Solution will appear in next issue.

Last Saturday on the lawn of the residence next to the Citizens Bank Misses Adelaide Barnard, Mary Louise Porter, Kate Baird, Elizabeth Barnard and Margaret Cunningham, all members of the Leona Lyle Missionary society, sold sandwiches, candy and soft drinks, the proceeds going to missions.

Burningtown News

Mr. Arrendale, the county agent, met with a large crowd of Burningtown citizens Friday night, Sept. 25, for the purpose of organizing a Community Club.

A short program which every one seemed to enjoy, was given by the Oak Dale and Burningtown schools. After the program Mr. Arrendale was appointed temporary chairman and the organization was carried out and plans were laid for future work. The efforts of the citizens show that a community spirit is being awakened and we believe that some real work will be done.

Miss Francis Parrish who is teaching at Pine Grove was at home this week end.

Mrs. Jacob Yonce was thrown from a horse Saturday morning and seriously hurt. We hope she will soon recover.

Mrs. Joseph Morgan was visiting her daughter, Mrs. Austin Welch, who is sick.

Mrs. Tom Drinnon was visiting her neighbors on upper Burningtown Sunday.

The Box Supper at the school house Saturday night was a complete success. Every community for miles around was represented and the boys were very generous with their money the proceeds being \$48.14.

Mr. and Mrs. Bryan Ray, of Charlotte passed through this section one day last week.

Mr. Vester Smith and family have moved into this settlement. We extend a hearty welcome.

Misses Juanita Yonce and Ethel Teague who have been at Franklin are now at home.

Mr. Earlie Daves who has been working at Smokemont, N. C., is visiting relatives here.

The first meeting of the 1925 MacDowell Club was called to order by the new president, Miss Margaret Rogers, at the home of Mrs. Dick Hudson on September 16th. The chairman of the program committee had the year book ready for distribution, and the club is looking forward to a very interesting and successful year's work.

The regular musical program will be resumed at the next meeting, which will be September 30th, at the home of Mrs. W. M. Smith, Mrs. Gilmer Jones leading.

Agriculture and Its Greatest Needs in Macon County

Farm Facts

Total acres in farms, 174,745.
 Acres cultivated by owners, 29,915.
 Acres cultivated by tenants, 6,697.
 Farms operated by owners, 1,484.
 Farms operated by tenants, 450.
 Total number of farms, 1,934.
 Acres lying out idle, 9,352.
 Average size of farm, 90.30.
 Acres cultivated per farm, 14.20.
 Acres lying out idle per farm, 4.80.

Crop Facts

Acres in corn, 13,892.
 Acres in wheat, 2,906.
 Acres in oats, 758.
 Acres cowpeas and soybeans for seed, 610.
 Acres in legumes for hay, 1,469.
 Acres in grasses for hay, 3,180.
 Acres in Irish Potatoes, 622.
 Acres in sweet potatoes, 152.
 Acres in field truck, 509.
 Fruit trees of bearing age, 86,847.
 Tons commercial fertilizer used, 1,127.

Tons used per farm, 508.
 Cows of milking age, 3,463.
 Cows per farm, 1.70.
 Sows of breeding age, 887.
 Sows per farm, 40.
 Hens of laying age, 30,229.
 Hens per farm, 15.60.
 Horses and mules, 2,355.
 Work animals per farm, 1.20.
 Editor's Note: It is interesting to note that only 20 per cent of the farms in Macon county are operated by tenants. In many counties of the State more than 80 per cent of the farms are operated by renters. While this speaks well for the county the above statistics also show certain conditions that can well be improved. For instance the farms average only 1.7 cows per farm. In a county so well suited for dairying this number should be doubled at least. Our farms do not average one sow per farm. At the present price of pigs two brood sows per farm would pay well. There are only 15 hens per farm when there should be one hundred. There should likewise be many more fruit trees in Macon.

The editor has no desire to appear in the light of an advisor to the farmers. The above are merely suggestions to be taken into consideration.

Marriage License

Following marriage licenses have been issued since August 19:

Mr. Gilmer Setser and Miss Nina Ray.

Mr. W. L. Bingham and Miss Willie Mae Thomas.

Mr. Dave Passmore and Miss Etta Dills.

Mr. Homer Passmore and Miss Azalee Mason.

Mr. M. E. Dills and Miss Maud Passmore.

Mr. Carl Peek and Miss Clista Shook.

Mr. Irvin L. Easton and Miss Carolyn Sloan.

An Assistant County Agent For Macon County

Mr. Arts, who has been Assistant County Agent in Henderson county during July, August and September is expected to reach here early in October to assist County Agent Arrendale during the remainder of this year. Mr. Arts comes well recommended and we are looking forward to the work that these two men will get done with poultry, dairying, home orchards and other problems.

Terrace Closes

The Franklin Terrace, one of Franklin's most popular summer hotels, closed for the season Wednesday. Quite a number of guests who spend their summers at the Terrace left for their homes on Wednesday. The popular Willis family who own and run the Terrace will leave today for Crystal River, Fla., where they will have charge of the Dixon House during the winter. The closing of the Terrace breaks up Judge Willis' organization for this year.

Estate HEATROLA

UPSTAIRS, DOWNSTAIRS, IN MY LADY'S CHAMBER

—yes, even the back bedroom is comfy with Heatrola

WHEN the children grew big enough to have a room of their own they were given the back bedroom. For thanks to Heatrola, even that room was comfy and cozy—no matter how cold it got outside.

A single Heatrola, installed in a downstairs room, keeps every room in the house warm—upstairs and down. Distant corners that mother used to shut off during the winter months are now as comfortable as the room in which the Heatrola stands.

And yet the Heatrola uses no more coal to heat a whole house than a stove takes to heat one room.

Heatrola is as cleanly in operation as it is easy to keep clean. No dust, no dirt can get into the house—its patented construction prevents that.

Mother is proud of the appearance of her Heatrola, too—with its vitreous enamel finish, smooth as glass and lasting. For it looks like a handsome mahogany cabinet—and needs no polishing or shining. All she has to do is wipe it off with a dust cloth.

Come in and see the Heatrola—let us demonstrate its many wonderful features.

FRANKLIN HARDWARE CO.

There's Only ONE Heatrola —ESTATE Builds It.
