

TRAINING CAMPS FOR YOUNG MEN

Uncle Sam Offers a Government Camp to Young Men 17 to 24 Years Old—July 3rd to August 1st.

You will receive free transportation from home to camp and return. 30 days' training, with good food, shelter, medical attention, clothing, ample opportunities for athletics and recreation, comradeship with bully good fellows, and training in citizenship, under officers of the United States Army.

Ask any boy who went last year. Work hard!

The Government is offering one of the greatest gratuitous opportunities to young men between 17 and 24 years of age that has ever been offered by this or any other government. With your expenses paid, and more than paid, from your doorstep to a well organized, well ordered training camp and all expenses paid there, and recreation and sports, manual training, military training and physical development of your body and mind, under expert Army Officers and Physical Directors, then through transportation on return to your doorstep, it becomes an opportunity that no young man should miss and that every parent should take advantage of. The moral, social and religious influences of these camps are kept at the very highest standards; discipline is administered and taught in such a manner that it is not repulsive; every officer is picked with the greatest care and he must be a man who can control young men without harsh methods and can develop in the company of these young men a spirit of absolute trust and confidence.

The Camps are open to all men between the ages of 17 and 24 years, who are of good moral character, intelligent, and in good physical condition. Candidates must be native-born citizens or must have made application at least for first papers of naturalization.

If you attend one of these "Little West Points" you can learn care of health, to swim, ride a horse, radio, citizenship, hygiene, marksmanship, athletics, first aid, to play in the military band, etc. Remember, all your expenses are paid from the time you leave home till you return, even your clothing is furnished. Macon County boys will be trained at Fort Bragg, near Raleigh.

Any one interested in the Military Training Camps Association may secure further information by calling on or writing M. D. Billings, Macon County Representative of the Military Training Camps Association.

SLEEPLESSNESS

Virginia Lady Says That Many of Her Long-Suffered Ills Have Fled Since She Took Cardui.

Bristol, Va.—"I can sleep good at night now, something I have never done before in my life," says Mrs. Deala Hawks, of 712 Prospect St., this city, "and it is due to Cardui."

"I was always nervous and tossed when I should have been asleep, but since I took Cardui it has strengthened me, and my general health is so improved that many of the ill from which I have suffered for years have fled."

"I used to go to bed tired and, when I would get up in the morning, I was still tired. Now I feel like doing a day's work in my garden or in the house, and I owe all this good health to Cardui, for I had suffered for years until I took it."

"I had had female trouble for years and once, for six months, I was flat on my back. I am glad to recommend to other women a medicine which has helped me."

If you are nervous and run-down in health, suffering as Mrs. Hawks describes above, it is probable that Cardui will greatly help you. Try it.

TO THE VOTERS OF MACON COUNTY

There is something wrong with our system of handling County Finances. The three questions asked by the Macon County League of Women Voters (under date of March 28th) are perfectly legitimate questions for any voter to ask, and should receive a satisfactory answer.

On November 30, 1923, a statement was issued of County Finances. No receipts were given. The disbursements were \$57,026.93. This is not a total statement of County Finances as it does not include what goes to schools. "A public accountant has examined the books and found them to be correct." That means he has found receipts and disbursements to tally as regards the County as a whole, which is a matter that the Macon County League of Women Voters did not call into question.

But, why cannot we have a more up-to-date and business-like system of handling our County Finances?

Why cannot we know the amount of taxes paid into the County treasury by Highlands Township for the years 1920 to 1923 inclusive?

Why cannot we know the amount of money spent by the County on the roads in Highlands Township for the years 1920 to 1923 inclusive?

Why cannot we know the amount applied to date on the Township Road Bonds of Highlands Township—for 1920 to 1923 inclusive?

Because: Our County Finances are not handled in an efficient and up-to-date manner. If our County Commissioners, or the Clerk of their Board, could have answered the above questions, they would undoubtedly have done so promptly and satisfactorily.

If these questions cannot be answered as to Highlands Township, it must follow, we take it, that no other township could get satisfactory answers to similar questions.

Why cannot the credits and debits of our twelve Townships be kept distinct, just as a Bank or Trust Company, or a merchant, keeps separate the individual accounts of their patrons, clients or customers?

If there is no classification of accounts as to the separate Townships, how can the tax rates of the different Townships be fixed with equity?

We should employ a certified County Auditor, paying an adequate salary, and have one of our Banks as Treasurer. Then we could have a monthly statement in the Press as to our assets and liabilities; and any voter in Macon County could ask questions as to the standing of his, or her, Township on financial matters—and receive a prompt and satisfactory reply.

All that is necessary to accomplish this is, an interested public. How long will it take the people of Macon County to bestir themselves and demand a change?

Use Surplus Tomatoes To Make Good Catsup

Raleigh, N. C., April 26.—"On the home demonstration curb markets we find that home canned tomatoes are not selling very well now—that the fresh garden vegetables are coming in. These canned tomatoes may be turned into catsup and more money made from this by-product than for the original canned material," advises Mrs. Jane S. McKimmon, State Agent in home demonstration work for the State College of Agriculture.

"If your can is filled with pulp as the housewife usually fills hers, ten of these cans will make twenty-two twelve ounce bottles of good thick catsup."

"Only last week I tried out the recipe that I am giving you and I found it excellent."

"Pour the contents of ten quart cans into a large porcelain lined kettle and place on the fire. When hot strain through a collander allowing both pulp and seed to go into the catsup."

"Add 2 cups finely chopped onions; 3 level teaspoonfuls ground cloves; 3 level teaspoonfuls ground ginger; 3 level teaspoonfuls red pepper; 3 level tablespoonfuls ground allspice; 1 level tablespoonful ground black pepper; 1/4 level cup sugar; 1 level cup salt; 1 quart vinegar."

"Boil all ingredients in a porcelain kettle until the mixture thickens. Add hot vinegar and boil for thirty minutes more. Taste to see if the mixture suits your taste as to salt. If not, more may be added. Thoroughly wash and scald bottles with soda water, rinsing in boiling water. Pour boiling catsup into bottles and cork immediately. Always use new corks."

A SHORT TALK ABOUT MORE EGGS

By MRS. HEN

"On my right are 3 eggs—it took me 12 days to lay 'em."

"On my left are 7 eggs—I could have laid 'em in the same 12 days if I had been fed Purina."

"You can't expect me to make eggs out of ordinary 'chicken feed' because it doesn't give me all the egg-making materials. Feed me Purina Chicken Chowder and Purina Hen Chow and I'll show you how I can lay eggs."
