**SHOT AT HIS WIFE AND WOUNDED A BOY**

AND WOUNDED A BOY

AFFAIR IN VICTORIA THAT MAY COST A LIFE.

Claude Connelly, a 12 years old colored boy, was struck under the heart yesterday by a .38 calibre bullet and seriously wounded. The shooting took place in the boy's home in Victoria, in a house occupied jointly by his parents and another family.

A row took place in the other family, in which the man shot at his wife with a revolver and missed her. The bullet struck some object, and rebounding, struck the Connelly boy, missing his heart about two inches and passing through his body.

The elder Connelly picked the boy up and carried him to Dr. S. J. Woodcock, whom he saw waiting for a car near by. Dr. Woodcock brought the patient to his office in the Y. M. C. A. building, and gave him attention.

The boy is resting easily at his home today, and may recover, though his condition is critical.

The man who did the shooting escaped.

Adulterated (Alum) 10 to 20c. lb.

Which do you prefer? Why pay 50c. a lb. for a baking powder (made by a trust) when you can buy the wholesome Rumford Powder for 30c.?

The adulterated alum powders sell for a little less than the Rumford, but they are unhealthful and give the biscuits a peculiar odor and taste.

The residue left in the bread from the 50c. powders is Rochelle salts; residue from the adulterated goods is alum; residue from Rumford is phosphate—same as found in wheat and which makes the bread more wholesome.

Ask your doctor about the healthful qualities of Rumford. Ask your grocer about the satisfactory results obtained by his customers who are using Rumford.
