

Personal Mention.

Legislative Reference Librarian H. M. London, of Raleigh, has recently compiled and published a very useful synopsis of the game laws in the various counties. Local game laws were amended or changed in 60 of the 100 counties of the state by the last legislature, so that up to this time it has been almost impossible to know just what changes were made. The booklet can be obtained free on application.

Hugh Awtry, son of Judge and Mrs. John Awtry, who has spent the past year in Europe pursuing his studies in the French language, arrived at home last Wednesday, having come over from Southampton on the Leviathan.

Hugh spent the greater portion of the year in France, but also visited Switzerland, Germany, Belgium and England. He left Saturday for Macon, Georgia, to take up his duties on the French faculty at Mercer University.

Mr. Fred Higdon's coupe was recently removed without his consent from where it was parked in front of Mr. Higdon's home. It is understood that this car was located a few days ago at the bottom of a steep declivity in the Persimmon section of Georgia.

Mr. Fred Jacobs spoke a few angry words to Mr. Joe Ashear last Sunday. Mr. Jacobs' brother quieted the young man before anything serious happened.

Mr. Fred Kimzey is building him a new residence on Cartoogechaye where his old home burned sometime ago. Fred's friends are wondering what need he has for a house.

Investigate Our Partial Payment Plan for Painting

If your home needs painting or decorating don't put it off because you haven't the ready money.

Responsible property owners can make arrangements with us to use our new Partial Payment Plan. A down payment of twenty per cent is required when the job is completed—the balance is paid out of income in ten monthly instalments.

Check up now on your needs—we are prepared to do everything in the line of painting and decorating, using Carter pure White Lead, pure oils, colors, varnishes, etc.

An estimate on your work will be given cheerfully. Call us.

Paint Pays Dividends—

Keep your property well painted if you want it to last you. Don't allow deterioration and decay to get in their ravaging work. Keep it looking spick and span by keeping it painted.

Home Orchards

Macon county has almost an ideal soil and climate for many necessary and wholesome fruits. Some health expert has aptly said that "An apple a day will keep the doctor away." The same might be said of many other fruits that can easily be grown in Macon county.

Many things are done on a big scale by "campaigns" and "drives." Why not give our assistance and support to our county agent in a "Home Orchard Campaign?" All that have thought about the matter will agree that the average family does not use enough fruit at all seasons of the year. With fruit trees and vines selling at very reasonable prices, there should be growing on every farm a few varieties of each of the following fruits that have been selected to ripen in succession: apples, peaches, plums, pears, cherries, grapes, raspberries, dewberries, blackberries and strawberries.

As the trees and vines in these home orchards increase in size and age there should be a surplus for sale that should bring very good prices. When our proposed roads and highways are finished there is expected an ever increasing number of tourists that will come to this county to enjoy our wonderful climate. They must be fed and will expect to pay good prices for what they get.

When the National Park is opened, and no doubt it will be, there will be a constant stream of people from Georgia, Florida and other southern states passing through Macon county on their way to and from the park. When roads are built through the park connecting us with Knoxville there will be thousands of northern tourists that will come or go through the park on their way to or from Florida. The direct route will be through Macon county.

We all know that our soil and climate enables us to produce a very fine quality of apples.

As an example of what can be done with peaches we wish to call your attention to what has been done in Macon county this year. Mr. C. H. McClure sold 534 bushels of peaches for \$534.00 at the orchard and the buyers did most of the gathering. Fifty-five seven year Elberta trees produced 240 bushels that sold for \$1.00 per bushel. An acre of land will grow 134 peach trees planted 18 feet apart.

Recently Mr. Noah Jollay sold over \$200.00 worth of peaches from a few old trees that had not had special care.

Most of the peaches sold in our southern cities at this season of the year are shipped here from California. Had Mr. Jollay's peaches been properly sprayed they should have sold as well as California peaches. If we do not have enough surplus to make shipments we can at least grow enough to supply the home needs. The men working on the Georgia road a few weeks ago counted twenty-five cars and trucks coming from Georgia with peaches. This money could have been kept in Macon county had we been planting and caring for peach trees as we should.

Below is a list of the different kinds of fruit that can be successfully grown in Macon county. This list was prepared by County Agent Arrandale assisted by the Experiment Station and Extension Specialist in Horticulture. This should give the farmers some good suggestions on kinds and varieties.

Table with columns: Variety, Probable Date of Ripening. Lists various fruits like Apples, Peaches, Pears, Plums, Cherries, Grapes, Strawberries, Raspberries with their ripening dates.

Miss Green Dies

Miss Vera Green died September 24th at the home of her father, Mr. Rufe Green, in the western section of Franklin. In recent weeks she had had two operations from which she seemed to rally. Finally she became afflicted with pellagra which caused her death.

Miss Green was born in Franklin 27 years ago and was a devout member of the Baptist church.

Besides hundreds of close personal friends she leaves two brothers, a twin sister, her father and step-mother to mourn her passing.

The remains were buried at the Holy Springs cemetery last Saturday afternoon, Rev. A. J. Smith officiating.

Free Moving Pictures

County Agent Arrandale has arranged to have Free Moving Pictures on Agricultural Subjects in Macon county on the following dates: Pine Grove Oct. 12th 7 P. M. Higdonville Oct. 13th 7 P. M. Holly Springs Oct. 14th 7 P. M. Burningtown Oct. 15th 7 P. M. Slagle Oct. 16th 7 P. M. Academy Oct. 17th 7 P. M. The films and machine are furnished by the U. S. Department of Agriculture and the Extension Service. The power and lights are furnished by the Swan Electric Co., with a Delco System.

New Law Firm

Franklin now has a new law firm consisting of Attorneys A. W. Horn, G. B. Jatten and C. C. Poindexter. With Mr. Horn to direct the natural genius of his two young partners the new firm is destined to succeed in a very full measure.

Shower for Bride Elect

On September 24 friends of Miss Carolyn Sloan, whose approaching marriage to Mr. Easton has been announced, gave her a delightful linen shower, at which many beautiful and useful gifts were in evidence.

Mr. Harry McConnell, son of Mr. and Mrs. W. W. McConnell, has returned to Arden to enter Christ School. His many young friends in Franklin will miss Harry very much.

Hall's Catarrh Medicine

will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.

Deals in Franklin

Mr. S. R. Joines has purchased the home of Mr. W. C. Cunningham on Palmer street.

Mr. W. C. Cunningham has purchased the beautiful residence of Mr. Dick Hudson on West Main.

Mr. Dick Hudson has traded for Mark Dowdle's old home on the Georgia road near the city limits.

Mr. Henry Curtis of Sylva was a visitor to Franklin Monday.

Robinson-Womack

Miss Carrie Robinson of Andrews, daughter of Mr. and Mrs. P. L. Robinson, was married at her home on September 26th to Mr. Lyman Womack of Franklin. The happy bride and groom will make their future home at Murphy where Mr. Womack has leased a large machine shop and garage.

The best wishes of the Press go with this popular couple to their new home.

It Heats and Ventilates

Here is a wonderful new heater—the Sunbeam Cabinet Heater—that will heat five to seven rooms, healthfully ventilate them at the same time, and circulate fresh, warm air into every part of your home. It keeps the air in constant motion—always changing—always fresh and pure.

This heater will give you more heat than two or three stoves, with less fuel. It burns either hard or soft coal or wood. It is attractively designed and takes up but little space. It is clean and easy to operate—just the kind of heating plant you have been looking for. Come in today or ask us to send descriptive literature.

Firestone Double the Mileage at Half the Cost

Only a few years ago a 32 x 4 cord tire listed over \$50.00. Today, you can buy the highest quality 32 x 4 tire—a Firestone Gum-Dipped Cord—for about \$26.00.

Last spring crude rubber cost tire makers around 40 cents a pound. Today, it is over 90 cents a pound.

It was not so long ago that 7,500 miles represented the average life of a cord tire, while today, 15,000 miles—and more—is only the usual performance for a Firestone Gum-Dipped Cord.

Due to large, concentrated production, specialized machinery and simplified factory methods, together with economical distribution, Firestone is able to keep tire prices low—no matter where the price of crude rubber goes.

And, because of special Firestone processes, chief among which is Gum-Dipping, motorists are today getting thousands of extra

miles by using Gum-Dipped Cords.

Gum-Dipping is an exclusive method used by Firestone. It is an extra process, carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring machines. Gum-Dipping insulates and impregnates every fiber of every cord with rubber, and practically eliminates internal friction and heat, and builds strength and endurance into the tire.

In the day-in and day-out service of taxicabs, buses and trucks—on the cars of hundreds of thousands of motorists everywhere—Gum-Dipped Cords are giving unheard-of mileage, dependability and satisfaction.

Get ready for the coming months of slippery pavements and bad roads. Assure yourself of greater safety, comfort and economy by equipping now with Firestone Full-Size Gum-Dipped Balloons.
