

Macon County Summer School Will Open Monday, June 1, 1925

The County Summer School will continue for six weeks, closing Friday, July 10. Below is given a statement sent out by the State Department of Education at Raleigh showing who may enter, the credits to be obtained etc.

Requirements for Entrance

One must be eighteen years of age.

One must have completed four full years of high school work.

Those Who Should Attend

Prospective teachers who can meet the entrance requirements.

Holders of Provisional B, Provisional A and One-Year Temporary Certificates.

Although graduates of standard high schools may attend a County Summer School and receive certificate credit, it would be much better should they attend an approved summer school. This is especially true since one must have credit for two summer school units to secure the Elementary B Certificate.

Credits Offered

Credit for one summer school unit will raise the Provisional B to a Provisional A; the Provisional A to a One-Year Temporary, and will renew a One-Year Temporary for one year.

Applicants who secure academic credits by State examination may obtain the Elementary B Certificate upon receiving credit for one summer school unit.

Holders of Provisional Elementary Certificates with teaching experience may receive the Elementary B Certificate upon obtaining credit for one summer school unit.

Holders of Elementary Certificates Classes A and B, could receive renewal credit in a County Summer School, but it would be much better to attend an approved summer school.

In order that I may be in a position to know something of the number of applicants, I want all who expect to attend the summer school to write me within the next few days. Give me the name of the school in which you wish to teach.

I shall also be glad to hear from

any other county teacher who may wish to teach in the schools this coming term. M. D. BILLINGS, County Supt. Schools.

Good Friday Services

All the Ministers of Franklin will participate in a three hour devotional service on Good Friday at St. Agnes Episcopal church. The service will begin promptly at twelve o'clock noon, and end promptly at three o'clock P. M. These, as you know, are the hours our Lord was hanging upon the cross.

No one need stay the whole three hours. You can come quietly in and out when you feel like it, but lets all try to spend at least a few minutes with our Saviour during these three hours.

Holy Week and Good Friday bring the consumation of the life our Lord lived in the flesh. As we face these great truths we may well ask, "Why did it all happen." Why did He have to suffer and die, the just for the unjust? To these natural questions the Christian faith answers that God came to earth in the flesh in order that He might make Himself known as He had never been known before. In order to show that He is love He came Himself to show us the right path to the eternal joys of habitation with Him. He came in order to draw all mankind to Himself. "I, if I be lifted up will draw all men unto me."

May we all find time to watch with Him on Good Friday, then we can more surely rise with Him in His glorious resurrection on Easter Morning.

Services Easter Sunday will be a Celebration of the Holy Communion at eleven o'clock with Morning prayer and sermon, and the children's service at three o'clock in the afternoon. At this service the Rev. J. Q. Wallace will make an address to the children.

GROVER EDWARDS

Mr. Grover Edwards, a highly respected citizen of Highlands, died at a local hospital in Franklin last Sunday afternoon. Mr. Edwards had been in ill health for a number of years, recently he had seemed to be improving greatly. However, complications developed which, in spite of all medical science could do, resulted in his death.

Out Again, In Again

Two or three days after John Angel was released from jail sentence on a charge of hauling liquor he was arrested again on the same charge, and was released on bond. He was next arrested on the charge of alleged chicken stealing and again released on bond and bound over to Superior Court. Last Monday night John was again arrested for hauling liquor. The authorities are becoming the least bit impatient with John and it is estimated that his bond on the last charge will be all that a millionaire could desire.

R. H. STOBIE VISITS FRANKLIN

Mr. R. H. Stobie who has been spending some time in Asheville was a visitor to Franklin last Sunday. Mr. Stobie is a member of the well known and powerful financial firm of Peacock and Stobie of 80 Wall street, New York.

While here Mr. Stobie expressed delight with Franklin's location, its people, its climate and with the possibilities of its future. As a place for real estate investments he much prefers Franklin to any place in Florida. Mr. Stobie is firmly convinced that the man who now invests in Franklin real estate will get immense returns on his investment within the next few years.

So well pleased was Mr. Stobie with Franklin he has decided to spend a part of his vacation here during the coming summer.

POURING CONCRETE

Last Saturday the Wilson Construction Company poured 1300 feet of concrete on the Georgia road. In the first three days and a half more than 4000 feet of this road was completed. At this rate of progress the road from Otto to the line can be finished in less than 25 working days.

Sun's Radiant Energy.

If the radiant energy of the sun falling on the earth were wholly converted into mechanical energy, each individual's share would be sufficient to lift a weight of 3,300 pounds through a vertical distance of nearly 20 miles every minute of his life.

BRYSON CITY ROAD, 110 ACRES—Very attractive country home with 110 acres of beautiful land; large eight-room home, certain profit awaits the fortunate buyer. Terms can be arranged to suit purchaser.

HURST MOTOR COMPANY

Uncle Ed Tells 'Em About It

The young possum hits the trail at sunset—and gets pulled out of a persimmon tree by his caudal appendage.

But the old possum walks late.

Others have talked BARGAINS and MONSTER STOCKS. Uncle Ed has said nothing and sawed wood. He's been looking over the markets, buying where the prices were RIGHT, and getting together a bunch of REAL VALUES for his customers.

AND NOW HE'S READY TO DO BUSINESS!
