## American Matting.

Something that is especially nice for halls, dining rooms and offices, or any place where hard wear is likely to be. We also have this Matting in Rugs of all sizes from the small door size up to the large room rug 9 x 12 feet. A very desirable floor covering at a very reasonable price.

## Art Squares.

In all sizes and grades and a variety of colorings. Also a large line of Rugs in carpet sizes in Moquet, Axminster, Smyrna and Velvet.

## AWN-INGS

This weather calls for Awnings and Porch Shades. We carry in stock the Adjustable Awnings and Porch Shades, and can put them up for you when wanted. And in case you want a large awning, we have them made to order for you at reasonable figures.

Awnings are finished in a first-class manner and pull up easily and hang correctly.

## Carpets.

We carry a large line in all grades and of most any conceivable pattern, and are prepared to make and lay them on short notice, and we do it well. We please the most fastidious with our manner of making and laying. Our carpets all fit, and no goods wasted.

If you have a carpet that is soiled but not badly worn, we can clean it so it will look almost as good as new. The better the carpet or rug the nicer it cleans. Velvets and Orientals clean up like new.

Remember our prices are as low as can be gotten anywhere when quality is considered.
