

Physically Strong, Mentally Awake and Morally Straight

The Obligation taken by each joining Boy Scout merits the careful consideration of every adult citizen—"On my honor I will do my best to do my duty to God and my Country, to obey the Scout law, to help other people at all times, to keep myself physically strong, mentally awake and morally straight."

The boy who honestly tries to live up to this Obligation is an outstanding asset to any community. In such is our hope of a future citizenship of which we may be justly proud.

But boys, and grown-ups too, need clean physical and mental recreation to keep in top condition for the more serious things of life.

This recreation is what the FRANKLIN FURNITURE COMPANY is today offering. Below is a partial list of the toys, outdoor and indoor games, and other amusement features now in stock at our store. As complete a line was never before shown in Macon County. Buy now for Christmas before this WONDERFUL LIST OF TOYS AND GAMES has been picked over.
