**The Court House**

The county commissioners have spent on the court house all the money which the aged condition of that building will justify. The building has been painted inside and out, the walls have been replastered and new plumbing installed. In fact the court house is now in a clean and sanitary condition. But will it remain so? That depends upon the citizens of the county. The commissioners cannot be expected to hire a full time janitor to keep the building clean. Only a little thought and care on the part of the citizens who have occasion to use the court house will result in its remaining clean. Of course those who spit tobacco juice on the floor at home cannot be expected to do otherwise at the court house. However, all citizens should remember that the court house is their building and they should therefore take pride in its condition. We feel quite sure that the average citizen appreciates the work the commissioners have done along this line to a sufficient extent to help in keeping the court house clean by treating the building as they would treat their own homes.

**How About It?**

Beautify the school grounds. In their present condition the grounds of the school building are the worst possible advertisement for Franklin.

As stated before, the linotype operator of the Press cannot be expected to decipher all scribbles sent in for publication. Where possible (those who wish articles published in the Press should type the copy.

Congratulations to the county commissioners on the improvements in the court house.

Now that we have a new city administration the citizens may be able to find out who is boss—the city fathers or the speeders!

There are still a few motor vehicles running with mufflers open.

Through an oversight the news article concerning the forestry meeting at the court house on May 1st was left out of the last issue. The Press regrets this error and is publishing the article in this issue.

We have a good telephone system and ONE good central operator.

**The Dillsboro Road**

It now appears that if we are to have a concrete road from Franklin to the Jackson county line at Cowee Gap the county will have to bear part of the expense. While this is to be regretted it will be much cheaper for the county in the long run to have a concrete road. A water bound macadam will last only three or four years at best. The county commissioners are fully alive to the importance of a concrete road to connect with the Georgia road and the citizens may trust them to look after the best interest of the county in this matter. We understand that the state wants Macon to contribute \$75,000 and Jackson \$125,000. It is to be hoped that Macon can see her way clear to meet this requirement. There seems to be some doubt as to the attitude of Jackson county in this connection.

**"I'LL TELL THE WORLD KARNAK HASN'T AN EQUAL"**

**James M. Tuggle, Of Atlanta Police Force, Joins The Great Army Now Praising Sensational Medicine.**

Everyone now seems to be praising Karnak, the sensational new medicine that is being sold here.

Patrolman James M. Tuggle, 21 Meldrim St., a popular and fearless member of the Atlanta Police Force for the past 18 years, says:

"I'll tell the world Karnak is the best medicine for stomach and kidney troubles I ever tried. It makes food digest perfectly and tones up the whole system.

"I suffered from indigestion most all my life, and frequently after meals had a hard, lumpy feeling in the pit of my stomach like a chunk of lead was lying there. I felt

nauseated, suffered from sick headaches, and was troubled a great deal with stiffness in my joints. My wrists and elbows ached just like toothache, and when I would sit down it would be hard for me to get up again.

"When a friend recommended Karnak to me I was only too glad to give it a trial. I could tell from the start it was helping me, so I continued right on. I now feel like a different person altogether. My food digests perfectly and I am not bothered with that lumpy feeling, headaches or indigestion.

"Karnak just seemed to work wonders with my kidneys and I am not bothered a bit with rheumatic pains any more. In fact, it just toned me up in every way.

Karnak is sold in Franklin exclusively by Franklin Pharmacy.
