"BE SURE YOU ARE WIG AND GO AHEAD."—David Crockett

NO. 29.

FRANKLIN, N. C. FRIDAY, JULY 22, 1881.

THE UNIVERSITY OF NORTH CAROLINA.

Next session will begin **AUGUST 25th, 1881.** Combines the advantages of the old Curriculum, with special and extended instruction according to the University system. Connected with it are schools of Law, Medicine, and Pharmacy. Special facilities given for practical studies, such as Analytical and Agricultural Chemistry, Land Surveying, Bookbinding, Business Law, Phonography, &c. Expenses, including tuition and room rent, \$150 to \$200 per annum. Address, for catalogue, and particulars, **Kemp P. Battle, LL. D.,** President, Chapel Hill, N. C., July 1.

FRANKLIN HIGH SCHOOL.

N. P. FRANKIN, Principal. Fall Term for 1881 begins August 8th. This school has been in successful operation for two years, and it is the purpose of the Principal to afford those who patronize it every advantage which can be secured in the best schools of the State. The training of teachers will be made prominent. Tuition is low—living cheap, and to those who prove themselves deserving of help, every indulgence will be given in our power. Twenty-five or thirty can find accommodation in the dormitories connected with the institution. For further information address the Principal, or Dr. W. L. Love, Chairman Board of Trustees, June 30th, 1881. 3-29:1f

Architect & Builder, Franklin, Macon County, N. C. Will furnish designs and plans, with specifications, together with estimates of quantities, and an approximate cost of materials and labor, for public and private buildings, churches and school houses, on reasonable terms. Will superintend and execute the work when desired. References given when asked for. 32-1y.

STEWART'S READY ROOFING

For steep or flat roofs of all kinds, can be applied by ordinary workmen having no previous experience, at one third the cost of tin. Send for samples and circular. Address W. H. Stewart, 74 Cortlandt Street, New York.

THE REPORTER

A. MORGAN, EDITOR AND PROPRIETOR. FRANKLIN, N. C. - JULY 22, 1881.

This piece marked with a blue or purple cross (X) mark means that your time subscribed for has expired, or else you are indebted to us on subscription. If you are owing us please favor us with the amount if you are not owing us with the amount the paper sent to you write us to that effect, or else it will be discontinued. We want every person in the country who does not want it.

HOME MATTER.

Superintendent Scarborough and Prof. Graham left this week.

If your horse has a spavin, use Kendall's Spavin Cure. See advertisement.

Normal students, subscribe for the Western Reporter before you leave Franklin. \$1.50 a year.

The time is drawing near for us to lose our Normal visitors, and then what will some of our young men do?

Invalid wives and mothers quickly restored to health by using Brown's Iron Bitters.

We call the attention of our readers to the new advertisement, in another column, of the University of North Carolina.

"The Professor" drove up in his buggy this evening, and said he only came to be noticed in the paper. Here's your notice, Professor.

Hall's Vegetable Sicilian Hair Renewer is a universal favorite for restoring gray hair to its original color, and making hair grow out thick.

Lost on Saturday morning, July the 9th, between Mrs. Sloan's and the Post Office, a light spring overcoat. The finder will please leave it at this office.

Miss Rebe Smith, of Scotland Neck, and Miss Mary Beal, of Murphy, are spending the summer in this county, and are the guests of Mr. Albert Siler, on Cartoogechaye.

Another of those pleasant entertainments by the Franklin Normal School was given last night, and was enjoyed by a crowded house. Another entertainment will be given next Thursday night.

We failed to mention in our last issue that Rev. C. D. Smith delivered a lecture last week before the Franklin Normal School. He also lectured at the entertainment given by the Normalites last night. His subject, on both occasions, was geology, and was well worth listening to.

THE PRESIDENT'S CONDITION.—The following message, dated July 20, 8 a. m., was sent to each of the cabinet officers, by President Garfield's private secretary: There is a decided improvement in the President's condition this morning. He slept very well during the night, and his pulse at this hour is 86, which is lower than at any previous time. Temperature and respiration normal. The wound is doing well, and is discharging freely and properly. The President's appetite is still good, and great care will continue to be exercised in his diet.

PUBLIC SPEAKING.—There will be public speaking on the subject of prohibition by George A. Jones, Esq., and probably others, at the following places:

Nantahala, Friday, July 29th, at 11 o'clock.

Cartoogechaye, Maiden's Chapel, July 30th, at 3:30 p. m.

Highlands, August 1.

Sugarfork, at the election grounds, August 2nd, at 11 o'clock.

Ellijay, at James H. Gray's, July 2nd, at 3 o'clock p. m.

All persons—men, women and children—are invited and solicited to attend. We consider it the duty of every citizen of North Carolina to post himself on the law that will be ratified or defeated on the first Thursday in August next. The election that will come off on the 4th day of August will certainly be one of the most important that has been for years.

Never judge by appearances. A coat may cover a heart in full bloom.

As a blood purifier get a bottle of Joe Person's Indian Tonic Bitters. Sale by druggists generally.

We are glad to notice a very decided improvement in the typographical appearance of the Cherokee Advocate, published at Tahlequah, Indian Territory.

Of Mr. Joe Person's Indian Tonic Bitters Gov. Holden says: I take pleasure in stating that a member of my family has used it with good results. I believe

A negro woman was arrested in South Carolina for carrying concealed weapons, and was acquitted on the ground that the law applies only to men.

BISHOP LYMAN'S APPOINTMENTS.—The appointments of Bishop Lyman have been changed, and are now as follows: Cashier's Valley, Thursday, Sept. 1. Cartoogechaye, Sunday, Sept. 4, at which time the new Church building will be consecrated. Franklin, Monday, Sept. 5, at night.

Judge Strong's Opinion. RALEIGH, Dec. 1, 1880.

Mrs. Joe Person: Madam, Some months ago I was in bad health, suffering from debility, indigestion and loss of appetite, when a friend who had experienced great benefit from the use of your remedy induced me to try it as a tonic. I did so with the most happy results. I take great pleasure in recommending it as a valuable and efficient vegetable tonic, and wish you much success. Very respectfully, GEO. V. STRONG.

When the Fields are White with Cotton. "No money now; can't buy pianos or organs till cotton comes in." Yes you can, rake up \$10 cash on an organ, or \$25 cash on a piano, and we will sell you during June, July, August and September, at rock bottom cash rates, and wait 3 months for the balance, without one cent of interest. Cash rate. Three months credit. No interest. Don't forget. Grand summer clearing out sale of new and second-hand instruments—500 pianos, 500 organs. All styles. All grades. All prices. Most be closed out. Special terms to installment buyers. Cash prices advanced only ten per cent. Fifteen days test trial. Guaranteed instruments from six best makers. Catalogues and full information mailed free of charge. Avoid being imposed upon by Beatty, or any other man, by ordering at once from the great wholesale piano and organ depot of the South, Ludden & Bates' Southern Music House, Savannah, Ga.

He reached in his pocket and pulled out his pipe and stuck it in his mouth; then drawing out his tobacco pouch, he poured some tobacco into his hand, returning the pouch to his pocket; he then reached in his pocket again for his pipe; it was not to be found, either in his coat, pants or vest pockets; remarking to himself, "What a fool I was to come off without my tobacco!" he returned his tobacco to his pocket. After walking a few hundred yards he had to open a gate, and in doing so, he noticed he had his pipe in his mouth. Explanation: he had been to see her. He is excusable.

A POOL ONCE MORE.—"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humping stuff. Six months ago I saw a U. S. flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my wife proved to be wise. Two bottles cured her, she is now as well and strong as any man's wife, and it cost me only two dollars. Such folly pays!"—H. W., Detroit, Mich.—Free Press.

Interesting to Ladies. Our lady readers can hardly fail to have their attention called this week to the latest combination of improvements in that most useful of all domestic implements, the "sewing machine."

As we understand it, a machine for family use should meet first of all these requirements: It should be simple in its mechanism, so as to be easily managed; it should run easily, so as not to weary the worker unduly; it should do a wide range of work, that the owner need not wish for any other machine; it should be as nearly noiseless as possible, that it may not be a nuisance; it should be light, handsome, durable and as cheap as is consistent with excellence throughout.

These conditions the "Light Hanning New Home" certainly meets.

It has also several very important and useful attachments and "notions" of its own which go far to make good its claims to popular favor.

Now a great many families have been and are still using the old machines—waiting for the times to improve, waiting for the latest improvements in designs and mechanical excellence.

But why delay longer? Considering the low price at which good machines are now sold, and the improvements that have been made, now is a good time to buy, and the "New Home" specially recommends itself to purchasers on account of its superior

mechanical construction, ease of management and reasonable price. Nearly half a million have been sold in the last three years, all of which are giving universal satisfaction. This unrivaled machine is manufactured by Johnson, Clark & Co., 30 Union Square, New York, who wish us to say that all who will send for their new illustrated catalogue and enclose their advertisement (in another column), will receive a set of fancy advertising novelties of value to those collecting cards, &c.

Art's B. Specific—Wm. R. & T. W. Hooper.

Is a Wonderful and Immediate Cure for all Aches and Pains. Rheumatism, Neuralgia, Headache, Earache, Cuts, Bruises, Sprains, &c. Sold at all Druggists. Wholesale Depot, 188 John St., N. Y. Sent for Circular.

DR. FLAGG'S INSTANT PAIN RELIEF

FLAGG'S INSTANT PAIN RELIEF

KENDALL'S SPAVIN CURE

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. Read proof below.

Fremont, Ohio, Jan. 23, 1881.

Dr. B. J. Kendall & Co., Gents—I think it my duty to render you my thanks for benefits and profits which I have derived from your invaluable and far famed Spavin Cure. My cousin and I had a valuable stallion worth \$4000 which had a very bad spavin, and was pronounced by four eminent veterinary surgeons beyond any cure, and that the horse was done for. As a last resort I advised my cousin to try a bottle of Kendall's Spavin Cure. It had a magical effect, the third bottle cured it and the horse is as well as ever. Dr. Dick of Edinburgh, the eminent veterinary surgeon, was an uncle of mine, and I take great interest in assisting his profession. Yours truly, James A. Wilson, Civil Engineer.

KENDALL'S SPAVIN CURE. West Enosburg, Vt., Feb. 15th, 1881.

Dr. B. J. Kendall & Co., Gents—Several months ago I injured my knee joint which caused an enlargement to grow the size of a large walnut and caused me very severe pain all the time for four or five weeks, when I began to use Kendall's Spavin Cure with the most satisfactory results. It has completely removed the enlargement and stopped the lameness and every kind of lameness from whatever cause. It has also been used with perfect success in deep-seated piles of long standing in man. One case to whom it may concern.—In the year 1874 I treated with Kendall's Spavin Cure a lame Spavin of several months' duration, and the person afflicted had with it many months with no effect, and was finally perished. I have long known it to be excellent in treating all lamenesses on horses and every kind of lameness from whatever cause. It has also been used with perfect success in deep-seated piles of long standing in man. One case to whom it may concern.—In the year 1874 I treated with Kendall's Spavin Cure a lame Spavin of several months' duration, and the person afflicted had with it many months with no effect, and was finally perished. I have long known it to be excellent in treating all lamenesses on horses and every kind of lameness from whatever cause. I have long known it to be excellent in treating all lamenesses on horses and every kind of lameness from whatever cause. It has also been used with perfect success in deep-seated piles of long standing in man. One case to whom it may concern.—In the year 1874 I treated with Kendall's Spavin Cure a lame Spavin of several months' duration, and the person afflicted had with it many months with no effect, and was finally perished. I have long known it to be excellent in treating all lamenesses on horses and every kind of lameness from whatever cause.
