How About It?

Beautify the school grounds.

Watch for the special edition of the Press on June 26th. It'll be a bummer.

The proper method of sewage disposal in Franklin is a question which deserves prompt and serious consideration.

The new municipal well is down to approximately 700 feet—and still no water in sufficient quantities to justify a pump.

The citizens of Franklin who live off Main street are paying interest on the sewer bonds but are getting little or no benefit from the sewage system. The sewers should be extended as soon as possible.

The Jackson County Journal complains that Sylva has no modern hotel where the citizens can stop the tourists "and get some pay for our good roars they are welcome to use." Franklin ought to do a little roaring itself along this line.

According to the state law no dog is allowed to run at large at night unaccompanied by the owner or some one authorized by him to have charge of the dog. In Franklin no effort has been made by the county or town authorities to enforce this law. A law is a law and is supposed to be enforced.

On May 18 the Charlotte Observer issued a special Progress and Prosperity edition covering every phase of activity in North Carolina and containing many articles of interest on South Carolina.

This edition had 252 pages. Ninety tons of news print paper were used. It required six special mail cars to carry the paper out of Charlotte.

Our only regret is that we can't take a week off to thoroughly digest the contents of this remarkable issue.

Legion and the Fourth

This year the local post of the American Legion will have charge of the Fourth of July celebration in Franklin. The Legion is putting forth every effort to make this the greatest Fourth in the history of Franklin. The expenses in connection with the celebration will amount to several hundred dollars and ways and means are being devised to meet these expenses. Entertainments to which admission will be charged is one of the plans. Lunch and soft drink stands will be another way to raise money to pay for the entertainment of the visitors and home folks.

Heretofore celebrations on the Fourth have been more or less unorganized. Individuals have set up lunch stands, etc., for what they could make for the day. We understand that certain men are already planning to do the same this year. If these men will give the matter a little thought we are sure that they will not bring their proposed plans to completion. The Legion has been working hard for months and is still working to make the Fourth a success. If there is any profit to be derived from the occasion every fair minded man will agree that these profits should go to the Legion. This is particularly true when it is realized that any profits that may accrue will be placed in the fund to be used to erect a memorial hall to those from the county who made the supreme sacrifice in the World War. Any man who will take advantage of the occasion to make a profit for himself that should rightfully go to the Legion is untrue to the heroic dead of Macon county.

The Public Library

The Library Association of Franklin established years ago one of the first public libraries in the state. This association has always been handicapped by lack of funds. Consequently there have been periods when the library was open only one day of each week and periods of weeks when it remained entirely closed.

During the summer season a library in any town is almost a necessity. Therefore some arrangements should be made by which our public library

can be kept open in the afternoons. As the library association has no funds to pay a librarian we suggest that the town investigate the advisability of taking over the library and making a small appropriation for its maintenance during the summer months at least.

We understand that there is a trained librarian in town and that the library association will probably be willing to turn the library over to the municipality provided a suitable person is employed to care for the books.

This matter is at least worth the investigation of the town board.

SPECTACULAR, EPIC PICTURE OF
THE OLDEN, GOLDEN WEST OF
TEXAS CATTLE RANGES**

A companion picture to "The Covered Wagon" and another great triumph of the Idle Hour Theatre.

Across a thousand miles of dangerous, unblazed trail—travels the greatest caravan of history.

Fording turbulent rivers, fighting fierce stampedes of the maddened longhorns, resisting furious Indian attacks and desperate outlaws. And finally struggling through to glorious victory.

A Romance of the Pioneers and the Terrors and Bravery of the Texas Cattle Trail. A Glorious Girl of the West is the first to lead her Ranchers and Cattle from Texas to "North of 36."

The Epic Drama of America—the greatest American Romance since "The Covered Wagon."

Never such thrills—

The stampede of thousands of longhorn cattle—

The Indian attack on the Cowboy escort—

The Charge of the U. S. Cavalry—

The Fording of the raging Red river—

The Glorious story of the first great Texas cattle rive.
