

## TRAINING CAMPS FOR YOUNG MEN

Uncle Sam Offers a Government Camp to Young Men 17 to 24 Years Old—July 3rd to August 1st.

You will receive free transportation from home to camp and return. 30 days' training, with good food, shelter, medical attention, clothing, ample opportunities for athletics and recreation, comradeship with bully good fellows, and training in citizenship, under officers of the United States Army.

Ask any boy who went last year. Work hard!

The Government is offering one of the greatest gratuitous opportunities to young men between 17 and 24 years of age that has ever been offered by this or any other government. With your expenses paid, and more than paid, from your doorstep to a well organized, well ordered training camp and all expenses paid there, and recreation and sports, manual training, military training and physical development of your body and mind, under expert Army Officers and Physical Directors, then through transportation on return to your doorstep, it becomes an opportunity that no young man should miss and that every parent should take advantage of. The moral, social and religious influences of these camps are kept at the very highest standards; discipline is administered and taught in such a manner that it is not repulsive; every officer is picked with the greatest care and he must be a man who can control young men without harsh methods and can develop in the company of these young men a spirit of absolute trust and confidence.

The Camps are open to all men between the ages of 17 and 24 years, who are of good moral character, intelligent, and in good physical condition. Candidates must be native-born citizens or must have made application at least for first papers of naturalization.

If you attend one of these "Little West Points" you can learn care of health, to swim, ride a horse, radio, citizenship, hygiene, marksmanship, athletics, first aid, to play in the military band, etc. Remember, all your expenses are paid from the time you leave home till you return, even your clothing is furnished. Macon County boys will be trained at Fort Bragg, near Raleigh.

Any one interested in the Military Training Camps Association may secure further information by calling on or writing M. D. Billings, Macon County Representative of the Military Training Camps Association.

## WEAK AND NERVOUS

Georgia Lady Says She Has Grown Stronger by Taking Cardui—Thoroughly Convinced of Its Merits.

Clyattville, Ga.—In a statement which she gave at her home on R. F. D. 1, here, Mrs. T. A. Copeland said:

"I have, I believe, avoided a good deal of suffering by the use of Cardui, and am thoroughly convinced that it has been of great benefit to me.

"Before the birth of two of my children, I grew so weak and nervous I could hardly go, and suffered . . . I had a friend who told me of Cardui, so the next time when I grew so weak and run-down I began to use it. I used it three months. I grew stronger and less nervous. The baby was stronger and a better baby, and I really believe it was because I built up my strength with this splendid tonic."

Cardui has been in successful use for more than forty years. Thousands of women have written to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

It is a mild, harmless, purely vegetable medicinal preparation—a product of practical experience, scientific investigation and pharmaceutical skill. Sold everywhere. NC-159

## Bootleggers' Union Is Solidly Opposed To Dry Law Changes

Congress Is Informed of the Action Taken in Convention—Modification Would Destroy an Important Industry, It Is Claimed.

Washington, D. C., May 9.—Word reached Congress today that the Bootleggers' Union, meeting in solemn convention May 1st, at New York, unanimously adopted resolutions protesting against modification of the Volstead Act to legalize 2.75 per cent beer.

A petition forwarded to Representative Griffin, Democrat, New York, said that delegates from locals along the Atlantic coast attended the meeting and were convinced that "various ill-advised and misguided reformers have initiated a vicious propaganda to break down the drastic and wholesome provisions of the Volstead act."

Declaring that the object of the bills to legalize beer have the "avowed object of encouraging the consumption of the so-called lighter drinks to the detriment of whiskey and other alcoholic beverages," the petition said that enactment of such legislation "would undermine and possibly destroy an important industry which this union with its affiliated locals has painstakingly built up at great risk of an immense capital, not to speak of the risk of personal liberty," many of our members having incurred jail sentences and confiscation of their personal property in the pursuit of their chosen calling.

It has been the settled policy of the Government to encourage and protect infant industries, the petition said, adding that the bootlegging industry has shown sufficient evidences of vitality to fall within this category and consequently be entitled to the protection and support of the Government.

Mr. Griffin filed the petition with the House and it was referred to the judiciary committee which handles prohibition legislation.

### IN MEMORY OF ARTHUR DAVES

Arthur Daves was born December 13, 1901, and died May 10, 1924. He was working at Balsam Gap, and was stricken with pneumonia fever. He was sick only ten days.

Arthur professed faith in Christ about five years ago and was baptized in a meeting conducted by Rev. W. W. Marr. Arthur lived a Christian life until his death, and just before he departed this life he called his brothers to his bedside and asked them to meet him in heaven.

We often wonder why it is that the Lord calls young men and women in the bloom of life, but Jesus tells us why, in the 17th chapter and the 24th verse of John. "Father I will that they may behold my glory."

He was aid to rest by his mother to await the resurrection. He leaves to mourn his loss, a father, five brothers and four sisters and a host of friends. Let us all pray that the boys and girls of our communities may be ready to go as Arthur was when the Lord calls.

The funeral service was conducted by Rev. W. L. Bradley, at the Burningtown Baptist Church.

Written by one of his friends, JAMES J. SMITH.

### THE FOREST.

"The forest is a friend and we. Are lovers of the forest tree, About our cottage home they grow, And homely care our hands bestow.

"And yet the forests we abuse, No care, in harvest, do we use, Extend, they pray, to us your care, Protect—so show the love you bear."

## WOOL SALE WILL BE HELD MAY 28

Date Is Set For Wool Sale For Macon County—Full Instructions for Preparing Your Wool.

Get your wool ready. You are requested to bring your wool so that you can see the expert do the grading. If you cannot come it will be all right for you to send what you want graded and sold.

DO NOT WASH WOOL. Try to follow the following instructions:

Shear the sheep when the wool is absolutely dry, never when there is any moisture in the fleece.

The sheep should be shorn only on a smooth, dry surface, preferably a planed board flooring, never on the dirt.

Care should be taken to keep the fleece intact. Avoid second cuts, which reduce the average length of the staple.

Clip all locks from each fleece and pack separately. Never permit them to remain in the fleece.

Fleece should be prepared with the flesh side out, never he weather side. Fold, roll, or use fleece box for preparing the fleece.

Tie each fleece separately. Never tie two fleeces together, nor pack and market untied wool.

Use only enough twine to tie the fleece securely.

Paper or hard glazed surface twine should be used. Never use sisal or binder twine.

Never permit the fleece to come into contact with chaff, hay, dust, or any other foreign material.

Place the tied fleeces in regulation wool sacks or cover them with canvas or new burlap.

Select a clean dry place for storing the wool until sold. Never permit the wool to lie upon the ground nor store it in a basement.

Keep the white and the black wool separate. Never permit any of the black wool to be mixed with the white.

Keep the burry, seedy, cotted, dead, black, and gray fleeces apart from the clean, well-grown wool, and pack separately. Never pack all grades together indiscriminately.

See that the label on your paper is dated in advance, if you want the Press to continue coming to your home.
