Mrs. Hurst Compliments Teachers of Franklin School

The Franklin teachers were paid a pretty courtesy last Thursday afternoon when Mrs. Earl Hurst entertained at a beautifully appointed party at her home on Harrison avenue in their honor.

The Hurst home was decorated with a profusion of dogwood and crab appl. blossoms carrying out a color scheme of white and pink. The center piece used in the dining room was formed of Narcissus and the color note was exhibited in the pink shades of lights which cast a soft pink color over the whole.

Mrs. A. J. Smith and Mrs. W. H. Crawford welcomed the guests at the door. Mrs. Hurst greeted her callers in the living room.

Mrs. Jess Conley presided at the punch bowl.

The guests were then invited into the dining room and served an ice course in which the color motif was further emphasized.

Mrs. John S. Trotter presided in the dining room and little Misses Ada Burnett Trotter and Catherine Franks in their dainty little party dresses served the guests in a graceful and easy manner.

About 75 called during the hours of 4 to 6 o'clock.

**THE CAR FOR THE MILLIONS**

If there are still doubters as to the power of the Star car we will be glad to make demonstrations. You can drive a Star down Palmer street to the foot of the hill near the depot, make the turn up Main street and drive to the business section of town in high gear. Let us show you that such is the case.

We doubt if there is another make of car that can equal this performance.

For comfort, power, durability and appearance the Star is in a class by itself.

Any type of tire furnished as factory equipment on Star cars.

Touring, delivered \$635.00. For \$25.00 extra any Star car will be equipped with balloon tires. For \$10.00 extra cord tires will be substituted for fabric or open models.

CITY GARAGE**What Advertising Did**

Produced the most famous animal in the world—the Victor dog; cured more corns, cleaned more teeth; sold more garters; cut more faces with safety razors; made more millionaires; made and ruined more reputations; saved more money than any other agency.

By means of advertising Wrigley has developed more jaw muscles than any living man. Through the papers Lydia has also spread the good news to the world.

Some advertisers are in the penitentiary—others getting rich—all have made names for themselves—none of them has suffered oblivion.

Which merchants are the most prosperous—the answer is easy.

TO THE VOTERS OF FRANKLIN

I want to express my appreciation of the confidence you showed in me by placing my name on the ticket for Alderman and ask you not to vote for me. I can't serve. Vote for a good man in my place. We need a good strong board.

Respectfully, W. W. SLOAN.

DILLSBORO ROAD

On the 5th of May, according to newspaper reports, the contract for the road from Franklin to Dillsboro will be let. This road is to be of concrete construction and it is understood that Macon and Jackson counties will be asked to help in the construction of this road.

Patrons of Frank T. Smith find no difficulty in getting prescriptions refilled. In 1908 a prescription was given to a Franklin man. In 1925 he had the prescription refilled at the drug store mentioned above. Dr. Smith evidently has an excellent filing system.

SPRING FEVER CURED

This is the time of year when you get up in the morning feeling bum, drowsy and unfit for a man-size job. You are mad with the world, and feel very much like a FRIZZLY CHICKEN looks. You need something to put vinegar in your craw, ginger in your heels, and pep in your brain. What will put it there better than a cup of STRONG CLEAR COFFEE. Strong coffee that enters your nostrils and seems to permeate your whole body. Clear coffee, not muddled by grounds too finely pulverized not thickened with bread crumbs, parched acorns, or other adulterations, commonly used in cheap coffees.

Housewives, tell your husbands to bring some of SLOAN'S BULK COFFEE. It's the real thing. Sales have increased steadily for two years. WHY?

Because it's good to the last drop.

Because it's fresh at all times.

Because it's pure coffee.

Because it's STEEL CUT (not pulverized by grinding).

Because less coffee gives the required strength.

Because it's only 40c per pound.

It's a sure cure for SPRING FEVER and it will put you so far ahead with your work that a weed will not see daylight in your garden or field during the entire summer.

IF NOT ALREADY A USER, TRY IT.

40c for every pound you don't like.

On Saturday, May 2, we will sell 10 pounds of Sugar for 70c with every Dollar's worth of Coffee.
