"After my first baby was born I did not
seem to regain my strength although
the doctor gave me a tonic which he consid-
ered very superior, but instead of getting
better, I grew weaker every day. My hus-
band learned that I take Winsor's Cardui
for a week and see what it would do for
me. I did take the medicine and very
gradually I find my strength and health
slowly returning. In two weeks I was out
of bed and in a month I was able to take
my regular duties. I am very grate-
ful to Winsor's Cardui."
Winsor's Cardui reinforces the organs,
and purifies the blood, and is pre-
sented in a pleasant form, and is
suitable for women who take it in
the form of a tonic. It is a
pleasant and effective remedy for
all the ailments of women, and
regulates the menstrual flow.

BISHOP FOUND GUILTY.
Charlotte, N. C., Feb. 23.—Judge
Walter H. Neal this morning sen-
tenced Arthur L. Bishop to five
years of hard labor in the state
penitentiary. The jury stand by
returned a verdict of manslaughter,
after being out 89 hours.

Bishop shot and killed Thomas
J. Wilson December 9, after Wil-
son, who had found him drinking
with his daughter in his house, or-
dered him from the premises.
There is much surprise here at
the light sentence.

Better Than Gold.
"I was troubled for several years
with chronic indigestion and nervous
debility," writes F. J. Green, of
Lancaster, N. H. "No remedy
helped me until I began using
Electric Bitters, which did me more good
than all the medicines I ever used.
They have also kept my wife in ex-
cellent health for years. She says
Electric Bitters are just splendid for
female troubles; that they are a
grand tonic and invigorator for
weak run-down women. So other
doctors can take this place in our
family." Try them. Only 50c. Sat-
isfaction guaranteed by Frank T.
Smith.

**THE BISHOP JURY FINDS
GUILTY.**
Charlotte, N. C., Feb. 21.—The
jury in the Bishop murder case is
unable to agree after having been
out thirty-six hours. A verdict
is regarded as almost a certainty.

THE EXPRESS TRAIN.
[Two long and two short whistles are
the signal for a starting, and are most
difficult words to translate and all within
hearing of the railroad train.]
I hear a faint sound for away—
Two long, and two short notes at play,
As soft and sweet as silver dew,
The locomotive's first salute:
"T-o-o-t, t-o-o-t, t-o-o-t!"
I hear again the tinny sound,
I hear the whistle's cheerful round,
The locomotive seems to say:
"We are coming fast, look out! Look
out!"
At a low rumbling note I hear,
And clouds of smoke and steam appear,
The locomotive seems to shout:
"We are coming fast, look out! Look
out!"
And now I hear a hoarse bell
That lifts a warning knell,
The engine now begins to yell
Like frantic fiend escaped from hell:
"T-o-o-t, t-o-o-t, t-o-o-t, t-o-o-t!"
Mid hissing steam and deafening roar
I hear that awful, weird once more:
"Keep back, keep back! Don't cross the
track!"
For love of life, stand back, stand back!"
"T-o-o-t, t-o-o-t, t-o-o-t, t-o-o-t!"
With clanging bell and clattering steel
And flaming breath and flashing wheel,
The lightning train goes crashing by,
Like fiery bolt from stormy sky,
"T-o-o-t, t-o-o-t, t-o-o-t, t-o-o-t!"
A whirlwind follows on behind,
Yet from the curve around the hill
I heard that engine whistle shrill,
"T-o-o-t, t-o-o-t, t-o-o-t, t-o-o-t!"
Again, a faint sound for away—
Two long, and two short notes at play—
The locomotive's farewell call:
"We are changing time, God speed
all!"
"T-o-o-t, t-o-o-t, t-o-o-t, t-o-o-t!"

There once was a man from Nantucket,
Who kept all his cash in a bucket,
But his daughter, named Nan,
Ran away with a man,
And as for the bucket, Nantucket.

But he followed the pair to Pawtucket—
The man and the girl with the

And he said to the man
He was welcome to Nan,
But as for the bucket, Pawtucket.

NEWS BRIEFS.
The Greater Asheville Bill has
failed in the Legislature, owing to
an amendment adopted to submit
the question to the residents in
the territory proposed to be annexed,
who will vote against annexation.

Suit has been brought against
the Southern Railway at Ashe-
ville, for \$20,000 on account of in-
juries to Jesse L. Martin last
April.

Fifteen or twenty persons were
burned to death and twice that
number injured in a fire that de-
stroyed the Clifton Hotel at Cedar
Rapids, Ia., last Friday morning
at 2 o'clock.

The Southern Railway will make
extensive improvements,
among which will be six hundred
and fifty miles of double track
from Washington to Atlanta.

The St. Louis Exposition will
open April 30, and the dedicatory
exercises will embrace April 30 to
May 2, 1903.

RAILROAD NEWS.
The Press has information
pretty direct that the railroad has
been put under contract as far as
the North Carolina line, and it is
expected that track will be laid
far enough to cross the Tallulah
river by the 1st of April. Cross-
ties are being purchased and
placed along the line through Ra-
ban county.

Consumption
Salt pork is a famous old-
fashioned remedy for con-
sumption. "Eat plenty of
pork," was the advice to the
consumptive 50 and 100
years ago.
Salt pork is good if a man
can stomach it. The idea
behind it is that fat is the
food the consumptive needs
most.
Scott's Emulsion is the mod-
ern method of feeding fat to
the consumptive. Pork is too
rough for sensitive stomachs.
Scott's Emulsion is the most
refined of fats, especially
prepared for easy digestion.
Feeding him fat in this
way, which is often the only
way, is half the battle, but
Scott's Emulsion does more
than that. There is some-
thing about the combination
of cod liver oil and hypophos-
phites in Scott's Emulsion
that puts new life into the
weak parts and has a special
action on the diseased lung.

Correspondents Wanted.
We want a good, live, active
correspondent in every township
in Macon county, such as will
write short, crisp news items—not
long-winded communications.
Candidates will please call at this
office and learn terms.
The best news is that affecting
not one person, but a few, such
as:
Deaths of home people or of
their relatives elsewhere.
Sickness; operations; funerals;
marriages.
Accidents, with farm machinery
or otherwise; runaway.
Murders; assaults; arrests;
thefts; horse-stealing.
Notes of long journeys by home
people.
Storms; heavy winds or rains,
with details of loss.
Crop news—what the farmers
are doing.
Heavy cattle; large yields of
grain, poultry; freaks of nature.
New buildings; improvements
of any kind.
Anniversaries; how holidays
are celebrated; parties; birthdays
of old people.
Revivals; church news; new
preachers.
Write nothing that you are not
willing to be responsible for.
Sign your real name to every
letter, but not necessarily for publica-
tion, but that it may be known
who the real writer is.

**Thousands Have Kidney Trouble
and Don't Know It.**
How to Find Out.
Fill a bottle or common glass with your
water and let it stand twenty-four hours.
If you find a sediment or settling indicates an
unhealthy condition
of the kid-
neys; if it stains
your glass it is
evidence of kid-
ney trouble; too
frequent desire to
pass it or pain in
the back is also
convincing proof that the kidneys and bladder
are out of order.
What to Do.
There is comfort in the knowledge you
often possess, that Dr. Kitcher's Swamp-
Root, the great kidney remedy, fulfills every
wish in curing rheumatism, pain in the
back, kidneys, liver, bladder and every part
of the urinary passage. It corrects inability
to hold water and acidifying pain in passing
it, or bad effects following use of liquor,
wind or beer, and sweaters that unpleasant
necessity of being compelled to get up
during the day, and to get up many times
during the night. The mild and the extra-
ordinary effect of Swamp-Root is soon
evident. It stands the highest for its
beneficial effect of the most disagreeable cases.
If you need a medicine you should have
this. Sold by druggists in 50c. and \$1.00
bottles. You may have a sample bottle of this
wonderful medicine free by mail.

Salt pork is a famous old-
fashioned remedy for con-
sumption. "Eat plenty of
pork," was the advice to the
consumptive 50 and 100
years ago.
Salt pork is good if a man
can stomach it. The idea
behind it is that fat is the
food the consumptive needs
most.
Scott's Emulsion is the mod-
ern method of feeding fat to
the consumptive. Pork is too
rough for sensitive stomachs.
Scott's Emulsion is the most
refined of fats, especially
prepared for easy digestion.
Feeding him fat in this
way, which is often the only
way, is half the battle, but
Scott's Emulsion does more
than that. There is some-
thing about the combination
of cod liver oil and hypophos-
phites in Scott's Emulsion
that puts new life into the
weak parts and has a special
action on the diseased lung.
