and writing Brevard to all their friends and to the tourists with whom they come in contact in order to encourage them to remain for a longer period as well as to return for a second visit.

Post Card Day has passed but officials of the Chamber of Commerce urge you to use them often in writing to your friends for a line of greeting and invitation to visit Brevard and Transylvania county.

Encouraging facts resulted from a careful examination of cars passing through Brevard Sunday and the early days of the week by an interested citizen. A large number of automobiles were noted from South Carolina, Georgia, Tennessee, Florida and Virginia, while license plates from Cuba, Kentucky, District of Columbia, New York, California, Maine, Oregon, and other states were also noticed.

Chamber of Commerce leaders urge you to direct your tourist friends to the Commerce office for any information you are not able to give them. "Patronize the Chamber of Commerce and thus enable it to better serve our visitors" one Brevard citizen said Tuesday.

## BIBLE CLASS WORK TO START SUNDAY

The annual Methodist Vacation Bible School will be held at the church for an eight day period beginning Sunday afternoon May 26 and closing Monday July 4, according to Mrs. J. F. Winton who is in charge of the school.

Children of Primary age and up to 14 years of age are included in the school and while the school is being held for Methodist children, principally all other denominations will be cordially welcome to attend.

The school had an enrollment of 25 last year and it is expected that it will be even larger for this season.

The teachers include: Mrs. J. F. Winton, Mrs. Anthony Trantham, Miss Winifred Nicholson, Miss Hattie Aiken and Mr. George Mangum.

It is also expected that the Baptist church will sponsor a vacation bible school, definite plans in regard to this school have not been perfected and will be announced as soon as possible.

## HUNDREDS ENJOYED BAPTIST REVIVAL

Rev. Paul Hartsell, pastor of the Baptist church closed the two-weeks revival at his church Sunday evening with one of the most impressive and powerful sermons ever heard here before a congregation that packed the church to a capacity limit.

Rev. Jesse R. Owen of Asheville who so ably filled the pulpit during the two weeks revival left for his home Friday morning, unable to continue the meeting on account of a severe cold and sore throat. The appreciation of the people for his wonderful and inspiring work throughout the meeting was expressed in an eloquent manner when it was revealed that nearly \$100.00 was made in offering to Mr. Owen.

## Transylvania's Great Heart Heard The Cry and Responded Beautifully

Transylvania's county great heart responded in usual spendid manner to the appeals made last week by the County Welfare Board, and food, supplies and money came into the headquarters in sufficient quantities and amounts to give temporary relief to the many destitute families being cared for by the board. Chairman Douglas has the organization almost perfected, and with Broadus Henderson, assisted by citizens in every section of the county, making investigations of all appeals, the unworthy are being weeded out, and assistance rendered unto those who really need and desire aid.

Miss Bertie Ballard is chairman of the soliciting committee, and many touching reports are made by this group. People are giving to the cause when giving really hurts, and some instances equal in simple beauty the

story of the "Widow's Mite." The generosity of the people of this community is being weighed, and is not found wanting.

Mrs. A. B. Galloway and Mrs. M. H. Holliday assist Mr. Henderson in the distribution of supplies, giving of their time and labor to the great task.

The Brevard Institute faculty, student body and working staff, have adopted a systematic policy in dealing with the plan of giving. The entire group simply goes without Sunday breakfast, and the amount thus saved is donated weekly to the welfare board work. At present this amount is being given in meat and syrup. It is suggested that families adopt this plan, or one of similar nature, in making up their budget for regular donation to the needy.

Solicitation for food and money will continue.

## MASONS TO ATTEND SPECIAL SERVICES

All Master Masons, both members of Dunn's Rock Masonic Lodge and all visiting Masons, are invited to attend morning services at the Brevard Baptist church next Sunday at which time Rev. Paul Hartsell will deliver the annual St. Johns Day sermon. Masons are urged to meet at the Lodge rooms at 10:30 o'clock promptly, and go in a body to the church for the 11 o'clock sermon.

It is customary for Masons to assemble on the Sabbath nearest Saint John's Day and hear a minister who is also a member of the Lodge preach on the lives and work of the Saint John, patron saints of Masonry. Last year the services were held in the Presbyterian church, with Rev. R. L. Alexander delivering the sermon. This year the sermon will be delivered by Rev. Paul Hartsell, at the Baptist church.

There is some really important business to be transacted at the regular communication Friday night, and members of the lodge are urged to attend. At the regular meeting Friday night further plans for Sunday's program will be discussed.

## YOUNG PEOPLE IN CHARGE OF SERVICE

The Young People's department of the Brevard Methodist Church will have charge of the Services Sunday evening at the church, according to Mrs. Anthony Trantham, president of the department.

Plans are being made for the young people to have charge of the evening services every fourth Sunday, this being the first of a series.

The subject for Sunday evening is "Love" and a number of the young people will discuss various phases of this subject.

## Mrs. McCrary In Charge of Task In Tabulating Forms of Women's Work

An unusual drive has been launched by the Business and Professional Women's Club of North Carolina under the direction of Mrs. Mary Jane McCrary, chairman of the six districts into which the state is divided.

The object of this drive is to reveal and tabulate the numerous forms and fields of endeavor in which women of North Carolina have engaged themselves for their life's work. Mrs. McCrary has resigned as chairman of the state committee on Public Relations to devote her full time to the leadership of this unique and interesting drive.

The state has been divided into six districts to facilitate the operation of the organization and Brevard belongs to District No. 1 which includes also the cities of Hendersonville, Asheville and Canton.

It is planned that an exposition of the accomplishments of this drive be made at the conclusion of the search

for unusual occupations or fields of endeavor which smack of the unusual in order that the people of the state may know just what the business women are doing.

For an illustration one might note that in Western North Carolina there are women who make pottery and other forms of handicraft; there is a woman in Western, N. C. who operates a riding academy; other occupations which have attracted women are: poultry farms, aviation, dramatics, play wrights, and any number of others.

Mrs. McCrary urges everyone who is acquainted with a woman who is following a hobby or occupation with unusual success and interest to get in touch with her in order that the survey of North Carolina and especially Western North Carolina will be complete.

It is believed that Western North Carolina will lead all other sections of the state in number of women in various occupations.
