THOSE WHO PROMISE BEER BY CHRISTMAS RIDING FOR A FALL

Some Leading Attorneys Say Volstead Law Is Part of Amendment.

CITE COURT RULING IN RHODE ISLAND CASE

Must Repeal Amendment Before Modification Can Be Realized.

Washington, Nov. 23—It is the opinion of many leading attorneys here that those people who are promising beer by Christmas are talking through their hats, and know but little about the Volstead law. It is pointed out that the ruling in the case of Rhode Island vs. Palmer, handed down on June 7, 1930, upheld the Volstead law, and that law says that beer of one half of one percent alcoholic content is just as strong as that beverage can legally be made.

There is no such thing as modifying the Volstead law until the 18th amendment is taken from the constitution in proper form, for the Volstead law is part and parcel of the 18th amendment. Those law-makers who attempt to fiddle with modification of the Volstead law will find themselves entangled in a constitutional controversy that will last for many moons, leading lawyers say.

Some men who seem to know what they are talking about are now laughing at the efforts of the beer barons as they plan for operation of beer joints by Christmas. The prohibitionists all set with injunction proceedings on tap to stop any and all efforts to nullify the constitution by making anything stronger than beer with one-half of one percent alcoholic content.

THOMAS LEVERETTE PNEUMONIA VICTIM

Tom Leverette, 24, prominent young Brevard man died at his home in North Brevard Saturday night, 9:00 o'clock, following an attack of pneumonia fever from which he had been ill for a week.

Funeral services were held Monday afternoon, 2:00 o'clock at Oak Grove church and burial was in the cemetery there. Rev. C. E. Blythe and Rev. Harvey L. Souther, of Pisgah Forest were in charge of the services. Approximately 500 people attended the funeral.

Young Mr. Leverette was a native of Henderson County, having moved here several years ago with his parents. He married Miss Willie Duckworth two and one half years ago and to this union was born one child. He had been employed by the State Highway Commission and was a member of the Turkey Creek Baptist church.

Surviving Mr. Leverette are the widow, one daughter, Martha Frances; the parents, Mr. and Mrs. T. H. Leverette, of Pisgah Forest; two sisters, Mrs. Leonard and Mrs. Waverly O. Morris; four brothers, Albert, Reid, George and Earl Leverette.

Genard, Corum and Roy Smith, Mack Souther, Bennie Souther and Arnold Leverette, all cousins of the deceased acted as pallbearers. Flower girls were Miss Florine Carter, Miss Mildred Barnette, Miss Minnie Galloway, Miss Lucile Burns, Miss Sarah Souther, Miss Dovie Scruggs, Miss Pauline Leverette and Miss Edna Mae Saltz.

Kilpatrick and Son had charge of the funeral arrangements.

MAXWELL NAMED AS STARK SALESMAN

Edwin D. Maxwell, connected with the Maxwell Realty company in Hendersonville, has been appointed local representative for the famous Stark Brothers company, growers of fruit trees for the past 116 years. Mr. Maxwell believes that he can prove to any one that more money can be made through fruit growing than in any other way; same acres of ground being used.

Western North Carolina is one of the best apple producing sections in the South, and there are already many fine orchards in this section. Haywood county's income from its apple crop each year is one of the mainstays of that enterprising county, and Mr. Maxwell, who has made a real study of Henderson and adjoining counties, expresses conviction that just as good apples can be grown in this section as in any other part of Western Carolina.

In addition to the apple, one of the features of the big Stark nurseries, Mr. Maxwell can give information on all other fruit trees, berries, grapes, and flowers. Interested people are urged, in a message signed by Mr. Maxwell on another page, to make an appointment with Stark Brothers representative and inspect their offerings.

HOUSTON TO LOCATE IN HENDERSONVILLE EARLY NEXT MONTH

Starts Sale Saturday to Dispose of Furniture Stock in Brevard Store

WILL CLOSE BREVARD STORE AFTER THE SALE

To Open One of Largest Retail Stores in the City of Hendersonville.

Announcement in today's Brevard News that the Houston Furniture company is to move to Hendersonville will come as a surprise to many people of the town and county. The popular furniture store is to conduct an unusual sale preparatory to the removal, and unusual values are being offered to the public. Details of these offerings are to be found in a page advertisement elsewhere in The Brevard News. Mr. Houston says that he prefers to sell the stock now on hand to the people here at greatly reduced prices rather than to move the stock to his new store in Hendersonville, hence the offerings are declared to be unusual.

Mr. and Mrs. A. H. Houston are so thoroughly identified with the business, social, religious and civic life of the community that their removal to Hendersonville will be a distinct loss to Brevard and Transylvania county. Mr. Houston states that much of his business is already in Henderson and Polk counties, however, and because he needs to extend and at the same time be located in the center of his business territory, that it has become necessary for him to move the store to Hendersonville. The new store in Hendersonville, which will be opened about the 10th

(Continued on page four)

ROLL CALL COMES TO CLOSE TODAY

The annual Red Cross roll call will be brought to a close today. Workers have been busy in every section of the county and reports indicate that results have fallen some short of expectations, though far from disappointing.

Yesterday was devoted to a canvass of the business section where results were found to be encouraging. In the canvass last year returns were greater than any ever reported. Considerable interest and enthusiasm is manifested in the work and the school teachers of the county have been especially active throughout the county.

Schools in the county report large enrollments, most of them 100 per cent.

HOME ECONOMICS DISPLAY PLEASING

The attractive exhibit of the Home Economics class of the Brevard High school, which is in the show window of the Erwin building, is attracting considerable interest. It consists of needlecraft work done by the class under the direction of Miss Virginia Wilcox, Home Economics teacher.

Members of the class who have articles on display are: Zona McCall, Buree Capps, Christine Cooper, Elizabeth Bragg, Audrey Orr, Irma Parker, Ruby Dunn, Kate Edmundson, Alma Talley, Belle Townsend, Dolia McCrary, Annie Bryson, Catherine Snelson, Erdie Tinsley, Betty McCleod, Nadine Avery, Exie Barton, Margaret Dickson, Nora Bell Nason, Annie Mae McCall, and Margaret Siniard.

BREVARD WALLOPS AN ANCIENT ENEMY

In one of the hardest games of the season the Brevard Blue Devils downed the Hendersonville Bearcats with a score of 18-0. This is the first game the Blue Devils have taken from the Hendersonville team in three years.

The game was played on a soggy field and rain fell continuously adding to the difficulties of the play and the discomfort of a crowd of more than two hundred spectators. The boys were unable to effect any passing or punting, since they were unable to keep their footing and both teams stuck to line plays and occasional end runs.

After an exchange of punts the Blue Devils scored in the first period. In their first onslaught, a diving offensive, the Blue Devils forced the Bearcats back thirty yards. A timely pass gave the Blue Devils a first down after the Bearcats had braced. The Blue Devils made three touchdowns in the first period. 11 first downs were made by the Devils, all in the first half. The Cats made 8 first downs, all in the second half.

Eamlin and English started for the local team and Brewster for the Bearcats.

Brevard Wins at Canton, Completing Great Season; Home Goal Never Crossed

Brevard's fast football aggregation journeyed over to Canton Wednesday and added another victory to an already enviable record, walloping the papertown boys to the tune of 19 to 13. It was a real game, however, the Canton boys putting up a battle that was of winning stripe and type had they not been pitted against such a determined bunch as went from Brevard being in the way of the Canton players wherever one of them tried to play.

Brevard made three touchdowns, English getting one while Clayton made two. Canton made two touchdowns, one by McClure and one by Best. Brevard made 8 first downs to Canton's nine. Brevard punted four times, averaging 42 yards, while Canton punted six times, averaging 80 yards. Brevard completed nine of its thirteen passes, making 193 yards, while Canton completed only four of its twelve passes, and made 52 yards.

Clayton and Price were the stars for Brevard, while Meace and Reno were heroes of the Canton end of the game. Canton made their two touchdowns in the first half, and Brevard came in and made their three in the last half.

With the taking of the game Friday from Hendersonville the local boys have won a total of five games played on the home field and all of them have been taken with high scores and the opposition in every instance failed to score. The following are the scores for the games played on the home field:

Brevard Institute, 20-0; Fruitland Institute, 13-0; Bryson City, 25-0; Franklin High, 53-0 and Hendersonville High, 18-0.

All these games have been well played and the boys show indications of the rigid training they have received under Coach Tilson. Perhaps of their victories, the one in which they feel the most pride is one played with Hendersonville. The Hendersonville Bearcats are looked upon as their most formidable rivals and this game was the first they had won in the past three years from these players.

REDUCTION MADE IN 720 CHILDREN ARE GIVEN TREATMENT

Recent reductions in light and power charges as made by the Southern Public Utilities company are given in a page advertisement in this issue of The Brevard News, and Manager J. M. Gaines points out the fact that this reduction brings the charges of the Southern Public to a lower rate than any prevailing in 177 leading cities and towns in the United States.

Mr. Gaines also called attention to the fact that the cost of water service to users in a small town in sparsely settled communities is much larger than in larger cities and centers, yet such towns as Brevard are now being given light and power service at lower figures than are charged in any of the larger cities, with possible exception of some of the extreme Northwestern states.

Mr. Gaines stated that the only way the company can hope to break even in this reduction in price is to increase the number of users, and he believes this will result, as more people will use power and lights under the decreased charges than ever before.

The Diphtheria clinic sponsored here by the local Kiwanis club finished its work Saturday, giving the second vaccinations against the disease. According to Dr. Newland, who administered the treatments, 720 were treated.

While the clinic was sponsored by the Kiwanis club and the treatments were given gratis by Dr. Newland, a number of public spirited citizens of the community also contributed generously of their time and money that the clinic might be able to offer these treatments to all children of the county whose parents are not able to pay for them.

The Parent-Teacher association has been active in the promotion of the clinic and have aided in making it possible for the indigent children of the county to receive the advantages of it.

Treatments were given in the forenoon last Saturday at the offices of Dr. Newland and in the afternoon at the High school building in Rosman.

SUPERIOR COURT TO CONVENE ON DEC. 5

Superior court will be in session here for two weeks beginning Monday, December 5. There are 104 cases on the criminal docket which will consume the first week of the session and a large number of civil cases to be disposed of during the second period. The civil calendar is not complete at this time.

Judge Walter E. Moore was scheduled to preside at this term but reports indicate he will be unable to do so because of sickness. It could not be learned late Wednesday who will replace him. Solicitor J. Will Pless will act as prosecutor for the state.

POST OFFICE CLOSED
The post office will be closed all day Thursday excepting from eight to nine in the morning and one half hour on arrival of train in the afternoon. There will be no rural or city delivery, except special delivery. Mails will be dispatched as usual.

ROSMAN DEFEATS
The boys of the Rosman High school Agriculture class defeated the Brevard boys in a basketball game played at the Brevard High school at noon Tuesday with a score of 18-11.

THE BREVARD NEWS HAS BEEN YOUR OWN HOME NEWSPAPER FOR PAST 37 YEARS

And now, that times are hard, and money is hard to get, YOU are not to be without YOUR Brevard News at all, at all. We will accept anything that YOU grow or raise on your subscription, whether it be Molasses, Corn, Potatoes, Chickens, Eggs, Butter, Wood, Walnuts, or anything you have. FIFTY CENTS A YEAR WHEN THE DEPRESSION BEGAN

And this low price will continue until times are better and business conditions have improved. So take YOUR Brevard News right on, and pay for it with whatever you have on hand. Drop us a card, or call at the office, if you are not getting The Brevard News now, and let it be started. Then, some time when it is convenient, bring in whatever you have that you want to apply on the payment of your subscription.

FUTURE FARMERS OF ROSMAN CHAPTER IN ANNUAL BANQUET

E. J. Whitmire, President, in Charge of the Enjoyable Event.

MUSIC FURNISHED BY FAMOUS FISHER BAND

Prof. Corbin Opened Program With Most Inspiring Address.

The annual Father-Son banquet of the Rosman chapter, Future Farmers of America was given at the Rosman High school building Tuesday evening beginning at 7:30 o'clock.

The tables were arranged in a U shape, the parents and visitors being seated on the outside and the boys on the inside. At the end the officers were seated. There was a splendidly prepared menu consisting almost entirely of home-grown products and prepared by the members of the Home Economics class under the direction of Miss Olga Fortenberry.

The banquet and program following it were presided over by E. J. Whitmire, president of the Rosman chapter, F. F. A. Music was furnished throughout the evening by Fisher's String band.

Prof. Corbin, director of the activities of the club and instructor of Vocational agriculture gave a splendid opening address. Several members of the class made interesting talks on subjects being studied by the club. The Future Farmers' creed and the 3 to 1 corn contest.

Wallace Gillespie prepared a blackboard chart showing the cost of operation of a farm with a valuation of \$10,000. He showed cost of operation, production, sales and other items and showed that this particular farm had shown an actual loss of \$41 for the year. The discussion and the illustration were most interesting. There was a number of other talks on various subjects of general interest, among which was one on the "Course of Study for High Schools." Prof. T. C. Henderson spoke on the educational development and progress in the county. Prof. J. B. Jones, Superintendent of Education, in his remarks, brought that he believes that we are going to enjoy a prosperity that will surpass any we have ever known. The farms which are barely "getting by" now will make great showings when this condition is brought. He said if this does not come about that the farmers must adapt themselves to existing conditions and must cut costs of production and operate on a basis to enable them to make their work profitable despite low markets. Mr. Sigmon of the County board of Commissioners made a talk in which he urged the youth of the county to study and progress in order that they may accomplish far greater things than their parents. A. M. Paxton, in his

(Continued on page four)

GLAZENER ATTENDS GRANGE MEETING

Prof. Julian Glazener, vocational agriculture teacher in the Brevard High school attended a portion of the National Grange meet held in Winston-Salem beginning Wednesday, November 16. The meet in session for ten days ending Saturday.

Prof. Glazener had conferred upon him the seventh degree, the highest in the Grange and considered one of the most colorful degrees given by any organization. 1200 people from every section of the country received the degree and a large number received the fifth and sixth degrees at this time.

Following the conferring of the degree work Admiral Richard E. Byrd, head of the National Economy League delivered an address in which he dealt with many questions of interest to this group. The meeting in Winston-Salem is the first to be held in the South since 1890 when it convened in Atlanta. The meeting last year was held in Madison, Wis.

The National organization has about 8000,000 members and there is a membership of 16,000 in the state of North Carolina. Prof. Glazener has been making an effort to arouse interest in a Grange here and says that plans are now under way to begin this work in the early spring. Both men and women are eligible for membership in the organization.

VETERANS DISCUSS PROPOSED ACTION

The Brevard post, Veterans of Foreign Wars met at the county court house Tuesday evening at 7:30. Regular business of the organization was taken up and a discussion of a proposed bill pertaining to the bonus legislation was entered into. It is the aim of the post to offer a bill to the "lame duck" session of congress when it convenes.

SCHOOL FORCES AND HIGHWAY GROUP TO BATTLE TO A FINISH

Strong Lobbyist Expected To Attend Next Session of the General Assembly

SCHOOLS WANT SOME OF HIGHWAY RICHES

Not To Trespass, However, the Road Folks Warn—Hot Time in Raleigh.

Raleigh, Nov. 23—Raleigh is preparing to entertain the most gigantic lobby next January, February, March, April and maybe June that every registered at Raleigh's hungry hotels. The fact that the budget commission began work Monday morning brings to the attention of the people here that it is but little more than a month from now when the newly elected legislature will convene—and then the fireworks will begin.

Probably the most imposing lobby will be here representing the schools. Next in order will be the highway folks. Then will come the sales taxers, the anti-sales taxers, the repealers of the workmen's compensation laws, the beer brigade, and countless other "interests." Of course, the power folks will be represented, as will the tobacco people from Winston-Salem and Durham way, with a few from Reidsville. Then the farmers are to be here in larger numbers, in all probability, than ever before. The real estate dealers will be here in search of some form of taxation that will take the burden from real estate, so these boys may have the pleasure and the profit of selling more real estate.

On top of these will be the state institutional forces -- all wanting more appropriations, or at least, seeing to it that their present appropriations are not cut still further toward the quick and tender spots. Oh, it promises to be a fight to the finish, with no quarters asked and none given by any of the contending forces.

The school people will want, in the beginning, an eight month school term, and in order to get this, the school fund must be augmented by great appropriations from the highway fund. The school forces have long been looking with envy at the eyes toward what appears to them to be a great fund of riches piled up in the highway cash registers. "The children first," will be the battle cry of the school forces, and they will contend, like one of their illustrious leaders stated it the other day, "that the children of depression ought to have the same opportunity that was enjoyed by the children of prosperity." That was a humdrum of a motto and battle-cry, yet there are many men in the state today with sufficient courage to stand up and argue back with these same school people, and ask how come

(Continued on page four)

BOY SCOUTS WORK FOR SANTA CLAUS

As has been the custom for the past several years, the local members of the Boy Scouts will gather and repair toys of all descriptions to be contributed to the unfortunate children of the town who would otherwise receive no toys or playthings at Christmas time.

The work will be in charge of Capt. Fred Miller, scout-master and a house to house canvass will be made for toys. W. W. Babbs and George Hayes will do the repair work on all toys received.

It is hoped that those who are able to do so will donate freely and assist the Boy Scouts in securing a large amount of toys as there will be a greater number of children to take care of this year than has been in previous years.

LUCKY MEN DRAW FOR DEER HUNTING

Six of the 400 names drawn in Asheville last Thursday, of men who are to be given the privilege of killing one deer each in the Pisgah National Forest, were Transylvania men. They are: Elliott Tinsley, of Brevard, who will have the privilege of this hunt on December 5, 6, and 7; Henry Holliday, on December 6, 7 and 8; F. L. Threhold and Dan Reid on December 12, 13 and 14 and T. T. Ward on December 13, 14, and 15 and F. W. Jenks, of Pisgah Forest. Only one deer will be allowed for each hunter to be killed within the three day limit allowed and a charge of \$4.00 will be made for the privilege of the hunt.

1,292 persons sent in their names from all sections of the United States. Four hundred were selected and there were 199 alternates. Alternates for this county were J. T. Owen and C. H. Cate. The hunt is to last for one week and is being done because of the fact that the reservation is overstocked with deer.
